H. Winnick, 2019-04-18 In Tennyson's Poems New Textual Parallels R. H. Winnick identifies more than a thousand previously unknown instances in which Tennyson phrases of two or three to as many as several words are similar or identical to those occurring in prior works by other hands discoveries aided by the proliferation of digitized texts and the related development of powerful search tools over the three decades since the most recent major edition of Tennyson's poems was published Each of these instances may be deemed an allusion meant to be recognized as such and pointing for definable purposes to a particular antecedent text an echo conscious or not deliberate or not meant to be noticed or not meaningful or not or merely accidental Unless accidental Winnick writes these new textual parallels significantly expand our knowledge both of Tennyson's reading and of his thematic intentions and artistic technique Coupled with the thousand plus textual parallels previously reported by Christopher Ricks and other scholars he says they suggest that a fundamental and lifelong aspect of Tennyson's art was his habit of echoing any work ancient or modern which had the potential to enhance the resonance or deepen the

meaning of his poems The new textual parallels Winnick has identified point most often to the King James Bible and to such canonical authors as Shakespeare Milton Dryden Pope Thomson Cowper Shelley Byron and Wordsworth But they also point to many authors rarely if ever previously cited in Tennyson editions and studies including Michael Drayton Richard Blackmore Isaac Watts Erasmus Darwin John Ogilvie Anna Letitia Barbauld Letitia Elizabeth Landon John Wilson and with surprising frequency Felicia Hemans Tennyson's Poems New Textual Parallels is thus a major new resource for Tennyson scholars and students an indispensable adjunct to the 1987 edition of Tennyson's complete poems edited by Christopher Ricks

Ice Hours Marion Starling Boyer, 2023-01-01 Ice Hours is a suite of poems set in majestic and severe Antarctica chronicling the nearly forgotten story of the Ross Sea party Weaving historical and scientific research into lilting verse Marion Starling Boyer follows the adventurers who sailed on the Aurora at the beginning of World War I to support Sir Ernest Shackleton's 1914-1917 Imperial Trans Antarctic Expedition These poems reveal the characters of the explorers and the conflicts they faced during the two years they labored to lay a chain of supply depots across the ice unaware that Shackleton would never come because his ship the Endurance sank on the opposite side of the continent The Ross Sea men battled frozen wastelands scurvy snow blindness starvation hypothermia and frostbite while their ship the Aurora was ice trapped marooning them without vital equipment clothing fuel and food Through lyric and formal poetic forms Ice Hours brings to life the close of a heroic period interwoven with the brooding voice of the Antarctic continent evoking themes of what occurs when humanity engages with the sublime

Rudenstine,2014-11-18 Shakespeare s sonnets are the greatest single work of lyric poetry in English as passionate and daring as any love poems we may ever encounter and yet they are often misunderstood Ideas of Order A Close Reading of Shakespeare s Sonnets reveals an underlying structure within the 154 poems that illuminates the entire work and provides a guide for first time readers as well as scholars that inspires a new understanding of this complex masterpiece Elizabethan scholar and former Harvard University president Neil L Rudenstine makes a compelling case for the existence of a dramatic arc within the work through an expert interpretation of distinct groups of sonnets in relationship to one another The sonnets show us a poet in turmoil whose love for a young man who returns his affections is utterly transformative binding him in such an irresistible way that it survives a number of infidelities And the poet and the young man are drawn in to a cycle of lust and betrayal by a dark lady a woman with the power to make love groan Rudenstine s reading unveils the relationship between major groups of poems the expressions of love the transgressions the longings the jealousies and the reconciliations This critical analysis is accompanied by the text of all of Shakespeare s sonnets Accessible and thought provoking Ideas of Order is an invaluable companion to this cornerstone of literature *Poetry.
