Neptunes Militia The Frigate South Carolina During The American Revolution

James Allen Lewis

Neptunes Militia The Frigate South Carolina During The American Revolution:

Neptune's Militia James Allen Lewis,1999 Under the leadership of Commodore Alexander Gillon a prominent Charleston merchant the South Carolina navy secured the services of the largest warship under any American s command during the American Revolution the frigate South Carolina This study examines its design and achievements *The South Carolina Encyclopedia Guide to the American Revolution in South Carolina* Walter Edgar,2012-11-02 The South Carolina Encyclopedia Guide to the American Revolution in South Carolina details the people places and struggles that defined the region s prominent role in the path to American liberty from British authority Nearly 140 battles of the American Revolution were fought in South Carolina more than in any other colony As America s first civil war the revolution pitted Loyalists against partisans and patriots in the fierce combat that established the legacies of figures such as Francis Marion Nathanael Greene Peter Horry Henry and John Laurens Daniel Morgan and Andrew Jackson In addition to profiling these leaders this guide also chronicles the major combat operations including the battles of Ninety Six Cowpens Camden Kings Mountain and Charleston Harbor Also documented are the vital contributions of African Americans and Native Americans in the struggle and the roles of Revolutionary War heroines such as Kate Barry Emily Geiger Rebecca Brewton Motte and Dorcas Nelson Richardson The origins of the South Carolina state flag and seal in the war are detailed as well in this treasure trove of fascinating information for students and historians of the American Revolution *Revolutionary War Almanac* John C. Fredriksen,2006 Offering a day by day chronology of the people and events important to the American Revolution this title provides a look at this historic time It covers people battles and other details and includes more than 130 maps photographs and illustrations pair with an index a bibliography cross references and a chronology **European Friends of the American Revolution** Andrew J. O'Shaughnessy,John A. Ragosta,Marie-Jeanne Rossignol,2023-08-21 Europe s crucial contribution to the achievement of American independence American independence would not have been achieved without diplomatic financial and military support from Europe And without recognition from powerful European nations the young country would never have assumed an independent status amongst the powers of the earth This collection of essays not only offers new glimpses into the ways in which various European powers and actors enabled American patriots to fight and win the war it also highlights the American Revolution s short and long term impact on the Atlantic world Because of the strength of European support Great Britain found itself diplomatically isolated without an ally in a war that had become a global conflict and with a navy outnumbered by the combined fleets of America s friends This volume is a timely reminder of the importance of international support for the winning of American independence and the global context of the American Revolution as we approach its 250th anniversary Contributors Olivier Chaline Sorbonne Universit Robert Rhodes Crout College of Charleston Kathleen DuVal University of North Carolina at Chapel Hill Victor Enthoven Vrije Universiteit Amsterdam Paul A Gilje University of Oklahoma Jean Marie Kowalski Sorbonne Universit Andrew J O Shaughnessy University

of Virginia Julia Osman Mississippi State University Munro Price University of Bradford Gonzalo M Quintero Saravia Senior Spanish diplomat John A Ragosta Robert H Smith International Center for Jefferson Studies at Monticello Marie Jeanne Rossignol Universit Paris Cit Timothy D Walker University of Massachusetts Dartmouth Benjamin Franklin and the American Revolution Jonathan R. Dull, 2010-12-01 The inventor the ladies man the affable diplomat and the purveyor of pithy homespun wisdom we all know the charming resourceful Benjamin Franklin What is less appreciated is the importance of Franklin s part in the American Revolution except for Washington he was its most irreplaceable leader Although aged and in ill health Franklin served the cause with unsurpassed zeal and dedication Jonathan R Dull whose decades of work on The Papers of Benjamin Franklin have given him rare insight into his subject explains Franklin s role in the Revolution what prepared him for that role and what motivated him The Franklin presented here a man immersed in the violence danger and suffering of the Revolution is a tougher person than the Franklin of legend Dull s portrait captures Franklin s confidence and self righteousness about himself and the American cause It shows his fanatical zeal his hatred of King George III and George s American supporters particularly Franklin s own son and his disdain for hardship and danger It also shows a side of Franklin that he tried to hide his vanity pride and ambition Though not as lovable and avuncular as the person of legend this Franklin is more interesting more complex and in many ways more impressive **A Companion to American Military History**

