**Red Emma Speaks** Emma Goldman, 1979 *Red Emma Speaks* Emma Goldman, 1972 **Red Emma Speaks** Alix Kates Shulman, 1979 **Red Emma Speaks. Selected Writings and Speeches. Comp. and Ed. by A. Kates Shulman** Emma Goldman, A. Kates Shulman, 1972 The Claims of Experience Nolan Bennett, 2019-08-21

Why have so many figures throughout American history proclaimed their life stories when confronted by great political problems The *Claims of Experience* provides a new theory for what makes autobiography political throughout the history of the United States and today Across five chapters Nolan Bennett examines the democratic challenges that encouraged a diverse cast of figures to bear their stories Benjamin Franklin amid the revolutionary era Frederick Douglass in the antebellum and abolitionist movements Henry Adams in the Gilded Age and its anxieties of industrial change Emma Goldman among the first Red Scare and state opposition to radical speech and Whittaker Chambers amid the second Red Scare that initiated the anticommunist turn of modern conservatism These historical figures made what Bennett calls a claim of experience By proclaiming their life stories these authors took back authority over their experiences from prevailing political powers and called to new community among their audiences Their claims sought to restore to readers the power to remake and make meaning of their own lives Whereas political theorists and activists have often seen autobiography to be too individualist or a mere documentary source of evidence this theory reveals the democratic power that life narratives have offered those on the margins and in the mainstream If they are successful claims of experience summon new popular authority to surpass what

their authors see as the injustices of prevailing American institutions and identity Bennett shows through historical study and theorization how this renewed appreciation for the politics of life writing elevates these authors distinct democratic visions while drawing common themes across them This book offers both a method for understanding the politics of life narrative and a call to anticipate claims of experience as they appear today

**Undomesticated Ground** Stacy Alaimo, 2019-01-24 From Mother Earth to Mother Nature women have for centuries been associated with nature Feminists troubled by the way in which such representations show women controlled by powerful natural forces and confined to domestic space have sought to distance themselves from nature In Undomesticated Ground Stacy Alaimo issues a bold call to reclaim nature as feminist space Her analysis of a remarkable range of feminist writings as well as of popular journalism visual arts television and film powerfully demonstrates that nature has been and continues to be an essential concept for feminist theory and practice Alaimo urges feminist theorists to rethink the concept of nature by probing the vastly different meanings that it carries She discusses its significance for Americans engaged in social and political struggles from for example the Indian Wars of the early nineteenth century to the birth control movement in the 1920s to contemporary battles against racism and heterosexism Reading works by Catherine Sedgwick Mary Austin Emma Goldman Nella Larsen Donna Haraway Toni Morrison and others Alaimo finds that some of these writers strategically invoke nature for feminist purposes while others cast nature as a postmodern agent of resistance in the service of both environmentalism and the women s movement By examining the importance of nature within literary and political texts this book greatly expands the parameters of the nature writing genre and establishes nature as a crucial site for the cultural work of feminism

**I Am Not a Man, I Am Dynamite!** John Moore, Spencer Sunshine, 2004 As the primary liberatory project anarchism the project which aims at the abolition of all forms of power control and coercion remains entitled to appropriate the work of one of the greatest iconoclasts of all time And although Nietzsche was rather harsh on his anarchist contemporaries or more precisely on a type of contemporary anarchist he nevertheless in some respects shared with them a vision of total transformation The notion of a transvaluation of all values clearly remains not merely compatible with but an integral component of the anarchist project and the idea of philosophy with a hammer underlies the anarchist commitment to radical social transformation John Moore in *Attentat Art* This collection of essays is intended to examine various dimensions of the interactions between anarchism and Nietzsche The aim of this volume is twofold first to provide instances of the historical appropriation of Nietzsche by anarchists and second to provide instances of appropriations and readings of Nietzsche by contemporary anarchist thinkers and commentators The volume is thus divided into two sections the historical and the contemporary or in other words the periods of modernity and postmodernity The historical section comprises four essays which consider

historical appropriations of Nietzsche from a variety of ideological perspectives from the early twentieth century Daniel Colson provides an overview of Nietzsche and the libertarian tradition and focusses on the appropriation of Nietzsche by French anarcho syndicalists Leigh Starcross reconstructs the ideas of Emma Goldman on Nietzsche and thus investigates an important intersection between anarchism individualism and feminism Allan Antliff considers the synthesis between anarchism Eastern traditions and Nietzschean thought effected by Ananda Coomaraswamy providing an important post colonialist perspective to the topic Finally the modernity section includes the neglected but historically significant 1902 essay by the British anarchist Guy Aldred who provides an early and brief but very sophisticated anarchist reading of Nietzsche The book s second section explores the relevance of Nietzsche to contemporary anarchism At the core of this section are five essays by Andrew Koch Franco Riccio Salvo Vaccaro Saul Newman and Max Cafard which from different perspectives deal with post structuralist and post modern readings of Nietzsche and consider their appropriateness or otherwise for anarchists These specific engagements with contemporary interpretations of Nietzsche are complemented by two essays focusing on specific aspects of Nietzsche s work from anarchist perspectives John Moore provides an anarchist post situationist interpretation of Nietzsche s aesthetics and Peter Lamborn Wilson considers the Islamic dimensions of Nietzsche s philosophy

**Gender and Protest** Frank Jacob, Jowan A.

Mohammed, 2023-09-05 For centuries women and other gendered minorities had to protest to gain equality. Their demands were often matched by counter protest from conservative forces within historical societies that intended to return to old orders or good old times. The present volume will take a closer look at the interrelationship between gender and protest and analyze in detail how gender related perspectives stimulated protests and initiated historical changes. Through historical case studies that range from antiquity until modern times specialists from different countries and disciplines discuss reasons for protest, gender as a factor that stimulated social conflicts and the power of gendered protests of the past with regards to their impact and long term impact until today.
