Ten Reasons Your Novel is Rejected Lois Winston, 2012-11 Over the years Lois Winston has given workshops and talks to several thousand aspiring writers As a literary agent she's listened to hundreds of pitches and read through tens of thousands of query letters and manuscript submissions Being both a published author and a literary agent gives her a unique perspective on publishing She knows what it's like to be the writer whose only desire is to sell a novel and she knows what it's like to have to crush someone's hopes with a rejection letter It wasn't until she started sending out those rejection letters that she began to have a better understanding of why so many writers receive them What she's come to realize is that most manuscripts are rejected by agents and editors for one or more of ten basic reasons Writers have control over some of these reasons but not all of them This book will discuss these ten reasons and how writers can control more of their destiny by not falling prey to them Whether your goal is to be published by a legacy publishing house or you plan to self publish this book contains invaluable information about self editing grammar punctuation point of view telling vs showing passive vs active writing dialogue narrative voice style hooks query letters and synopsis writing Key words writing research authorship grammar punctuation editing proofreading composition creative writing publishing books writing skills
