Mathnawii Manawi:

The Concept of Evil in Judaism, Christianity and Islam Catharina Rachik, Georges Tamer, 2024-11-04 The present volume of the series Key Concepts in Interreligious Discourses explores various conceptions of evil in Judaism Christianity and Islam including key terms from their respective sacred texts major theodicy discussions and contemporary developments Throughout history and even today religious scholars and believers have struggled with the question of the origin of evil and how a benevolent God can allow evil to exist in the world Why does a compassionate God not prevent deadly diseases or natural disasters What do religions define as evil and is God responsible for or even the creator of this evil The articles written by distinguished scholars in their respective fields offer a variety of answers to such existential questions The articles address topics such as the origin of evil the responses to evil in sacred texts and religious traditions and the role of human agency Each author offers a critical analysis of these topics as well as recommendations for future research The volume also highlights commonalities and differences among the three monotheistic religions [The Making of Shia Ayatollahs](#) Sayed Hassan Akhlaq, 2023-04-17 The Making of Shia Ayatollahs offers both insider and outsider views of how a scholar becomes an Ayatollah in Shia Islam how ayatollahs suggest diverse perspectives on faith and how the grand ayatollahs are recognized by a balance of many factors including piety scholarship popularity and networking This book consists of two parts The first begins with the core value of knowledge in Islam and the Ulama s interpretation of jurisprudence and the subjects values and methodology they have developed and are applying to challenges found in the faithful practices in modern life The author reveals the mechanisms of madrasa hawza their curricula and the recognition of a scholar as an ayatollah The second part elaborates the rich and sometimes bitter pluralism and debate within the community of ayatollahs regarding topics including denominational identity and intra faith work Sufism and mysticism Philosophy falsafa and wisdom modernization and the West political power and government and women in public life After providing a historical background on each subject the author takes the reader into the heart of current debates among ayatollahs in Qum Mashhad Najaf and Beirut without sacrificing accuracy and originality to educate a wide range of readers [The Experience of Divine Guidance](#) Mark Allan Kaplan, 2007 [Maqalat-e-Mutahhar](#) Ayatullah Murtaza Mutahhari, 2009 **Destiny Disrupted** Tamim Ansary, 2009-04-28 Destiny Disrupted a must read for anyone who wants to learn more about the history of the Islamic world San Francisco Chronicle tells the history of the world from the Islamic point of view and restores the centrality of the Muslim perspective ignored for a thousand years In Destiny Disrupted Tamim Ansary tells the rich story of world history with the evolution of the Muslim community at the center His story moves from the lifetime of Mohammed through a succession of far flung empires to the tangle of modern conflicts that culminated in the events of 9 11 He introduces the key people events ideas legends religious disputes and turning points of world history imparting not only what happened but how it is understood from the Muslim perspective He clarifies why two great civilizations Western and Muslim grew up oblivious to each other what

happened when they intersected and how the Islamic world was affected by its slow recognition that Europe a place it long perceived as primitive had somehow hijacked destiny With storytelling brio humor and evenhanded sympathy to all sides of the story Ansary illuminates a fascinating parallel to the narrative usually heard in the West Destiny Disrupted offers a vital perspective on world conflicts many now find so puzzling

Sufis Idries Shah,2020-06-20 The Sufis is the best introduction ever written to the philosophical and mystical school traditionally associated with the Islamic world Powerful concise and intensely thought provoking it sums up over a thousand years of Eastern thought the product of some of the greatest minds humanity has ever produced into a single work presenting timeless ideas in a fresh and contemporary style When the book was originally published in 1964 it launched its author Idries Shah on to the international stage attracting the attention of thinkers and writers such as J D Salinger Doris Lessing Ted Hughes and Robert Graves It introduced to the Western world concepts which have subsequently become

commonly accepted varying from the psychological importance of attention and humour to the use of traditional tales as teaching instruments what Shah termed teaching stories and the historical debt owed by the West to the Middle East in matters scientific literary and philosophical As a primer for the many dozens of Sufi books that Shah later produced it is unsurpassed offering a clear window onto a community whose system of thought and action has long concerned itself with the advancement of the whole of humankind and whose ideas about individuals and society their purpose and direction need to be understood now more than ever before A Literary History of Persia E.G. Browne, 2013-11-05 Browne's famous work first published in 1902 was the essential text on literary history in Persian studies for many years As an overview of Persian literature from the earliest times until Firdawsi it continues to be a valuable reference Out of print for some time it is now reissued as a library edition in facsimile to capture the feel of the original edition **Gabriel's Wing** Schimmel, 1963-12-01 This book presents the views of Muhammad Iqbal in regards to the essentials of Islam This includes the five Pillars of Earth and the Creed which is taught to every Muslim child The author's aim is to present Iqbal's way of thinking arguing suffering and the finding of mental peace in the security of his religion **Christian-Muslim Relations. consciousness that radically diverges from ordinary waking awareness This volume addresses two fundamental questions namely how do the world's religions understand the mystical and its pursuit and how and why does paganism offer something different Proverbially the mystical quest is an ultimate human endeavour The re emergence of pagan thought in contemporary times challenges the obsolete and unlocks both innovation and available forms of transpersonal emancipation
