Temario Específico Volumen II**, 2006-12 *Autonomía de la Voluntad, Capitulaciones Matrimoniales y Pactos en previsión de ruptura. En España, Estados Unidos y Puerto Rico* Marta Figueroa Torres, 2016-06 El tema de este libro se inserta en el debate sobre el alcance de la autonomía de la voluntad en el contexto matrimonial y concretamente se

examina el contrato de capitulaciones matrimoniales como sede susceptible de albergar la autorregulación de las consecuencias personales y patrimoniales de una eventual ruptura matrimonial. Se estudian los antecedentes más inmediatos que justifican el entendimiento que cobija en el Derecho español actual la libertad de otorgamiento de capitulaciones matrimoniales y de pactos. El análisis de los preceptos propios de la materia de la presente monografía sirve de punto de partida para abordar las ulteriores modificaciones operadas en el Código civil español hasta llegar a la normativa vigente. También se examina la irradiación del debate sobre la eficacia de determinados derechos y libertades de rango constitucional hacia los límites de la autonomía privada de los cónyuges. El análisis se traslada asimismo a la consideración de otras importantes cuestiones relacionadas con la naturaleza jurídica del acuerdo en previsión de ruptura matrimonial así como a algunos otros controvertidos aspectos referidos a su validez y eficacia. El libro amplía el alcance de su investigación a otros dos sistemas legales al incursionar en el estudio de la normativa estadounidense y de la puertorriqueña. Se incluye el texto de la nueva Ley Uniforme de Acuerdos Prematrimoniales y Matrimoniales de 2012 tanto en su versión en inglés como traducida al español por la autora. Marta Figueroa Torres cursó sus estudios de grado Magna Cum Laude y de postgrado en Derecho J.D. Magna Cum Laude en la Universidad de Puerto Rico; también obtuvo un máster en Derecho LL.M. ad gradum Magistri in Legibus en la Escuela de Derecho de la Universidad de Harvard y un Doctorado en Derecho de la Universidad Complutense de Madrid Sobresaliente Cum Laude por unanimidad. Es profesora en la Facultad de Derecho de la Universidad Interamericana de Puerto Rico en donde dicta cursos de Derecho de Familia y de Derecho Internacional Privado. Fue Directora Ejecutiva Fundadora de la Comisión Conjunta Permanente para la Revisión y Reforma del Código Civil de Puerto Rico.

Comentarios a las Sentencias de Unificación de Doctrina. Civil y Mercantil. Volumen 5. 2011-2012 Mariano Yzquierdo Tolsada, 2016-11-16. Igual que ya sucede desde hace años en las restantes Salas del Alto Tribunal, la Sala de lo Civil tomó la iniciativa en el año 2006 gracias al impulso del que era su Presidente don Juan Antonio Xiol de unificar por medio de sentencias plenarios la doctrina jurisprudencial en tantos temas polémicos pues eran muchas las contradicciones que se venían padeciendo en el sistema de nuestro Derecho privado como consecuencia de que se dictaran sentencias muy dispares y hasta de signo opuesto para supuestos prácticamente idénticos. Las sentencias del Pleno de la Sala Primera fueron así una

iniciativa considerada un verdadero acontecimiento y ello que justifica que al no tratarse de algo efímero o coyuntural diera lugar a que este sello editorial alumbrara toda una nueva colección dedicada al análisis de esas sentencias. Era preciso evitar que el conocimiento de sentencias tan importantes fuera más o menos indirecto o casual a través de obras generales de monografías o hasta de revistas dedicadas a comentarios jurisprudenciales que teniendo algunas una calidad extraordinaria no lograban ese propósito al dar cabida a las mismas a muchas otras sentencias que no tienen carácter plenario. Los cuatro primeros volúmenes abarcaron el período 2006-2010. Con este volumen V a los 2011 y 2012 se abre la segunda época de la misma que junto con el soporte de papel va a contar desde ahora con la versión digital merced a la coedición con la Agencia Estatal del Boletín Oficial del Estado en la página www.boe.es. Entendemos que es esta una manera ideal, justa y oportuna de dar a conocer a la comunidad científica el contenido de unas resoluciones que tratan de cumplir la deseada función profiláctica de la jurisprudencia civil y de hacerlo de un modo merecido con una sede editorial propia y en doble soporte: el clásico y el digital.

Tratado del derecho de la prescripción y la caducidad Enrique Varsi Rospigliosi, 2021-10-12. La prescripción y la caducidad son instituciones jurídicas de larga data. La primera más vieja, la otra más joven. Su fuente está en el decurso del tiempo y la inacción de un derecho por su titular. Ambas generan efectos en las relaciones jurídicas que como sabemos se han diversificado y dimensionado en razón de variados factores económicos, sociales y políticos. Decir de la globalización. Este libro desarrolla como punto de partida una teoría general en la que se analiza el tiempo, la vida de relación y el derecho. Realiza un tratamiento teórico independiente y especial de los institutos de la prescripción y la caducidad, los ejes centrales de la investigación: el primero como la pérdida de la pretensión del derecho de exigir vía judicial la defensa de un derecho y el segundo como la pérdida del derecho, ambos caracterizados por la inacción y transcurso del tiempo. Asimismo se analiza de manera pormenorizada la casística de la imprescriptibilidad y la incaducabilidad de acuerdo con los nuevos criterios jurisdiccionales más allá de los que típicamente consagra la ley. Las nuevas tendencias contractuales y un análisis eficiente del tiempo nos llevan a determinar cómo las necesidades sociales exigen un replanteamiento de los efectos del tiempo en la pretensión y los derechos. Este trabajo busca repotenciar la normativa, consolidar la doctrina y unificar la jurisprudencia para presentar a la prescripción y la caducidad a la luz de las nuevas teorías del derecho comparado.

