

A romantic couple is shown in a close embrace on a beach. The woman, with long, wavy blonde hair, is smiling and looking towards the man. The man, wearing a blue button-down shirt, is leaning in to kiss her on the cheek. The background is a soft, warm glow from a setting or rising sun over the ocean, creating a romantic and intimate atmosphere.

Looking Past Today:

Looking Past the Mirror Khiana L. Washington, 2011-07-05 Fifteen year old Faith Jordaine has a secret Then again who doesnt But this secret is tearing her apart She cant eat sleep or even breathe without feeling shame and guilt Its slowly eating at her soul and ruining her life All Faith wants to do is give up Forever Too much has happened in Faiths young life Her father hits her her mother does drugs and her beloved grandmother has just died of cancer But Faith and her mother have a chance to start over when her grandmother leaves them the family cottage in Michigan Time to leave her deadbeat dad and their small North Carolina town behind But its not so easy to change a past heavy with abuse secrets and lies so Faith sinks deeper into a world of drug addiction and self mutilation Because she doesnt trust anyone especially herself she tells no one not even her best friend Hope It is her secret her burden to bear Redemption beckons from the other side but Faith doesnt know how to stretch out her arms and receive its gift Shes trying to find herself the one she used to love and the one she used to believe in But it might be too late

Uncommon Understanding Dorothy V.M. Bishop,2014-02-04 A great deal has been written on how children learn to speak but development of language comprehension has been a relatively neglected topic This book is unique in integrating research in language acquisition psycholinguistics and neuropsychology to give a comprehensive picture of the process we call comprehension right from the reception of an acoustic stimulus at the ear up to the point where we interpret the message the speaker intended to convey by the utterance A major theme of the book is that comprehension is not a unitary skill to understand spoken language one needs the ability to classify incoming speech sounds to relate them to a mental lexicon to interpret the propositions encoded by word order and grammatical inflections and to use information from the environmental and social context to select from a wide range of possible interpretations the one that was intended by the speaker Furthermore although neuropsychological and experimental research on adult comprehension can provide useful concepts and methods for assessing comprehension they should be applied with caution because a sequential bottom up information processing model of comprehension is ill suited to the developmental context The emphasis of the book is on children with specific language impairments but normal development is also given extensive coverage The focus is on research and theory rather than practical matters of assessment and intervention Nevertheless while this book is not intended as a clinical guide to assessment it does aim to provide a theoretical framework that can help clinicians develop a clearer understanding of what comprehension involves and how different types of difficulty may be pinpointed

The Changing Face of Corpus Linguistics Antoinette Renouf,Andrew Kehoe,2006 This volume is witness to a spirited and fruitful period in the evolution of corpus linguistics In twenty two articles written by established corpus linguists members of the ICAME International Computer Archive of Modern and Mediaeval English association this new volume brings the reader up to date with the cycle of activities which make up this field of study as it is today dealing with corpus creation language varieties diachronic corpus study from the past to present present day synchronic corpus study the web as corpus and corpus linguistics and grammatical theory It thus serves as a valuable guide to the state of the art for linguistic researchers teachers and language learners of all persuasions After over twenty years of evolution corpus linguistics has matured incorporating nowadays not just small medium and large primary corpus building but also specialised and multi dimensional secondary corpus building not just corpus analysis but also corpus evaluation not just an initial application of theory but self reflection and a new concern with theory in the light of experience The volume also highlights the growing emphasis on language as a changing phenomenon both in terms of established historical study and the newer short range diachronic study of 20th century and current English and the growing area of overlap between these two Another section of the volume illustrates the recent changes in the definition of corpus which have come about due to the emergence of new technologies and in

particular of the availability of texts on the world wide web The volume culminates in the contributions by a group of corpus grammarians to a timely and novel discussion panel on the relationship between corpus linguistics and grammatical theory

Congressional Record United States. Congress,1998 Steven Gamelin,2007-12-01 In Observations of a Results Oriented Conservative Steve Gamelin isn t afraid to apply moral values to politics and other aspects of life He provides Conservatives with an understanding of the validity of their instincts by objectively looking at Liberals and their behavior Just as he did in order to create this bold moral analysis of the flaws of Liberals Gamelin advises readers to adopt the following guidelines in their observations of the behavior of those around them Use the eyes of truth to see through the deception and spin of Liberalism Apply good judgment to come to sound conclusions See the simplicity of what a lie is and evaluate those individuals who promote the lie Know why spin is nothing more than another word for lie Evaluate the sound bite and determine its intent Ignore conventional wisdom and evaluate for yourself Replace political correctness with moral correctness And most importantly understand the Nixon Factor and how much it tells us about the Liberal It is not a political statement to want a moral government says Gamelin and it is not dirty politics to point out corruption within government
