Longing For Love:

Longing for Love Justice Saint Rain, 2013-02 The problem with most relationship guides is that they assume that we are rational people and then give us rational advice as to how to attract another rational person But we aren't rational If we were life would be much easier but our behavior doesn't often proceed from our logical minds no matter how much we may want to believe that it does This is book three in the series Love Lust and the Longing for God In the first book of this series The Secret of Emotions I explain that emotions are sensations that tell us about the attributes of God or virtues that we experience in our environment and that love in particular is an attraction to these virtues An understanding of these two ideas especially the second is critical to any attempt to find true love and have healthy relationships The goal of this third book is to expand our ability to recognize and become attracted to virtues so that we fall in love with people who are ready to have healthy nurturing relationships We will take a look at what these ideas look like when applied to finding and building healthy relationships in the real world How does our understanding of the relationship between emotions and virtues help us find healthy people to be friends with How does understanding the difference between love and lust change the way we enter into sexual relationships How do we tell the difference between the sensation of love and all of the other sensations that are generated by relationships How do we maintain healthy relationships once we commit to them How do we avoid temptations that can destroy the relationship we have These are the questions that we will be exploring in this third book If you are unsure of the answers then this book is a good place to start This series can be used by therapists and treatment centers to build a foundation for a wide range of recovery programs

Laura Barbara L. Estrin, 1994-12-15 How do men imagine women In the poetry of Petrarch and his English successors Wyatt Donne and Marvell the male poet persistently imagines pursuing a woman Laura whom he pursues even as she continues to deny his affections Critics have long held that in objectifying Laura these male authored texts deny the imaginative intellectual and physical life of the woman they idealize In *Laura* Barbara L Estrin counters this traditional view by focusing not on the generative powers of the male poet but on the subjectivity of the imagined woman and the imaginative space of the poems she occupies Through close readings of the Rime sparse and the works of Wyatt Donne and Marvell Estrin uncovers three Lauras Laura Daphne who denies sexuality Laura Eve who returns the poet s love and Laura Mercury who reinvents her own life Estrin claims that in these three guises Laura subverts both genre and gender thereby introducing multiple desires into the many layers of the poems Drawing upon genre and gender theories advanced by Jean Fran ois Lyotard and Judith Butler to situate female desire in the poem s framework Estrin shows how genre and gender in the Petrarchan tradition work together to undermine the stability of these very concepts Estrin s *Laura* constitutes a fundamental reconceptualization of the Petrarchan tradition and contributes greatly to

the postmodern reassessment of the Renaissance period In its descriptions of how early modern poets formulate questions about sexuality society and poetry Laura will appeal to scholars of the English and Italian Renaissance of gender studies and of literary criticism and theory generally [Encyclopedia of Love in World Religions](#) Yudit Kornberg Greenberg,2007-11-15 This is the first comprehensive resource on the subject of love in the teachings of the world s major religions cultures and philosophies Encyclopedia of Love in World Religions is the first reference work to offer a comprehensive portrait of love in the context of the classic and contemporary literature of Judaism Christianity Islam Buddhism and Hinduism as well as other cultures and philosophies Like no volume published to date it reveals the full richness of religious teachings on love in all its many forms exploring an extensive range of topics that offer philosophical psychological and religious perspectives to guide the quest for the meaning of love Encyclopedia of Love in World Religions features approximately 300 subject entries as well as insightful biographic sketches of preeminent thinkers all written by a multidisciplinary team of some of the foremost scholars on the subject Entries examine both general and culture specific interpretations of love not just the dichotomy of spiritual and physical love but the full emotional spectrum of love in relationships and practices Collectively they encompass love s integral and sometimes conflicting role in shaping beliefs and behavior in a vastly diverse world **God Called Her Adam** Emme Masters,2019-05-17 God called her Adam Man called her Woman Fallen Man called her Eve What do you call her Who do you say she is As daughters of God leave behind the judgment lived out by Eve Live your life in the fullness and power of Woman Today embark on the journey back to being God s woman from Adam to Eve and back **Kierkegaard and the Staging of Desire** Carl S. Hughes,2014-07-02 Theology in the modern era often assumes that the consummate form of theological discourse is objective prose ignoring or condemning apophatic traditions and the spiritual eros that drives them For too long Kierkegaard has been read along these lines as a progenitor of twentieth century neo orthodoxy and a stern critic of the erotic in all its forms In contrast Hughes argues that Kierkegaard envisions faith fundamentally as a form of infinite insatiable eros He depicts the essential purpose of Kierkegaard s writing as to elicit ever greater spiritual desire not to provide the satisfactions of doctrine or knowledge Hughes s argument revolves around close readings of provocative disparate and in many cases little known Kierkegaardian texts The thread connecting all of these texts is that they each conjure up some sort of performative stage setting which they invite readers to enter By analyzing the theological function of these texts the book sheds new light on the role of the aesthetic in Kierkegaard s authorship his surprising affinity for liturgy and sacrament and his overarching effort to conjoin eros for God with this worldly love [Echoes of Opera in Modern Italian Poetry](#) Mattia Acetoso,2020-06-24 Twentieth century Italian poetry is haunted by countless ghosts and shadows from opera Echoes of Opera in Modern Italian Poetry reveals their presence and sheds light on their role in shaping that great poetic tradition This is the first work in English to analyze the influence of opera on modern Italian poetry uncovering a fundamental but neglected relationship between the two art forms A group of Italian poets from Gabriele D Annunzio to

