The Turn to Process Kunal M. Parker, 2023-11-16 In The Turn to Process Kunal M Parker explores the massive reorientation of American legal political and economic thinking between 1870 and 1970 Over this period American conceptions of law democracy and markets went from being oriented around truths ends and foundations to being oriented around methods processes and techniques No longer viewed as founded in justice and morality law became a way of doing things centered around legal procedure Shedding its foundations in the people democracy became a technique of governance consisting of an endless process of interacting groups Liberating themselves from the truths of labor markets and market actors became intellectual and political techniques without necessary grounding in the reality of human behavior Contrasting nineteenth and twentieth century legal political and economic thought this book situates this transformation in the philosophical crisis of modernism

Meri's Turn in Time Kathleen Ann Emmett, 2023-01-24 Meri grew up under the wide Montana sky on a small farm near the Canadian border milking cows feeding chickens and listening to her brother s tales of the stars and starlore But as graduation loomed near she began to regard the figures on the celestial carousel with the sentimentality of a forgotten toy and became increasingly uneasy with her expected entry into a university She had too many questions questions that sitting in a classroom wouldn t answer She needed to find some solid truths truths she could pound against and they wouldn t crumble She was determined to seek them out Leaving for the west coast Meri and her best friend Christine end up moving in with Rex an old environmental warrior who takes them to an old growth forest shares the tools of activism and to Meri s surprise aspires to the same mindset of putting all on the line for a meaningful life Soon she finds work at a state agency starts taking classes and joins protests But she s still strangely comforted when glancing up she makes out familiar figures in that ancient ring of myths encircling the earth She imagines that as ancient sky watchers mapped the path of the sun in the night sky they wove tales of their movements and their own lore into the stars And as she begins to relate to the tales of guardianship and farming balance and wildlife and so many others she begins to find a true purpose and a path for this her turn in time
