## **Power Encounter A Pentecostal Perspective:**

*Power Encounter* Opal Reddin, 1989      Asian and Pentecostal Allan Anderson, Edmond Tang, 2005 Provides a thematic discussion and case studies on the history and development of Pentecostal and Charismatic churches in the countries of South Asia South East Asia and East Asia      Pentecostalism: A Guide for the Perplexed Wolfgang Vondey, 2012-12-18 Pentecostalism is the fastest growing religious movement of our time The unexpected birth of the modern day Pentecostal movement at the doorsteps of the twentieth century is as perplexing as its continuing existence and unprecedented expansion worldwide Once marginalized from public discourse Pentecostals have entered into mainstream culture religion politics academia and social action However the unprecedented growth of Pentecostalism in all its diversity has led to characterizations ripe with platitudes stereotypes and misrepresentations This Guide for the Perplexed sheds light on the most persistent contrasts characterizing the Pentecostal movement the tension between local manifestations and global Pentecostalism the inconsistency between spiritual discernment and charismatic excess the gap between rampant denominationalism and the pursuit of Christian unity the disparity between poverty among many Pentecostals and the popularity of the prosperity gospel the division between Oneness Pentecostals and their trinitarian counterparts and the worldview of Pentecostals beyond the confines of a religious movement Those tensions form the essence of global Pentecostalism and represent the emergence of a global Christian world      **SPIRITUAL WARFARE: A Struggle for Truth** Russell Sharrock, 2007-03-01 Much in the Church is being touted as biblical spiritual warfare even to changing it from being spiritual to be geographical This book critics spiritual warfare teaching comparing it to the Bible and offers a biblically reasoned discussion on spiritual warfare      *The Routledge Handbook of Pentecostal Theology* Wolfgang Vondey, 2020-03-31 Research on Pentecostal and Charismatic Christianity has increased dramatically in recent decades and a diverse array of disciplines have begun to address a range of elements of these movements Yet there exists very little understanding of Pentecostal theology and it is not uncommon to encounter stereotypes and misperceptions Addressing this gap in current research The Routledge Handbook of Pentecostal Theology is an exceptional reference source to the key topics challenges and debates in this growing field of study and is the first collection of its kind to offer a comprehensive presentation and critical discussion of this subject Comprising over forty chapters written by a team of international contributors the Handbook is divided into five parts Contextualizing Pentecostal Theology Sources Theological Method Doctrines and Practices Conversations and Challenges These sections take the reader through a comprehensive introduction to what Pentecostals believe and how they practice their faith Looking at issues such as the core teachings of Pentecostalism concerning Spirit baptism divine healing or eschatology unique practices such as spiritual warfare and worship and less discussed issues such as social justice and gender each chapter builds towards a nuanced and global picture of the theology of the Pentecostal movement The Routledge Handbook of Pentecostal Theology is essential reading for students and

researchers in Pentecostal Studies World Christianity and Theology as well as scholars working in contemporary Religious Studies

*A Light to the Nations* Stanley M. Burgess, Paul W. Lewis, 2017-03-02 The essays in this volume which are written by friends, colleagues, and former students are dedicated to Gary B. McGee as a memorial to his life work and service. As a professor with a clear calling to teach, he modeled this passion at the Open Bible College, Des Moines, Iowa; Central Bible College, Springfield, Missouri; and the Assemblies of God Theological Seminary, Springfield, Missouri. He exuded the understanding that quality teaching, superior scholarship, a genuine Pentecostal spirituality, and an irenic spirit can and should go together. Within the title of this volume, *A Light to the Nations*, two aspects become clear. First, each person is called to be a light to the nations as Gary McGee modeled. Second, and foundational to the first, is the reality that Jesus Christ is the ultimate light, and our energies, study, discussions, and life in general should rely on this fact. As a reflection of Gary McGee's life and ministry, these two aspects are focused through three lenses which are the three sections of this volume: Ecumenism, Missions, and Pentecostalism. The essays represent a diversity of subjects and denote various explorations by colleagues and friends of Gary B. McGee.

**Pentecostal Theology and Jonathan Edwards** Amos Yong, Steven M. Studebaker, 2019-11-14 This volume brings America's theologian and one of the fastest growing forms of Christianity into dialogue. Edwards is a fruitful source for Pentecostal investigation for historical and theological reasons. Edwards and Pentecostals descend from a common historical tradition: North American Evangelicalism. From revivalism and religious charismatic experience to pneumatology, they also share common theological interests. Though sharing a common history and core theological concerns, no critical conversation between Pentecostals and Edwards and their fields of scholarship has occurred. This is the first volume that provides Pentecostal readings of Edwards' theology that contribute to Pentecostal theology and Edwards' scholarship. The contributing essays offer examination of affections and the Spirit, God and Salvation, Church and culture, and mission and witness.

