The Longest Night Gavin Mortimer, 2006-10-03 An emotionally stirring account of the single most devastating attack on London during the Blitz A captivating and important contribution History that reads like a novel Kirkus The untold story of the massive bombing raid that almost brought Britain to military collapse The Longest Night reveals just how close the Luftwaffe came to total victory On the night of May 10 1941 Nazi Germany sent some five hundred aircraft to drop more than seven hundred tons of explosives on London This vivid dramatically told account depicts how fate shifted based on Hitler's mistaken belief that he'd actually lost the air war over Britain and portrays the unsurpassed we can take it bravery of the British people when they'd been pushed beyond all human endurance An excellent book Gavin Mortimer has interviewed scores of survivors for his gripping narrative Andrew Roberts The Wall Street Journal *Securitizing Islam* Stuart Croft, 2012-02-09 Securitizing Islam shows how views of Muslims have changed in Britain since 9/11 following debates over terrorism identity and multiculturalism **Bomb Disposal in World War Two** Chris Ransted, 2018-01-30 For this book Chris Ransted has researched some of the lesser known events and personalities relating to the early years of Explosive Ordnance Disposal in the UK Daring acts of cold blooded bravery and ingenuity in the face of life threatening technical challenges are recounted throughout the book Included are numerous previously unpublished accounts and photographs that describe the disarming of German bombs parachute mines and even allied bombs found at aircraft crash sites In addition the book contains the most comprehensive account ever published of the Home Guards role with the Auxiliary Bomb Disposal Units and details of conscientious objectors involvement with unexploded bombs This is not only a valuable research tool for serious researchers already well read on the subject but also a fascinating read for those with no previous knowledge of wartime bomb disposal at all and of course a must read for anyone interested in the subject *The Temple Church in London* Robin Griffith-Jones, David Park, 2010 Founded as the main church of the Knights Templar in England at their New Temple in London the Temple Church is historically and architecturally one of the most important medieval buildings in England Its round nave modelled on the Holy Sepulchre in Jerusalem is extraordinarily ambitious combining lavish Romanesque sculpture with some of the earliest Gothic architectural features in any English building of its period It holds one of the most famous series of medieval effigies in the country The luminous thirteenth century choir intended for the burial of Henry III is of exceptional beauty Major developments in the post medieval period include the reordering of the church in the 1680s by Sir Christopher Wren and a substantial restoration programme in the early 1840s Despite its extraordinary importance however it has until now attracted little scholarly or critical attention a gap which is remedied by this volume It considers the New Temple as a whole in the middle ages and all aspects of the church itself from its foundation in the twelfth century to its war time damage in the twentieth Richly illustrated with numerous black and white and colour plates it makes full use of the exceptional range and quality of the antiquarian material available for study including drawings

photographs and plaster casts Contributors Robin Griffith Jones Virginia Jansen Philip Lankester Helen Nicholson David Park Rosemary Sweet William Whyte Christopher Wilson *Do You Think That's Wise?* Graham McCann, 2010-09-25 Best known for Dad's Army in which his Sergeant Wilson played the languid rakish foil to Arthur Lowe's pompous chippy Captain Mainwaring John Le Mesurier was one of Britain's favourite and most recognisable character actors The epitome of insouciance and languor on screen in real life this charming quietly spoken bon viveur was plagued by private turmoil and heartbreak Married three times he saw his first wife succumb to alcoholism his second the comedy diva Hattie Jacques move her lover into the family home and his third enjoy a passionate dalliance with troubled comic Tony Hancock As Graham McCann reveals in this fully authorised and moving biography as an actor John Le Mesurier was a key ingredient in the success of Britain's greatest sitcom but as a man he was far more courageous than Sergeant Wilson was ever meant to be

The Long Decade Christopher David Jenkins, Amanda Jacobsen, Anders Henriksen, 2014 The terrorist attacks of 9/11 precipitated significant legal changes over the ensuing ten years a long decade that saw both domestic and international legal systems evolve in reaction to the seemingly permanent threat of international terrorism At the same time globalization produced worldwide insecurity that weakened the nation state's ability to monopolize violence and assure safety for its people The Long Decade How 9/11 Changed the Law contains contributions by international legal scholars who critically reflect on how the terrorist attacks of 9/11 precipitated these legal changes This book examines how the uncertainties of the long decade made fear a political and legal force challenged national constitutional orders altered fundamental assumptions about the rule of law and ultimately raised questions about how democracy and human rights can cope with competing security pressures while considering the complex process of crafting anti terrorism measures *Dear Helen* Betty M. Swallow, Helen Bradley, 2009 In letters written between 1937 and 1950 to her American pen pal a working class Londoner offers accounts of the Blitz and of wartime deprivations and postwar austerity interweaving descriptions of terror with talk about theater clothes and family outings providing a unique view of daily life during World War II Provided by publisher

