Carzaniga, 2003-06-06 The WTO is today dealing with an issue that lies at the interface of two major challenges the world faces trade liberalization and international migration Greater freedom for the temporary movement of individual service suppliers is being negotiated under the General Agreement on Trade in Services GATS Conditions in many developed economies ranging from aging populations to shortages of skilled labor suggest that this may be a propitious time to put labor mobility squarely on the negotiating agenda Yet there is limited awareness of how the GATS mechanism can be used to foster liber Internationalising Japan Jeremy Broaden, Stacey Steele, Carolyn S. Stevens, 2014-04-24 In the twenty first century the concept of internationalisation remains a crucial tool for understanding the dynamics of globalising processes It draws attention to the dimensions of conscious action in inter and trans national phenomena connecting globalisation with individuals experience of everyday life This book explores how internationalisation is imagined discussed and operationalised in Japan and surrounding countries The chapters focus on educational leisure and cultural activities fields which are often overlooked in favour of economic and political developments in the literature The conclusion reflects on the concept of internationalisation and assesses how it is likely to develop in Japan in future taking into account the impact of the Great East Japan Earthquake of 2011 Australia's playground and health resort Tasmania, 1914 **Population, Migration and Settlement in Australia and the Asia-Pacific** Natascha Klocker, Olivia Dun, 2018-12-07 The chapters in this book reflect on the work of seminal Australian geographer the late Professor Graeme Hugo Graeme Hugo was widely respected because of his impressive contributions to scholarship and policy in the fields of migration population and development which spanned several decades This collection of works contains contributions from authors whose own research has been influenced by Hugo and includes numerous authors who worked closely with Hugo throughout his career The collection provides an opportunity to reflect on Hugo s legacy and also to foreground contemporary scholarship in his key areas of research focus The chapters are organised into two thematic threads Part I contains works relating to Population Migration and Settlement in Australia while Part II focuses on Labour and Environmental Migration in the Asia Pacific Together these two thematic threads provide broad coverage of Graeme Hugo s key areas of research focus The chapters also serve as a reminder of Hugo s steadfast concern with producing careful scholarship for the public good and seek to prompt continued work in this vein

The chapters originally published in special issues in Australian Geographer *Migration and Refugee Law* John Vrachnas, Mirko Bagaric, Penny Dimopoulos, Athula Pathinayake, 2011-09-30 *Migration and Refugee Law Principles and Practice in Australia* is a comprehensive overview of the legal principles governing the entry of people into Australia This fully revised third edition provides an accessible analysis of the theory and practice of this complex and controversial area of the law It considers the social and political context of migration and refugee law in devising innovative policies aimed at creating an equitable and rational immigration system *Migration and Refugee Law Principles and Practice in Australia* combines an astute consideration of theory with the creation of practical policy solutions and is therefore an essential resource for migration lawyers and agents government employees students judicial officers and policymakers *After Work* Shiori Shakuto, 2025-01-07 An ethnography of silver backpackers that offers a feminist perspective on what makes a good retirement in contemporary societies The moniker silver backpackers refers to Japanese couples who in their mid fifties to seventies move to Malaysia to enjoy their retirement Recent scholarship on Japan has revealed how the gendered division of labor impacts the lives of middle class workers and their families But how do cultural values live on or change when these professionals retire from work move on from identities built through salaried careers and embark on a new phase of life *After Work* takes up this question to focus on what comes after work and in the process expands our understanding of aging gender migration and the future of work Based on fifteen months of fieldwork in Kuala Lumpur and employing a transnational feminist framework *After Work* investigates moments of difference in the experiences of older women and men to examine patriarchal conversations that dominate ideas about contemporary retirement Shiori Shakuto argues that anxiety around self and belonging in retirement are instigated by the capitalist labor regime and the discourse of successful aging both of which devalue nonremunerated activities conducted at home What is needed instead she contends is a re valuation of key domestic activities from caring for children to pursuing individual hobbies so that life can be appreciated in its entirety Shakuto also takes into account the fact that this transnational retirement is set in Malaysia a nation that Japan occupied during World War II and thereafter subject to decades of economic investment and resource exploitation by Japanese corporations Highlighting how historical cultural and racialized complexities entangle with intimate relations in increasingly connected Asian countries while simultaneously acknowledging how the boundaries between work and life blur ever more in contemporary society *After Work* complicates our perceptions of aging and a good retirement as well as our understandings of gender migration and the future of work as we know it **Australia Oil, Gas Resources and Exploration Handbook Volume 3 South Australia - Strategic Information and Regulations** IBP, Inc., 2013 *Australia Oil Gas Resources Handbook Volume 3 Eastern Territories* **Australia's Pursuit of an Independent Foreign Policy under the Whitlam Labor Government** Changwei Chen, 2023-08-11 Examining a series of episodes in Australia's foreign relations under Whitlam the author pays attention to a broad range of hitherto insufficiently researched domestic and international issues in

Australian s foreign relations of the early 1970s The election of the Whitlam led Labor Government in December 1972 ushered in fresh ideas and audacious initiatives in Australia s foreign policy Whitlam s approach was shaped by a vision of taking Australia forward to its rightful and independent place in the future of the Asia Pacific region They range from immigration policy and the abolition of appeals from Australian Courts to the Privy Council to such major international issues as the Anglo American base in Diego Garcia French nuclear testing in the Pacific and the Five Power Agreement with respect to Malaysia and Singapore He demonstrates how the pursuit of foreign policy independence repeatedly placed the Whitlam Government in a position wedged in between Australia s traditional allies and the Third World and how it navigated Australia s national interests on a series of dilemma situations involving conflicting strategic interests between Australia and its traditional allies and those between major powers and the non aligned countries The analysis presented in this book contributes to not only historical literature on the subject but also the understanding of how a middle power like Australia can navigate intensifying great power rivalry Essential reading for scholars of Australian foreign policy as well as being an invaluable case study of middle power diplomacy in the Asia Pacific region