Giorgio Caproni by way of Umberto Saba and Eugenio Montale made opera a cornerstone of their artistic craft More than an occasional stylistic influence opera is rather analyzed as a fundamental facet of these poets intellectual quest to overcome the expressive limitations of lyrical poetry This book reframes modern Italian poetry in a truly interdisciplinary perspective broadening our understanding of its prominence within the humanities in the twentieth century and beyond *Dying to Self and Detachment* James Kellenberger, 2016-04-29 Exploring the religious category of dying to self this book aims to resolve contemporary issues that relate to detachment Beginning with an examination of humility in its general notion and as a religious virtue that detachment presupposes Kellenberger draws on a range of ancient medieval modern and contemporary sources that address the main characteristics of detachment including the work of Meister Eckhart St Teresa and Simone Weil as well as writers as varied as Gregory of Nyssa Rabi a al Adawiyya S ren Kierkegaard Andrew Newberg John Hick and Keiji Nishitani Kellenberger explores the key issues that arise for detachment including the place of the individual s will in detachment the relationship of detachment to desire to attachment to persons and to self love and self respect and issues of contemporary secular detachment such as inducement via chemicals This book heeds the relevance of the religious virtue of detachment for those living in the twenty first century *Erotic Love in Sociology, Philosophy and Literature* Finn Bowring, 2019-08-22 Why is love taken for granted as a part of human experience And why is sexual or romantic love in particular so important to us This book aims to find out tracing the intellectual history of sexual love from the ancient Greeks to the modern day *Erotic Love in Sociology Philosophy and Literature* shows how discourses of love have intersected with social and cultural trends as well as with personal events and experiences Beginning with the queering of love in Greek antiquity it looks at how sexual love has been sung about fictionalized and theorized as a cornerstone of the formation of Western culture From the courtly love of twelfth century troubadours and the rise of affective individualism in the eighteenth century to the way the novel helped catalyze and crystallize the hopes and contradictions of love and marriage these are decisive episodes in the history of romantic love Lastly the book deals with how sociologists and feminist theorists have made sense of the liberalization of sexuality over the last fifty years especially given the post romantic pragmatism of commercialized dating practices Arguing against the over rationalism of intimate life *Erotic Love in Sociology Philosophy and Literature* recognizes the need to liberate love from patriarchal racist and homophobic prejudices and highlights the value of literary and sociological traditions to emphasize how they dignify the rhapsodies and the sufferings of love **Hymns of the Atharva-Veda** Anonymous, The present volume of translations comprises about one third of the entire material of the Atharva veda in the text of the Saunaka school But it represents the contents and spirit of the fourth Veda in a far greater measure than is indicated by this numerical statement The twentieth book of the Samhit with the exception of the so called kunt pas ktini hymns 127 136 seems to be a verbatim repetition of mantras contained in the Rig veda being employed in the Vait na s ra at the sastras and stotras of the soma sacrifice it is altogether foreign to the spirit of the original Atharvan The

nineteenth book is a late addendum in general very corrupt its omission with the exception of hymns 26 34 35 38 39 53 and 54 does not detract much from the general impression left by the body of the collection The seventeenth book consists of a single hymn of inferior interest Again books XV and XVI the former entirely Brahmanical prose the latter almost entirely so are of doubtful quality and chronology Finally books XIV and XVIII contain respectively the wedding and funeral stanzas of the Atharvan and are largely coincident with corresponding Mantras of the tenth book of the Rig veda they are granted their intrinsic interest not specifically Atharvanic Of the rest of the Atharvan books I XIII there is presented here about one half naturally that half which seemed to the translator the most interesting and characteristic Since not a little of the collection rises scarcely above the level of mere verbiage the process of exclusion has not called for any great degree of abstemiousness These successive acts of exclusion have made it possible to present a fairly complete history of each of the hymns translated The employment of the hymns in the Atharvanic practices is in closer touch with the original purpose of the composition or compilation of the hymns than is true in the case of the other collections of Vedic hymns Many times though by no means at all times the practices connected with a given hymn present the key to the correct interpretation of the hymn itself In any case it is instructive to see what the Atharvan priests did with the hymns of their own school even if we must judge their performances to be secondary I do not consider any translation of the AV at this time as final The most difficult problem hardly as yet ripe for final solution is the original function of many mantras after they have been stripped of certain adaptive modifications imparted to them to meet the immediate purpose of the Atharvavedin Not infrequently a stanza has to be rendered in some measure of harmony with its connection when in fact a more original meaning not at all applicable to its present environment is but scantily covered up by the secondary modifications of the text This garbled tradition of the ancient texts partakes of the character of popular etymology in the course of the transmission of words New meaning is read into the mantras and any little stubbornness on their part is met with modifications of their wording The critic encounters here a very difficult situation searching investigation of the remaining Vedic collections is necessary before a bridge can be built from the more original meaning to the meaning implied and required by the situation in a given Atharvan hymn Needless to say the only correct and useful way to translate a mantra in the Atharvan is to reproduce it with the bent which it has received in the Atharvan The other Vedic collections are by no means free from the same taint The entire Vedic tradition the Rig veda not excepted presents rather the conclusion than the beginning of a long period of literary activity Conventionality of subject matter style form metre c betray themselves at every step the earliest books of the RV are not exempt from the same processes of secondary grouping and adaptation of their mantras though these are less frequent and less obvious than is the case in the Atharva veda [Catalog of Copyright Entries](#) Library of Congress.