The Wigwam Murder M.J. Trow, 2023-08-17 Nobody expected a corpse in the tranquil Surrey countryside near Godalming even though there was a war on and tanks churned the soil on maneuvers The body belonged to 19 year old Joan Pearl Wolfe a sweet convent educated girl who according to her own mother had gone bad It was 1942 and England was swarming with British Canadian and American troops building up to what would become D Day two years later The Surrey police over stretched as all forces were during the war called in Scotland Yard the experts in the form of Superintendent Ted Greeno one of the most famous and formidable detectives of his day One of the Surrey detectives recognized the dead girl's dress he had seen it on its owner weeks earlier and from that the body's identity came to light Joan was a camp follower with a string of men interested in her but her latest beau was the M's Canadian August Sangret He had slipped out to live with Joan in woods near to the camp and had built shacks wigwams as temporary homes Charged with her murder he gave the longest

statement ever made to the police seventeen pages of it and Keith Simpson the Home Office pathologist became the first to produce a human skull in court The distinctive wounds inflicted by Sangret s knife convinced the jury of his guilt and he was hanged by Albert Pierrepoint in Wandsworth gaol An open and shut case Far from it For all the brilliance of forensic science and the dogged work of the police the jury should still be out on August Sangret As the judge said in his summing up there is no blood on this man

Besieged J. Bowyer Bell, 2017-09-29 J Bowyer Bell's Beseiged is built on the premise that as long as men have constructed walls other men have tried to scale them From ancient Jericho and Joshua's trumpet to London and the onslaught of the Luftwaffe people have always devised cunning weapons with all the skills at their command to breach such barriers and invade the camps and fortified places of their enemies Beseiged is the story of seven great modern sieges Madrid in the Spanish Civil War London Warsaw Singapore and Stalingrad in World War II Berlin during the Post World War II Airlift and Jerusalem under Arab attack from four sides in 1947 Bell a veteran historian describes in detail the actual battles involved clearly demonstrating the universality of sieges and siegecraft and showing that all these beleaguered places have things in common and obey certain basic laws or principles Bell points out commonalities showing for example though no bullets were fired during the Berlin Airlift the city itself was as much under siege as was Warsaw where the Polish Underground fought a fierce but hopeless battle against Hitler's Wehrmacht By the same token Bell shows though no German infantry ever came close to London it was nonetheless besieged by aerial squadrons just as surely as Stalingrad was by both German and Russian ground forces The histories of these sieges are ones of heroism and cowardice meticulous

planning and incredible blunders all of which can be studied and used even currently in similar situations in either defending or piercing the defenses of a location in times of unrest or war Beseiged is a must read for those interested in modern conflict pondering the enigma of human endeavor in wall building and breaking involved in siegecraft A must read for everyone from military strategist aficionados and historians to science and technology buffs If it is to be believed the danger of not knowing history is the possibility of unknowingly repeating it then Beseiged should appear on all required reading lists

haunting lyrical portrayal of a life half led Set in mythical Falls North Carolina this mysterious and compelling tale maps the lifelong eroticized friendship between two married men When Doc Roper the town s beloved physician announces he is retiring from practice to carve exquisite duck decoys he triggers an epidemic of catastrophes His dependent patient and next door neighbor Bill Mabry feels cut loose Then the close knit town is devastated by a flood of near biblical proportions Working inexorably to an unexpected moment of catharsis Dwight Garner New York Times Decoy already emerging as an essential work of American literature charts the tender border between life and death The Long Life Helen Small,2010-09-16 The Long Life invites the reader to range widely from the writings of Plato through to recent philosophical work by Derek Parfit Bernard Williams and others and from Shakespeare s King Lear through works by Thomas Mann Balzac Dickens Beckett Stevie Smith Philip Larkin to more recent writing by Saul Bellow Philip Roth and J M Coetzee Helen Small argues that if we want to understand old age we have to think more fundamentally about what it means to be a person to have a life to have or lead a good life to be part of a just society What did Plato mean when he suggested that old age was the best place from which to practice philosophy or Thomas Mann when he defined old age as the best time to be a writer and were they right If we think as Aristotle did that a good life requires the active pursuit of virtue how will our view of later life be affected If we think that lives and persons are unified much as stories are said to be unified how will our thinking about old age differ from that of someone who thinks that lives and or persons can be strongly discontinuous In a just society what constitutes a fair distribution of limited resources between the young and the old How if at all should recent developments in the theory of evolutionary senescence alter our thinking about what it means to grow old This is a groundbreaking book deep as well as broad and likely to alter the way in which we talk about one of the great social concerns of our time the growing numbers of those living to be old and the growing proportion of the old to the young The Fitzroy Sally Fiber,Clive Powell-Williams,1995
