Mathscape Shapes And Space By Creative Publications:

Improving Instruction in Geometry and Measurement Margaret Schwan Smith, Edward A. Silver, Mary Kay Stein, 2005-01-01 Helping students develop an understanding of important mathematical ideas is a persistent challenge for teachers In this book one of a three volume set well known mathematics educators Margaret Smith Edward A Silver and Mary Kay Stein provide teachers of mathematics the support they need to improve their instruction They focus on ways to engage upper elementary middle school and high school students in thinking reasoning and problem solving to build their mathematics understanding and proficiency The content focus of Volume One is rational numbers and proportionality Using materials that were developed under the NSF funded COMET Cases of Mathematics to Enhance Teaching program each volume in the set features cases from urban middle school classrooms with ethnically racially and linguistically diverse student populations Each case illustrates an instructional episode in the classroom of a teacher who is implementing standards based instruction the teachers perspective including their thoughts and actions as they interact with students and with key aspects of mathematical content cognitively challenging mathematics activities that are built around samples of authentic classroom practice and facilitation chapters to help professional developers teach the cases including specific guidelines for facilitating discussions and suggestions for connecting the ideas presented in the cases to a teacher s own practice As a complete set this resource provides a basis on which to build a comprehensive professional development program to improve mathematics instruction and student learning **MathScape** ,1998 **Using Assessment To Reshape Mathematics Teaching** Sandra K. Wilcox, Perry E. Lanier, 2000-04 Casebook video on the use of assessment as an ongoing activity in the classroom to help teachers reshape their instructional practice *MathScape: Seeing and Thinking Mathematically, Grade 7, Buyer Beware, Student Guide* McGraw-Hill, 1997-02-28 This unique comprehensive curriculum encourages students to learn mathematics by doing mathematics by using and connecting mathematical ideas and by actively increasing their understanding MathScape Seeing and Thinking Mathematically was developed by Education Development Center Inc with funding from the National Science Foundation It is one of four middle school mathematics programs to receive a satisfactory rating from the American Association for the Advancement of Science AAAS *Shapes and Space* ,1998 United We Solve Tim Erickson, 1996 **Shapes and Space** ,1998 **MathScape** ,1998 **MathScape: Seeing and Thinking Mathematically, Course 3, Shapes and Space, Student Guide** McGraw-Hill Education, 2004-03-16 *Shapes and Space Student Guide* *Elementary and Middle School Mathematics* John A. Van de Walle, 2007 This leading K 8 math methods book has the most coverage of the NCTM standards the strongest coverage of middle school mathematics and the highest student approval of any math methods book currently available *Elementary and Middle School Mathematics* provides an unparalleled depth of ideas and discussion to help readers develop a real understanding of the mathematics they teach John Van de Walle one of the foremost experts on how children learn mathematics finds that 80 percent of the students who

purchase this book keep it for reference when they begin their professional teaching careers This book reflects the NCTM Principles and Standards and the benefits of constructivist or student centered mathematics instruction Improvements for the sixth edition include sections on planning for a diverse classroom and a completely new section addressing planning in a classroom where there are English language learners
