Red Star Over Cuba The Russian Assault O:

Red Star Over Cuba Nathaniel Weyl (author.),1960 This is the shocking story of how a Soviet inspired People s Republic was created within 90 miles of the United States shoreline Completely up to date it tells the true facts behind the failure of the Cuban invasion attempt of last April and points the finger of responsibility at men on the highest level of the United States government Publisher **RED STAR OVER CUBA** NATHANIEL WEYL, *The Last American Rebel in Cuba* Terry K. Sanderlin,2012-04-26 After his four year hitch in the marines was up in 1957 Richard Sanderlin met another Norfolk Virginia native Frank Sturgis Marine Corps veteran Army Intelligence Officer and future Watergate burglar Richard and Frank relocated to Miami Florida where they ran an arms and munition smuggling operation into Cuba bound for the rebels of Fidel Castro During the summer of 1958 Richard Sanderlin traveled to the Sierra Maestra Mountains in Oriente Province Cuba where he trained the rebels of Fidel and Raul Castro in military strategy tactics weapon handling and hand to hand fighting After completing the training of Raul Castros Second Front Richard led a guerrilla band into ten combat operations against the Batista army This is the story an idealistic young warrior who fought against the tyranny of dictatorship only to be betrayed by a communist conspiracy led by Fidel Castro **Red Scared!** Michael Barson,Steven Heller,2001-04 Red Scared offers valuable lessons from the vault on how to identify Communists media reports on the jolly side of Stalin guidelines for bomb shelter chic and much more As they did in their other lively pop culture histories Teenage Confidential and Wedding Bell Blues Michael Barson and Steven Heller once again bring the nearly forgotten details of American culture into full relief with Red Scared BOOK JACKET **Guerrilla Prince: The Untold Story Of Fi** Georgie Geyer,2011-02-01 Based on hundreds of interviews conducted over many years in 28 countries including extensive personal interviews with Castro himself Georgie Anne Geyer reveals the untold story of Fidel Castro in this definitive biography The Moncada Attack Antonio Rafael De la Cova,2007 The account of Fidel Castro s rise to power is not complete without mention of the failed attacks of July 26 1953 on the Cuban army garrisons at Moncada and Bayamo This text views this initial overthrow attempt as a propaganda victory that marked the start of Castro s ascent to national power **Three Revolutions** Simon Hall,2025-07-01 A salve for our current reactionary times ANDREW HARTMAN The gripping untold story of how six epic journeys launched the three communist revolutions that changed world history forever From the streets of Petrograd during the heady autumn of 1917 to Mao s stunning victory in October 1949 and Fidel s triumphant arrival in Havana in January 1959 the history of the twentieth century was transformed in dramatic and profound ways by the Russian Chinese and Cuban revolutions In Three Revolutions the stories of these epoch defining events are told together for the first time At the heart of each revolution was an epic journey Lenin s 1917 return to Russia from exile in Switzerland Mao s Long March of 1934 35 covering some 6 000 miles across China and Fidel Castro s return to Cuba in 1956 following his exile in Mexico Told in tandem with these are the corresponding journeys of three extraordinary journalists John Reed Edgar Snow and Herbert L

Matthews whose electric testimony from the frontlines of each revolution would make a decisive contribution to how these revolutions were understood in the wider world Here in Simon Hall s masterful retelling these six remarkable journeys are brought vividly to life Featuring a stellar cast extraordinary drama and an epic sweep Three Revolutions raises fundamental questions about the nature of political power the limits of idealism and the role of the journalist questions that remain of utmost urgency today

Latin America's Wars Volume II: The Age of the Professional Soldier, 1900-2001 Robert L. Scheina,2003-07-31 The second volume in Robert Scheina s definitive study of Latin American military history draws upon years of extensive research and teaching in the field Although wags in the United States have quipped that if Latin America s military forces were not constantly seeking political power they would have nothing to do Scheina describes how these men have not only bravely defended their own homelands from foreign enemies but have also gone abroad to fight in both world wars and in the Korean War This groundbreaking volume also examines the numerous U S interventions in Latin America during the twentieth century and the various motivations for them ranging from the petty interests of influential North American businesses to global concerns with grand strategy which for example resulted in the building of the Panama Canal Scheina concludes by exploring the role of Latin America in the Cold War and Colombia s ongoing conflict with the drug cartels He focuses on operational history in the context of war as an instrument of politics and society including insightful analyses of the military as an institution and of its relations with civilian government Latin America s Wars fills a void in the literature broadens U S readers understanding of their neighbors and serves as a point of departure for new scholarship