**Pentecostal Theology** Wolfgang Vondey, 2017-07-13 Winner of the Pneuma Book Award 2018 from The Society for Pentecostal Studies. Pentecostalism is the most rapidly growing branch of Christianity since the 20th century, yet it does not lend itself well to a singular doctrine, and there is therefore no single comprehensive account of Pentecostal theology worldwide. In this volume, Wolfgang Vondey suggests an account of Pentecostal theology that is genuine to Pentecostals worldwide while allowing for different adaptation and explication among the various Pentecostal groups. He argues that Pentecostal theology is fundamentally concerned with the renewal of the Christian life, identified by the transforming work of the Holy Spirit and directed toward the kingdom of God. The book unfolds in two main parts illustrating the full gospel story and theology. Eleven chapters identify the spiritual underpinnings and motivations for Pentecostal theology, formulate a Pentecostal theology of action, translate, apply, and exemplify Pentecostal practices and experiences, and integrate Pentecostal theology in the wider Christian tradition.

*Wrestling with Dark Angels* C. Peter Wagner, F. Douglas Pennoyer, 2001-07-25 As Christians, we are in the trenches of a violent war. It is more real than our Western mindset has led

us to believe Since the spirit world where demons attack us daily seems to us somehow less real than the tangible material world in which we live we think that it s nothing to fear But this perception is fearfully wrong The frightening fact is that in trying to deny the reality of the spirit world we have made ourselves more vulnerable than ever to the attacks of dark angels In Wrestling with Dark Angels some of today s most respected theologians offer their views on spiritual warfare and how the Christian can deal effectively with its dangerous powers Discerning the Spirit(s) Amos Yong,2019-03-08 Efforts to construct a Christian theology of religions have inevitably stumbled on the Christian scandal of particularity the historical Jesus of Nazareth What however if we began by focusing on the universal presence and activity of God in the world as symbolized by the Holy Spirit Yong develops just such a pneumatological approach to religions drawing by way of resource on the Pentecostal charismatic experience of the Spirit This book thus invites Pentecostals charismatics and other Christians to conceive of how a pneumatological approach to religions can invigorate the wider ecumenical conversation At the same time it also brings recent Pentecostal charismatic scholarship into dialogue with a broader audience including those interested in philosophical theology world religions global spiritualities and comparative religion and theology Sin and Politics Jeong Kii Min,2009 Sin and Politics Issues in Reformed Theology is an overview of the relationship between sin and politics from the reformational point of view This short theological history is comprised of three parts politics without sin creational politics politics with sin fallen politics and politics beyond sin redeemed politics As a creation of human culture politics have been tainted with sinful distortion in this world but will be recovered in the future Kingdom by the eternal kingship of the Lord of Lords Sin and Politics includes a summary and commentary on political discussions by various Reformed theologians It uncovers the Reformed tradition s positive regard for politics and the profound theological root of politics *Spiritual Warfare Strategy* C. Peter Wagner,2011-07-19 Discover how Jesus and the early Church overcame the enemy and you can overcome too We live in a day when the Holy Spirit is speaking strongly to the churches about aggressively retaking the dominion over creation that Adam forfeited to satan This level of spiritual warfare is a new ministry area to many Kingdom minded believers *Spiritual Warfare Strategy* provides a biblical and theological rationale as well as practical tools for advancing God s Kingdom Dr C Peter Wagner examines the role spiritual warfare played in Christ s ministry and among His first followers and applies it to today s battle **Mission in the Spirit** Julie C. Ma,Wonsuk Ma,2010 **The Spirit of Creation** Amos Yong,2011-05-17 Is a pentecostal charismatic worldview defensible in light of contemporary science In *The Spirit of Creation* Amos Yong demonstrates that pentecostal thought does indeed have merit in scientific contexts What s more he argues that pentecostal charismatic views regarding the dynamic presence and activity of the Spirit of God and the pluralistic cosmology of many spirits have something important to add to the broad discussion now taking place at the crossroads of science and religion Interacting with many scientific fields of study including psychology sociology evolutionary science cosmology and more Yong s *Spirit of Creation* demonstrates the significance of pentecostal