Autonomía y subordinación: Mujeres en Concepción, 1840 - 1920 Alejandra Brito Peña, Este es un libro de historia de las mujeres desde una perspectiva de género. Su autora Alejandra Brito busca interrogar el conocimiento instaurado sobre la naturaleza femenina indagando los mecanismos a partir de los cuales las mujeres han sido

incluidas en el sistema social patriarcal que les impone modelos socioculturales el de madreposa el primero de ellos Buscando una fuente más directa distinta del discurso dominante que le permitiera reconstruir la vida de las mujeres desde mediados del siglo XIX hasta principios del XX en la zona de Concepción Chile Brito se encontró con los testamentos que pudo consultar en el archivo notarial Lo interesante sobre todo en el caso de las mujeres es que al realizar el rito que el documento mismo implicaba y que estaba mediado por el escribano que lo recogía las mujeres insistieron en dar detalles de sus vidas a fin de dejar arregladas de manera más explícita sus cuentas terrenales y espirituales Cómo fabricar a una feminista...

Sara Huff, 2023-10-03 En su primer libro con HarperEnfoque la autora conferenciante y ex líder feminista Sara Huff aborda el problema del verdadero feminismo que ha corrompido y atenuado el valor y papel de las mujeres y la sociedad al venderles una falsa libertad y ayuda al lector a evitar caer en sus garras y en su trágica conclusión En Cómo fabricar a una feminista Sara Huff proporciona valiosos antecedentes históricos e investigación sobre el feminismo así como proporciona experiencia de primera mano sobre la formación de una verdadera feminista y la destrucción total que le espera si continúa por el camino del verdadero feminismo La autora responde a preguntas sobre el feminismo verdadero como ¿Qué es el verdadero feminismo? ¿Qué es una verdadera feminista? ¿Cuáles son las consecuencias? Si uno se propusiera crear una feminista cómo lo haría? Si una se convirtiera en feminista y viera lo que es el verdadero feminismo seguiría siendo una? ¿Cuál es el objetivo final del feminismo? Existe una verdadera libertad dentro del feminismo o el fin es un ejercicio en vano? ¿Cómo se garantiza que la generación del mañana no sea víctima de la cosmovisión del feminismo? ¿Cómo rescatar a los que ya han sido víctimas de él? En este libro Huff explica cómo el verdadero feminismo crea un grave problema Entorpece a su público Presenta falsos problemas e histeria colectiva Crea una identidad propia entre sus víctimas Altera modifica y se aprovecha de sus víctimas Influye en sus víctimas y Desacredita a sus víctimas El libro también es útil para las personas que buscan ayudar a otras que son susceptibles de caer presas del verdadero feminismo a la vez que sirve como herramienta para quienes buscan ayudar a las que han caído presas del verdadero feminismo

How to Manufacture a Feminist In her first book with HarperEnfoque author speaker and former feminist leader Sara Huff addresses the problem of true feminism which has corrupted and attenuated the value and role of women and society and sold them a false freedom and helps the reader avoid falling into its clutches and its tragic conclusion In How to Manufacture a Feminist Sara Huff provides valuable historical background and research on feminism as well as providing first hand experience on the making of a true feminist and the utter destruction that awaits her if she continues down the path of true feminism The author answers questions about true feminism such as What is true feminism What is a true feminist What are the consequences If one were to set out to create a feminist how would one go about it If one were to become a feminist and see what true feminism is would one still be one What is the ultimate goal of feminism Is there true freedom within feminism or is in the end an exercise in futility How does one ensure that tomorrow's generation does not fall victim to feminism's worldview How do we rescue those who have already fallen victim to it This book is also useful for

people seeking to help others who are susceptible to falling prey to true feminism while serving as a tool for those seeking to help those who have fallen prey to true feminism **Matrimonio, estrategia y conflicto (siglos XVI-XIX)** Margarita Torremocha Hernández, 2020-12-01 Esta obra colectiva surge con la idea de volver a tratar el tema de la institución social del matrimonio cuyo análisis cobra especial significado a partir del tratamiento y definición que la Iglesia católica le confirió en el Concilio de Trento. El carácter sacramental otorgado al vínculo entre hombre y mujer y por tanto la sacralización de esta unión es el origen de que haya sido abordado con interés y desde múltiples perspectivas. Aquí lo hacemos en las diferentes aportaciones desde el conflicto sirviéndonos de las fuentes que se generan en los archivos de la justicia ya fuese real eclesiástica o inquisitorial. Las estrategias familiares en torno a los casamientos, los problemas que originan las dotes cuando una hija ha de tomar estado, los disensos en la pareja, las trasgresiones como la bigamia, el adulterio, amancebamiento o el divorcio son objeto de este estudio de historia social en la que las mujeres tienen una presencia protagonista. Mujeres que conocen el patrón modélico y la identidad que se les ha atribuido por la Iglesia y la sociedad, como se plasma en los tribunales, pero que no dudan si quieren y pueden en dejar a un lado ese patrón y vivir de una forma trasgresora si por eso entendemos no acomodarse a la identidad asignada. Por ello esta monografía también examina el papel de las casadas contribuyendo a sacarlas de los estereotipos literarios y ayudando a conocerlas en su realidad vital en los tiempos pasados.
