unconsciously shape people's understandings of who is a criminal and how society should deal with them. The third edition has been thoroughly updated and revised. Maintaining the accessible high interest narrative from previous editions, it incorporates current data, recent theoretical developments and new examples ranging from Bernie Madoff and the recent financial crisis to the increasing impact of globalization in addition to classic examples. This edition also features a revised structure to better tailor the book for use in the classroom. Part I now provides an introduction to criminology and criminal justice. Part II introduces foundational information on the key concepts of class and economic privilege, race, ethnicity and white privilege, gender and male privilege and the intersections of these privileges. And Part III examines victimization, criminal law, criminal prosecution and punishment, looking at each through the lenses of class, race and gender.

***Lesbian and Gay Studies*** Theo Sandfort, Judith Schuyf, Jan Willem Duyvendak, Jeffrey Weeks, 2000-07-19. This timely book seeks to demonstrate the coherence of lesbian and gay studies. It introduces the reader to the principal interdisciplinary approaches in the field and critically assesses their strengths and weaknesses whilst asking: What is lesbian and gay studies? When did it emerge? And what are its achievements and research agenda? The gay and lesbian movement has emerged as a major political and cultural force. It poses a series of far-reaching questions about the organization of identity, the operation of power and the limits of tolerance. Lesbian and Gay Studies has emerged as a vital and enriching field. It offers challenges to more traditional disciplines and requires new forms of thought about the connections between academic work and personal politics.