James C. Bradford, 2009-11-03 With more than 60 essays A Companion to American Military History presents a comprehensive analysis of the historiography of United States military history from the colonial era to the present Covers the entire spectrum of US history from the Indian and imperial conflicts of the seventeenth century to the battles in Afghanistan and Iraq Features an unprecedented breadth of coverage from eminent military historians and emerging scholars including little studied topics such as the military and music military ethics care of the dead and sports Surveys and evaluates the best scholarship on every important era and topic Summarizes current debates and identifies areas where conflicting interpretations are in need of further study Spain and the American Revolution Gabriel Paquette, Gonzalo M. Quintero

Saravia, 2019-10-31 Though the participation of France in the American Revolution is well established in the historiography the role of Spain France s ally is relatively understudied and underappreciated Spain s involvement in the conflict formed part of a global struggle between empires and directly influenced the outcome of the clash between Britain and its North American colonists Following the establishment of American independence the Spanish empire became one of the nascent republic s most significant neighbors and often illicitly trading partners Bringing together essays from a range of well regarded historians this volume contributes significantly to the international history of the Age of Atlantic Revolutions

The Struggle for Sea Power: A Naval History of the American Revolution Sam Willis, 2016-02-15 A fascinating naval perspective on one of the greatest of all historical conundrums How did thirteen isolated colonies which in 1775 began a war with Britain without a navy or an army win their independence from the greatest naval and military power on earth The

American Revolution involved a naval war of immense scope and variety including no fewer than twenty two navies fighting on five oceans to say nothing of rivers and lakes In no other war were so many large scale fleet battles fought one of which was the most strategically significant naval battle in all of British French and American history Simultaneous naval campaigns were fought in the English Channel the North and Mid Atlantic the Mediterranean off South Africa in the Indian Ocean the Caribbean the Pacific the North Sea and of course off the eastern seaboard of America Not until the Second World War would any nation actively fight in so many different theaters In *The Struggle for Sea Power* Sam Willis traces every key military event in the path to American independence from a naval perspective and he also brings this important viewpoint to bear on economic political and social developments that were fundamental to the success of the Revolution In doing so Willis offers valuable new insights into American British French Spanish Dutch and Russian history This unique account of the American Revolution gives us a new understanding of the influence of sea power upon history of the American path to independence and of the rise and fall of the British Empire

Strategy in the American War of Independence Donald Stoker, Kenneth J. Hagan, Michael T. McMaster, 2009-10-16 This book examines the strategies pursued by the Colonies and the other combatants in the American War for Independence placing the conflict in its proper global context Many do not realize the extent to which the 1775 colonial rebellion against British rule escalated into a global conflict Collectively this volume examines the strategies pursued by the American Colonies Great Britain France Spain and Holland and the League of Armed Neutrality placing the military naval and diplomatic elements of the struggle in their proper global context Moreover assessing how each nation prosecuted their respective wars provides lessons for current students of strategic studies and military and naval history This book will be of great interest to students of strategic studies American history Military History and political science in general Donald Stoker is Professor of Strategy and Policy for the US Naval War College s Monterey Program in Monterey California He joined the Strategy and Policy faculty in 1999 and has taught both in Monterey and Newport Kenneth J Hagan Professor Emeritus the U S Naval Academy is currently Professor of Strategy and Policy for the U S Naval War College s Monterey Program Michael T McMaster is a Professor at the U S Naval War College in Monterey He is a retired U S Navy Commander

The Letters of Pierce Butler, 1790-1794 Pierce Butler, 2007 A political insiders perspective on the inaugural Congresses from one of South Carolinas signers of the Constitution
