Sir William Howard Russell

Looking For War:

Passport Stamps: Searching the World for a War to Call Home Sean D. Carberry, 2023-08-15 A candid darkly comic and emotionally naked tale of a former NPR journalist who driven by grief loss and the desire to find his tribe seeks solace in the world's most dangerous places and his pursuit to join the ranks of combat tested war correspondents The learning curve of reporting in hostile environments is steep and at times comical at others nearly fatal He encounters a lot of dust ragged infrastructure weaponry scary driving whiskey lust and way too much food poisoning When the assignment ends he is left to confront the mental and emotional impact of the years of danger death and destruction

pinpoint attack on a strategic island Hopkins account offers a fresh way of understanding the hows and more significantly the whys of the Pacific War *Drug War Zone* Howard Campbell,2009-10-15 Presents an anthropological study of drug trafficking and drug law enforcement on the Mexican American border **Pakistan's National Security Approach and Post-Cold War Security** Arshad Ali,2021-03-31 This book analyzes the paradox that despite being a national security state Pakistan has become even more insecure in the post Cold War era It provides an in depth analysis of Pakistan s foreign and security policies and their implications for the overall state and society The book identifies the immediate security challenges to Pakistan and charts the distinctive evolution of Pakistan s national security state in which the military elite became the dominant actor in the political sphere of government during and after the Cold War period By examining the national security state militarization democracy and security proxy wars and the hyper military industrial complex the author illustrates how the vanguard role of the military created considerable structural sociopolitical economic and security problems in Pakistan Furthermore the author argues that the mismatch between Pakistan s national security stance and the transformed security environment has been facilitated and sustained by the embedded interests of the country s military industrial complex A critical evaluation of the role of the military in the political affairs of the government and how it has created structural problems for Pakistan this book will be of interest to academics in the field of South Asian Politics and Security South Asian Foreign and Security Policy International Relations Asian Security and Cold War Studies Women as Weapons of War Kelly Oliver,2007 Ever since Eve tempted Adam with her apple women have been regarded as a corrupting and destructive force The very idea that women can be used as interrogation tools as evidenced in the infamous Abu Ghraib torture photos plays on age old fears of women as sexually threatening weapons and therefore the literal explosion of women onto the war scene should come as no surprise From the female soldiers involved in Abu Ghraib to Palestinian women suicide bombers women and their bodies have become powerful weapons in the Afghanistan and Iraq wars In *Women as Weapons of War* Kelly Oliver reveals how the media and the administration frequently use metaphors of weaponry to describe women and female sexuality and forge a deliberate link between notions of vulnerability and images of violence Focusing specifically on the U S campaigns in Afghanistan and Iraq Oliver analyzes contemporary discourse surrounding women sex and gender and the use of women to justify America s decision to go to war For example the administration s call to liberate women of cover suggesting a woman s right to bare arms is a sign of freedom and progress Oliver also considers what forms of cultural meaning or lack of meaning could cause both the guiltlessness demonstrated by female soldiers at Abu Ghraib and the profound commitment to death made by suicide bombers She examines the pleasure taken in violence and the passion for death exhibited by these women and what kind of contexts created them In conclusion Oliver diagnoses our cultural fascination with sex violence and death and its relationship with live news coverage and embedded reporting which naturalizes horrific events and stymies critical reflection This process she argues further compromises the borders between

fantasy and reality fueling a kind of paranoid patriotism that results in extreme forms of violence Sexual Violence as a Weapon of War? Maria Eriksson Baaz, Professor Maria Stern, 2013-05-09 All too often in conflict situations rape is referred to as a weapon of war a term presented as self explanatory through its implied storyline of gender and warring In this provocative but much needed book Eriksson Baaz and Stern challenge the dominant understandings of sexual violence in conflict and post conflict settings Reading with and against feminist analyses of the interconnections between gender warring violence and militarization the authors address many of the thorny issues inherent in the arrival of sexual violence on the global security agenda Based on original fieldwork in the Democratic Republic of the Congo as well as research material from other conflict zones Sexual Violence as a Weapon of War challenges the recent prominence given to sexual violence bravely highlighting various problems with isolating sexual violence from other violence in war A much anticipated book by two acknowledged experts in the field on an issue that has become an increasingly important security legal and gender topic

to the Secretary of War Gettysburg National Military Park Commission, 1902 Listening to War J. Martin Daughtry, 2015-09-01 To witness war is in large part to hear it And to survive it is among other things to have listened to it and to have listened through it Listening to War Sound Music Trauma and Survival in Wartime Iraq is a groundbreaking study of the centrality of listening to the experience of modern warfare Based on years of ethnographic interviews with U S military service members and Iraqi civilians as well as on direct observations of wartime Iraq author J Martin Daughtry reveals how these populations learned to extract valuable information from the ambient soundscape while struggling with the deleterious effects that it produced in their ears throughout their bodies and in their psyches Daughtry examines the dual edged nature of sound its potency as a source of information and a source of trauma within a sophisticated conceptual frame that highlights the affective power of sound and the vulnerability and agency of individual auditors By theorizing violence

through the prism of sound and sound through the prism of violence Daughtry provides a productive new vantage point for examining these strangely conjoined phenomena Two chapters dedicated to wartime music in Iraqi and U S military contexts show how music was both an important instrument of the military campaign and the victim of a multitude of violent acts throughout the war A landmark work within the study of conflict sound studies and ethnomusicology *Listening to War* will expand your understanding of the experience of armed violence and the experience of sound more generally At the same time it provides a discrete window into the lives of individual Iraqis and Americans struggling to orient themselves within the fog of war

Selling the War on Terror Jack Holland, 2012-09-10 This book uses a comparative analysis to examine foreign policy discourses and the dynamics of the War on Terror The book considers the three principal members of the Coalition of the Willing in Afghanistan and Iraq the United States Britain and Australia Despite significant cultural historical and political overlap the War on Terror was nevertheless rendered possible in these contexts in distinct ways drawing on different discourses and narratives of foreign policy and identity This volume explores these differences and their origins arguing that they have important implications for the way we understand foreign policy and political possibility The author rejects prevalent interpretations of a War on Terror foreign policy discourse in the singular highlighting that coalition states both demonstrated and relied upon divergent policy framings to make the War on Terror possible The book thus contributes to our understanding of political possibility in the process correcting a tendency to view the War on Terror as a universal and monolithic political discourse This book will be of much interest to students of foreign policy critical security studies terrorism studies discourse analysis and IR in general
