Meditating on these unique designs which each focus on a particular chakra and an organ body part or system such as the heart, eyes, lungs, or skin draws upon the endless power of the spirit as a force for physical healing, allowing us to tap into our inner springs of vitality and help restore our being to wholeness and balance. The 30 mandala meditations have been specially created to enhance the meditator's relationship with his or her own body, ease common symptoms of imbalance and stress, and address specific health concerns including headaches and migraines, joint stiffness, fatigue, anxiety symptoms, and chronic aches and pains. Organized around the 7 chakra system, the book introduces each chakra in depth along with signs of an over or underactive chakra and a mandala meditation to strengthen the chakra. This is followed by specific meditations on individual physical, emotional, mind, or soul aspects the chakra regulates, as well as meditations for pain relief and energy boost, supporting the skin and senses, and tuning connections within the brain to help with mind and memory. The book also illustrates how clearing the chakras with visualization and meditation can boost energy, enhance the immune system, and bring a change of perspective to everyday life.
