**Publications on Religions in China, 1981-1989** ,1991 The Turning of the Tide Julian F. Pas,1989 Undoubtedly the greatest problem facing religion in China today is the fundamentally irreconcilable contradiction between Marxism and religious world views These essays published by the Hong Kong Branch of the Royal Asiatic Society in association with Oxford University Press and written by an international group of scholars critically examine different aspects of the present religious state in China Not Seeing Snow: Musō Soseki and Medieval Japanese Zen Molly Vallor,2019-08-26 Not Seeing Snow Musō Soseki and Medieval Japanese Zen offers a detailed look at a crucial yet sorely neglected figure in medieval Japan It clarifies Musō's far reaching significance as a Buddhist leader waka poet landscape designer and political figure In doing so it sheds light on how elite Zen culture was formed through a complex interplay of politics religious pedagogy and praxis poetry landscape design and the concerns of institution building The appendix contains the first complete English translation of Musō's personal waka anthology Shōgaku Kokushish **Chinese Religion** Gary Seaman,1993 **Zen Classics** Steven Heine,Dale S. Wright,2006 A companion volume to The Koan and The Zen Canon this text concentrates primarily on texts from Korea and Japan that brought the Zen tradition to fruition **Selected Works of D.T. Suzuki, Volume III** Daisetsu Teitaro Suzuki,2016-08-02 Daisetsu Teitaro Suzuki was a key figure in the introduction of Buddhism to the non Asian world Many outside Japan encountered Buddhism for the first time through his writings and teaching and for nearly a century his work and legacy have contributed to the ongoing religious and cultural interchange between Japan and the rest of the world particularly the United States and Europe This third volume of Selected Works of D T Suzuki brings together a diverse collection of Suzuki's letters essays and lectures about non Buddhist religions and his thoughts on their relation to Buddhism as well as his reflections on the nature of religion itself Some of these writings have been translated into English for the first time in this volume As a long term resident of the United States a world traveler and a voracious consumer of information about all forms of religion Suzuki was one of the foremost Japanese mediators of Eastern and Western religious cultures for nearly seven decades An introduction by Jeff Wilson and Tomoe Moriya analyzes Suzuki's frequent encounters with texts and practitioners of many religions considers how events in Suzuki's lifetime affected his interpretations of Christianity Shinto and other traditions and demonstrates that his legacy as a scholar extends well beyond Buddhism On Life and Nature in

Japan Iwao Matsuhara, 1964      *Chan Insights and Oversights* Bernard Faure, 2020-09-01 For many people attracted to Eastern religions particularly Zen Buddhism Asia seems the source of all wisdom As Bernard Faure examines the study of Chan Zen from the standpoint of postmodern human sciences and literary criticism he challenges this inversion of traditional Orientalist discourse whether the Other is caricatured or idealized ethnocentric premises marginalize important parts of Chan thought Questioning the assumptions of Easterners as well including those of the charismatic D T Suzuki Faure demonstrates how both West and East have come to overlook significant components of a complex and elusive tradition Throughout the book Faure reveals surprising hidden agendas in the modern enterprise of Chan studies and in Chan itself After describing how Jesuit missionaries brought Chan to the West he shows how the prejudices they engendered were influenced by the sectarian constraints of Sino Japanese discourse He then assesses structural hermeneutical and performative ways of looking at Chan analyzes the relationship of Chan and local religion and discusses Chan concepts of temporality language writing and the self Read alone or with its companion volume *The Rhetoric of Immediacy* this work offers a critical introduction not only to Chinese and Japanese Buddhism but also to theory in the human sciences      Zen Pioneer Isabel Stirling, 2007-08-28 Ruth Fuller Sasaki who died in 1967 was a pivotal figure in the emergence and development of Zen Buddhism in the United States She is the only Westerner and woman to be made a priest of a Daitoku ji temple and was mentor to Burton Watson Philip Yampolsky and Gary Snyder and mother in law of Alan Watts This is the first biography of her remarkable life Few devoted their lives to Zen Buddhism as Ruth Fuller did As a senior student of Sokei an Sasaki in New York Ruth helped him develop the infrastructure of what would eventually become The First Zen Institute in New York City She married Sasaki in 1944 and it was her mission to maintain the Institute and later to establish The First Zen Institute of America in Japan Her legacy remains today in the Zen facilities she helped build in New York and abroad and in the many texts she saw through translation published from the 1950s to the 1970s For the first time in book form three of her writings are included here *Zen A Religion* *Zen A Method for Religious Awakening* and *Rinzai Zen Study for Foreigners in Japan*      The Poetry Demon Jason Protass, 2021-07-31 Chinese Buddhist monks of the Song dynasty 960 1279 called the irresistible urge to compose poetry the poetry demon In this ambitious study Jason Protass seeks to bridge the fields of Buddhist studies and Chinese literature to examine the place of poetry in the lives of Song monks Although much has been written about verses in the gong'an Jpn k'an tradition very little is known about the large corpora roughly 30 000 extant poems composed by these monastics Protass addresses the oversight by using strategies associated with religious studies literary studies and sociology He weaves together poetry with a wide range of monastic sources and in doing so argues against positing a literary Chan movement that wrote poetry as a path to awakening he instead presents an understanding of monks poetry grounded in the Song discourse of monks themselves The work begins by examining how monks fashioned new genres created their own books and fueled a monastic audience for monks poetry It traces the evolution of g' th from hymns

found in Buddhist scripture to an independent genre for poems associated with Chan masters as living buddhas While Song monastic culture produced a prodigious amount of verse at the same time it promoted prohibitions against monks participation in poetry as a worldly or Confucian art This constructive tension was an animating force The Poetry Demon highlights this and other intersections of Buddhist doctrine with literary sociality and charts productive pathways through numerous materials including collections of Chan recorded sayings monastic rulebooks eminent monk and flame record hagiographies manuscripts of poetry Buddhist encyclopedia primers and s tra commentary Two chapter length case studies illustrate how Song monks participated in two of the most prominent and conservative modes of poetry of the time those of parting and mourning Protass reveals how monks used Chan humor with reference to emptiness to transform acts of separation into Buddhist teachings In another chapter monks in mourning expressed their grief and dharma through poetry The Poetry Demon impressively uncovers new and creative ways to study Chinese Buddhist monks poetry while contributing to the broader study of Chinese religion and literature

**Reinventing the Tripitaka** Greg Wilkinson, Jiang Wu, 2017-09-20 The Chinese Buddhist canon is a systematic collection of all translated Buddhist scriptures and related literatures created in East Asia and has been regarded as one of the three treasures in Buddhist communities Despite its undisputed importance in the history of Buddhism research on this huge collection has remained largely the province of Buddhologists focusing on textual and bibliographical studies We thus aim to initiate methodological innovations to study the transformation of the canon by situating it in its modern context characterized by intricate interactions between East and West as well as among countries in East Asia During the modern period the Chinese Buddhist canon has been translated edited digitized and condensed as well as internationalized contested and ritualized The well known accomplishment of this modern transformation is the compilation of the Taisho Canon during the 1920s It has become a source of both doctrinal orthodoxy as well as creativity and its significance has greatly increased as Buddhist scholarship and devotionism has utilized the canon for various ends However it is still unclear what led to the creation of the modern editions of the Buddhist canon in East Asia This volume explores the most significant and interesting developments regarding the Chinese Buddhist canon in modern East Asia including canon formation textual studies historical analyses religious studies ritual invention and digital research tools and methods
