Benjamin Harris, 2018-08-30 The book which inspired the Sharpe Novels Just as in the Sharpe Novels by Bernard Cornwell  
the Prince s Own 95th Rifles was a real regiment and there was a real Rifleman Harris for it is his recollections which are  
published in this volume There was indeed a soldier who joined the rifles and was soon made a sergeant By the end of the  
wars he had unusually risen to be a commissioned officer see Ch XV It is believed that it is this story which inspired the  
character of Richard Sharpe Harris story starts after he had been recruited and was now in turn on a recruiting drive In this  
volume he recounts anecdotes about his officers believe me all enlisted men have such stories about their officers He also  
recounts occurrences of desertion and the penalties if caught cases of treachery and accounts of camaraderie There is even  
an account of how he held a perfectly rational conversation with a fellow rifleman during the heat of battle no easy feat when  
you re using a muzzle loader All of these are retold at some point during the Sharpe Novels Also recorded are the battles in  
which the part he and the 95th took part Here you can read of the battles of Roli a Vimiero Slamanca and the retreat to  
Corunna Read also of the stories of A cobbler and the cannon ball A lubberly artilleryman Major Travers and his wig and how  
the 95th routed Boney s Invincibles If a soldier survived the Peninsula War he would have had the opportunity to augment his  
meagre wages by plundering what items of value the enemy left behind In many cases this meant picking over the dead  
Hence there was the opportunity to finish the war a lot wealthier than he could have imagined The wives and dependants of  
the soldiers were also allowed to pick over the dead at the end of each battle In most cases it would mean cutting off brass  
buttons and removing belts If they were lucky they may find an officer s sword or pistols Many would convert their pickings  
to cash or use them to trade for food for themselves and any children they may have with them Harris himself was illiterate  
He is thought to have been born in Portsea Portsmouth into a family of shepherds and this was his way of life until he joined  
the army in 1803 His recollections were recorded for him after the war at some stage in the middle of the 1830s by an officer  
who knew him Captain Henry Curling editor of this volume Curling then kept the manuscript until 1848 when he succeeded

in getting it published So we invite you to download this very interesting first hand account of an enlisted man who inspired the story of Richard Sharpe and the Sharpe Novels

**HISTORICAL NOTE** The Prince s Own 95th underwent a few reinventions and amalgamations during the Peninsula Wars ending the Napoleonic wars as The Rifle Brigade They were still in existence during WWI and at the outbreak of WWII they were part of The 1st Battalion Rifle Brigade and performed with distinguished service during both World Wars On 1 January 1966 the regiment was amalgamated with the 1st Green Jackets 43rd and 52nd and the King s Royal Rifle Corps to form The Royal Green Jackets The 1st Battalion The Royal Green Jackets final operation was in Basra Iraq on Operation Telic in 2006 7 Thereafter they were reorganised and amalgamated in 2007 with a few other regiments to become The Rifles

**The Recollections of Rifleman Harris** Benjamin Harris,2019-11-13 Diaries memoirs and letters by officers of the Napoleonic era abound but there are few reminiscences by common foot soldiers This extraordinarily vivid and entirely authentic report by British rifleman Benjamin Harris offers rare glimpses of life among the enlisted men Harris s personal anecdotes brimming with ready wit and memorable descriptions tell of military life from the bottom up the soldiers camaraderie amid physical hardships and inadequate supplies and equipment their endemic drunkenness and frequent hunger the terrible punishments meted out for even small infractions and the narrow margin between death and survival In the mid 1830s Harris was working as a London cobbler when he met a former British Army officer who asked him to recount his wartime experiences A natural storyteller with a remarkable tale to tell Harris recalled his years of active service which began in 1803 when he joined the 95th Regiment of Foot in Ireland and were followed by campaigns from 1808 to 1809 in Portugal and Spain First published in 1848 this memoir was neither popular nor well received during Harris s lifetime but since its rediscovery in the early twentieth century it has become one of the most valuable documents of the Peninsular War

Recollections of Rifleman Harris Benjamin Harris, 1848 The Recollections of Rifleman Harris constitute one of the few sources which depict the Napoleonic Wars from the viewpoint of an infantry soldier Benjamin Harris was born in Portsmouth England around 1781 He saw his first military action at the Battle of Copenhagen in 1807 Victorious he and his regiment sailed back to English soil upon captured Danish vessels and spent time recuperating The following year Harris and his comrades in arms were sent to Portugal there they met stiff resistance in a series of battles taking losses at Roli a and Vimiero Their expedition was finally trapped in northern Spain with the remaining army of John Moore their state dire depleted yet determined Harris eventually managed to depart from Vigo in Galicia his constitution severely impacted by harsh conditions Nevertheless in summer of 1809 he was again ready for a new expedition the Walcheren Campaign on the Dutch coast Conceived as a means of opening a new front in the ongoing War of the Fifth Coalition this mission proved ill fated though the troops swiftly seized the Walcheren marshlands feverish sickness rapidly spread through the ranks killing thousands Transcribed from Harris dictation in the 1830s and published in 1848 this work remains a classic wartime memoir

*Recollections of Rifleman Harris, (Old 95th) with anecdotes of his Officers and his Comrades. Edited by H. Curling* John HARRIS (Rifleman.), Henry CURLING, 1848

**Recollections of Rifleman Harris, (old 95th)** M S, 2018-01-02 The following pages describing the chequered life of a private soldier who served during the most glorious period of our military history speak so plainly for themselves as scarcely to need any introductory remarks from the editor further than the assurance of his own sincere conviction of their truth Such works as the narratives of Rifleman Harris from the very nature of their details afford occasionally more graphic sketches of the actual scenes of war in its stern realities and concomitant circumstances than the more stately and largely grouped pictures of the Historian
