Red On Red Native American Literary Separatism:

Red on Red Craig S. Womack, 1999 How can a square peg fit into a round hole It can't How can a door be unlocked with a pencil It can't How can Native literature be read applying conventional postmodern literary criticism It can't That is Craig Womack's argument in *Red on Red* Indian communities have their own intellectual and cultural traditions that are well equipped to analyze Native literary production These traditions should be the eyes through which the texts are viewed To analyze a Native text with the methods currently dominant in the academy according to the author is like studying the stars with a magnifying glass In an unconventional and piercingly humorous appeal Womack creates a dialogue between essays on Native literature and fictional letters from Creek characters who comment on the essays Through this conceit Womack demonstrates an alternative approach to American Indian literature with the letters serving as a Creek chorus that offers answers to the questions raised in his more traditional essays Topics range from a comparison of contemporary oral versions of Creek stories and the translations of those stories dating back to the early twentieth century to a queer reading of Cherokee author Lynn Riggs's play *The Cherokee Night* Womack argues that the meaning of works by native peoples inevitably changes through evaluation by the dominant culture *Red on Red* is a call for self-determination on the part of Native writers and a demonstration of an important new approach to studying Native works one that engages not only the literature but also the community from which the work grew **Red on Red**, 1999 American Indian Literary Nationalism Jace Weaver, Craig S. Womack, Robert Allen Warrior, 2006 A study of Native literature from the perspective of national sovereignty and self-determination **The Columbia Guide to American Indian Literatures of the United States Since 1945** Eric Cheyfitz, 2006 The Columbia Guide to American Indian Literatures of the United States Since 1945 is the first major volume of its kind to focus on Native literatures in a postcolonial context Written by a team of noted Native and non-Native scholars these essays consider the complex social and political influences that have shaped American Indian literatures in the second half of the twentieth century with particular emphasis on core themes of identity sovereignty and land In his essay comprising part I of the volume Eric Cheyfitz argues persuasively for the necessary conjunction of Indian literatures and federal Indian law from Apsákwik to Alexie Part II is a comprehensive survey of five genres of literature fiction Arnold Krupat and Michael Elliott poetry Kimberly Blaesser drama Shari Huhndorf nonfiction David Murray and autobiography Kendall Johnson and discusses the work of Vine Deloria Jr N Scott Momaday Joy Harjo Simon Ortiz Louise Erdrich Leslie Marmon Silko Gerald Vizenor Jimmy Santiago Baca and Sherman Alexie among many others Drawing on historical and theoretical frameworks the contributors examine how American Indian writers and critics have responded to major developments in American Indian life and how recent trends in Native writing build upon and integrate traditional modes of storytelling Sure to be considered a groundbreaking contribution to the field The Columbia Guide to American Indian Literatures of the United States Since 1945 offers both a rich critique of history and a wealth of new information and

insight **Tribal Theory in Native American Literature** Penelope Myrtle Kelsey, 2008-01-01 Scholars and readers continue to wrestle with how best to understand and appreciate the wealth of oral and written literatures created by the Native communities of North America Are critical frameworks developed by non Natives applicable across cultures or do they reinforce colonialist power and perspectives Is it appropriate and useful to downplay tribal differences and instead generalize about Native writing and storytelling as a whole Focusing on Dakota writers and storytellers Seneca critic Penelope Myrtle Kelsey offers a penetrating assessment of theory and interpretation in indigenous literary criticism in the twenty first century Tribal Theory in Native American Literature delineates a method for formulating a Native centered theory or more specifically a use of tribal languages and their concomitant knowledges to derive a worldview or an equivalent to Western theory that is emic to indigenous worldviews These theoretical frameworks can then be deployed to create insightful readings of Native American texts Kelsey demonstrates this approach with a fresh look at early Dakota writers including Marie McLaughlin Charles Eastman and Zitkala a and later storytellers such as Elizabeth Cook Lynn Ella Deloria and Philip Red Eagle This book raises the provocative issue of how Native languages and knowledges were historically excluded from the study of Native American literature and how their encoding in early Native American texts destabilized colonial processes Cogently argued and well researched Tribal Theory in Native American Literature sets an agenda for indigenous literary criticism and invites scholars to confront the worlds behind the literatures that they analyze *American Indian Literature*

Morra, 2010-02-10 Troubling Tricksters is a collection of theoretical essays creative pieces and critical ruminations that provides a re-visioning of trickster criticism in light of recent backlash against it The complaints of some Indigenous writers the critique from Indigenous nationalist critics and the changing of academic fashion have resulted in few new studies on the trickster For example The Cambridge Companion to Native American Literature 2005 includes only a brief mention of the trickster with skeptical commentary And in 2007 Anishinaabe scholar Niigonwedom Sinclair a contributor to this volume called for a moratorium on studies of the trickster irrelevant to the specific experiences and interests of Indigenous nations One of the objectives of this anthology is then to encourage scholarship that is mindful of the critic's responsibility to communities and to focus discussions on incarnations of tricksters in their particular national contexts The contribution of Troubling Tricksters therefore is twofold to offer a timely counterbalance to this growing critical lacuna and to propose new approaches to trickster studies approaches that have been clearly influenced by the nationalists call for cultural and historical specificity Learn, Teach, Challenge Deanna Reder, Linda M. Native American Studies Clara Sue Kidwell, Alan R. Velie, 2005-01-01 Native American Studies covers key issues such as the intimate relationship of culture to land the nature of cultural exchange and conflict in the period after European contact the unique relationship of Native communities with the United States government the significance of language the vitality of contemporary cultures and the variety of Native artistic styles from literature and poetry to painting and sculpture to performance arts Indigenous Poetics in Canada Neal McLeod, 2014-05-28 Indigenous Poetics in Canada broadens the way in which Indigenous poetry is examined studied and discussed in Canada Breaking from the parameters of traditional English literature studies this volume embraces a wider sense of poetics including Indigenous oralities languages and understandings of place Featuring work by academics and poets the book examines four elements of Indigenous poetics First it explores the poetics of memory collective memory the persistence of Indigenous poetic consciousness and the relationships that enable the Indigenous storytelling process The book then explores the poetics of performance Indigenous poetics exist both in written form and in relation to an audience Third in an examination of the poetics of place and space the book considers

Cultural Grammars of Nation, Diaspora, and Indigeneity in Canada Christine Kim, Sophie McCall, Melina Baum Singer, 2012-05-09 Cultural Grammars of Nation Diaspora and Indigeneity in Canada considers how the terms of critical debate in literary and cultural studies in Canada have shifted with respect to race nation and difference In asking how Indigenous and diasporic interventions have remapped these debates the contributors argue that a new cultural grammar is at work and attempt to sketch out some of the ways it operates The essays reference pivotal moments in Canadian literary and cultural history and speak to ongoing debates about Canadian nationalism postcolonialism migrancy and transnationalism Topics covered include the Asian race riots in Vancouver in 1907 the cultural memory of internment and dispersal of Japanese Canadians in the 1940s the politics of migrant labour and the domestic labour scheme in the 1960s and the trial of Robert Pickton in Vancouver in 2007 The contributors are particularly interested in how diaspora and indigeneity continue to contribute to this critical reconfiguration and in how conversations about diaspora and indigeneity in the Canadian context have themselves been transformed Cultural Grammars is an attempt to address both the interconnections and the schisms between these multiply fractured critical terms as well as the larger conceptual shifts that have occurred in response to national and postnational arguments