ideas to the ongoing dialogue between theology and science      **Called and Empowered** Murray W. Dempster, Byron D. Klaus, Douglas Petersen, 1991-10-01 An unprecedented mix of pentecostal theology and mission practice virtually a manifesto for pentecostal missions The fullest and finest missiological treatise originating within classical Pentecostalism available Russell P Spittler      **Guiding Light** Kevin George Hovey, 2019-04-18 Rev Dr Alan Tippett was arguably one of the leading missiologists of the twentieth century Through his prolific pen poignant observations and powerful insights he significantly influenced mission research and activity in the period of the 1960s to 1980s This was particularly facilitated through his research writing and teaching at the Institute of Church Growth Fuller Theological Seminary School of World Mission and his inaugural editorship of the American Society of Missiology s journal Missiology An International Review Yet for those who did not know Tippett s material well the very specific nature of his research and writing limited the influence of his insights For example without already knowing the pertinent content why would a missionary to Thailand think of reading Tippett s Solomon Islands Christianity However according to Doug Priest editor of a number of Tippett s posthumous publications this volume has done what even Tippett himself did not do and that is to capture the key features of his missiology in one volume So Guiding Light functions as an in depth overview of The Essential Alan Tippett I can attest that the nature of Tippett s material continued to inform and inspire me throughout the eleven years of the research and writing of this study

*Interdisciplinary and Religio-Cultural Discourses on a Spirit-Filled World* V. Kärkkäinen, K. Kim, A. Yong, 2013-09-12 This volume presents interdisciplinary intercultural and interreligious approaches directed toward the articulation of a pneumatological theology in its broadest sense especially in terms of attempting to conceive of a spirit filled world      Lived Islam in Africa and Its Missiological Implications for Pentecostals Dieudonne Komla Nuekpe, 2023-11-30 Islam and Christianity are often presented as violent rivals facing each other across a gulf of insurmountable differences Yet if Christians are to effectively engage Muslims with the gospel they must learn to build bridges across this divide This study explores the Muslim presence in Ghana a nation once believed to be resistant to Islam and analyses the missiological implications for Pentecostals the fastest growing group of Christians in the country Dr Dieudonne Komla Nuekpe examines the shared spiritual heritage of Ghanaian Pentecostals and folk Muslims within the broader context of African traditional religion He proposes that this shared heritage with its emphasis on supernatural encounters and the spiritual realm can provide common ground for Pentecostals seeking to peacefully and respectfully engage Muslims with the gospel Identifying the existential experiential and theological needs at the heart of folk Islam this book offers a practical guide for constructive Muslim Christian engagement in Ghana and beyond This study also challenges missiologists both scholars and practitioners to engage in critical contextualization that considers a culture s indigenous religious practices when seeking to build bridges to the gospel      Field Guide to the Wild World of Religion Pamela Dewey, 2013-02 The American religious scene in 1955 was a very tame and predictable world It matched the tame predictable world of women s clothing where most women going out

shopping wore a dress with coordinating gloves hat and shoes And it matched the tame predictable world of children s toys where almost every young girl yearned for a baby doll that said Ma Ma and almost every boy needed a coonskin cap Choices of fashions toys preachers and churches were limited and domesticated Fifty years later the tame predictable world of 1950s fashions and toys is long gone Women go shopping in everything from sweatshirts and jeans to tube tops and short shorts And both boys and girls want the latest Sponge Bob Square Pants video game The same kind of transformation has gone on in the world of religion It is no longer tame and predictable either Welcome to the Wild World of Religion of the 21st Century Explore its habitats identify some of the inhabitants and learn about their characteristics and customs in this Field Guide

Wesleyan Pneumatology, Pentecostal Mission, and the Missio Dei Jody B. Fleming, 2021-05-18 In Wesleyan Pneumatology Pentecostal Mission and the Missio Dei Jody B Fleming argues that missiology in a Wesleyan context has been heavily influenced by the Western worldview and needs renewal Spirituality is central to living in many non western cultures integrated with the physical world of everyday life Wesleyan traditions may need to renew and strengthen the pneumatology found in their mission theory and praxis As the center of Christianity is shifting to the global south Pentecostal and charismatic expressions of the faith are becoming more prominent Without forfeiting their solid foundations what might the Wesleyan traditions learn from their theological cousins about engagement with the Holy Spirit How might pneumatology be renewed in order to address spiritual beliefs found in other cultures in both global and local settings Renewal also includes the indigenous voice as essential for understanding cultural dynamics and spirituality Contextualization is not new to missiology and so mission theory is explored from Latin American scholars as another point for renewal Partnerships in mission and the role of the Holy Spirit are highlighted in the of field work conducted in Venezuela In Renewing the Spark the author suggests that a fresh look at pneumatology will more effectively articulate the gospel in holistic and spirit centered non western cultures