Cuba 1952-1959 Manuel Márquez-Sterling,2009 Author Manuel Márquez Sterling writes about Fidel Castro and his revolution from direct personal experience as a historian with broad and deep knowledge of 50s Cuba The author knew and had contact with many of the historical figures in the book s pages His penetrating analysis of the public and behind the scenes events clears the fog and shatters myths to reveal the real story of the Cuban Revolution The book explains how Castro came to power through the convergence of rabid partisanship radical student politics media bias and venal politicians who placed self interest ahead of preserving democracy Facing a constitutional crisis these parties espoused the end justifies the means embracing political gangsterism and eschewing negotiations with political opponents resulting in a power vacuum Castro exploited to seize power Masterful propaganda cast Castro as pro democracy hero avoiding scrutiny of his plans for a totalitarian state under his control

The Cuban Connection Eduardo Sáenz Rovner,2009-06-01 A comprehensive history of crime and corruption in Cuba The Cuban Connection challenges the common view that widespread poverty and geographic proximity to the United States were the prime reasons for soaring rates of drug trafficking smuggling gambling and prostitution in the tumultuous decades preceding the Cuban revolution Eduardo Saenz Rovner argues that Cuba s historically well established integration into international migration commerce and transportation networks combined

with political instability and rampant official corruption to help lay the foundation for the development of organized crime structures powerful enough to affect Cuba's domestic and foreign politics and its very identity as a nation Saenz traces the routes taken around the world by traffickers and smugglers After Cuba the most important player in this story is the United States The involvement of gangsters and corrupt U S officials and businessmen enabled prohibited substances to reach a strong market in the United States from rum running during Prohibition to increased demand for narcotics during the Cold War Originally published in Colombia in 2005 this first English language edition has been revised and updated by the author

Living Ideology in Cuba Katherine Gordy, 2015-06-02 A revealing look at the complicated and continual negotiation between the Cuban state and society over the meaning of socialism **Casebook on Insurgency and Revolutionary Warfare**, 2012 **The Latin American Nations Today** Raymond Estep, 1964 *Journey To The Heart Of Cuba* Carlos Alberto Montaner, 2001 This is the story of the Cuban Revolution and what caused it the psychology of its protagonists and a critical assessment of its results by a Cuban born journalist author and professor residing in Spain In a disquieting epilogue the author dares to National Union Catalog, 1956 Includes entries for maps and atlases Casebook on Insurgency and Revolutionary Warfare American University (Washington, D.C.). Cuba Geoff Simons, 1996-02-12 This book provides a detailed history of Cuba from before the arrival of Columbus to 1995 Topics covered include the Spanish colonisation the role of Christianity slavery the US interventions the Mafia connection the Castro revolution and Cuba's struggle to survive in the so called Special Period following the collapse of the Socialist bloc Particular attention is given to the prolonged US efforts to overthrow the Castro regime involving the United States in violations of international law and crimes against humanity Latin American Political Yearbook Jr. Breene, 2018-01-16 In the sixth volume of this annual series Robert G Breene provides a comprehensive overview analysis and summary of the political and economic trends and events in Central America MERCOSUR the Andean and Caribbean nations and Mexico Analyzing these developments within the individual nations their respective regions and the world at large this yearbook offers a timely look at the relevant background and information necessary to understand the changing nature of politics in Latin America today A significant development has been the growing nexus of Marxist Leninist and Muslim terrorism Before the turn of the new century portents of this development were discernable in the long terrorist war conducted against the democratic West by those followers of Lenin Stalin and their successors This has now been transformed into a crusade against non Muslim societies The materials included here attest to the fact that the hemispheric left and Cuba were involved in terror long before it suddenly materialized in the United States As this volume records Castro was in Teheran in May 2001 where he pledged that the peoples and governments of Iran and Cuba can bring the U S to its knees Four months later terrorists of the Al Qaeda network destroyed the World Trade Center and struck the Pentagon In replying to this outrage the Bush administration identified an Axis of Evil which did not include either the Cuban or Chinese Communist regimes two

original seats of international terror As this volume demonstrates however whether neatly includable in the axis or otherwise Castro and his political allies u Hugo Rafael Chbvez Fryas of Venezuela Lula da Silva of Brazil and others u are closely associated with at least one avowed member state of the Axis In addition to its analysis of these and other new developments the Yearbook continues its invaluable coverage of election results throughout Latin America Brimming with information not readily available through the American media this series is essential reading for political scientists journalists Latin America area specialists and historians Robert G Breene Jr has been a fighter pilot a newspaper correspondent in Central America a professor of physics and the owner and operator of a 600 head cattle ranch in Nevada He is currently head of the Latin American News Syndicate in San Antonio Texas
