Robin Waterfield explores the fascinating world of hypnosis tracing the history of this often misunderstood craft beginning with a passage in the book of Genesis and continuing through his own personal experiences today Waterfield uses the history and controversy surrounding the practice of hypnosis to gain insight into our behavior and psychology and considers how hypnotic techniques have been absorbed into society through advertising media and popular culture Global Wallace Lucas Thompson, 2018-06-28 David Foster Wallace is invariably seen as an emphatically American figure Lucas Thompson challenges this consensus arguing that Wallace's investments in various international literary traditions are central to both his artistic practice and his critique of US culture Thompson shows how time and again Wallace's fiction draws on a diverse range of global texts appropriating various forms of world literature in the attempt to craft fiction that critiques US culture from oblique and unexpected vantage points Using a wide range of comparative case studies and drawing on extensive archival research Global Wallace reveals David Foster Wallace's substantial debts to such unexpected figures as Jamaica Kincaid Julio Cortázar Jean Rhys Octavio Paz Leo Tolstoy Zbigniew Herbert and Albert Camus among many others It also offers a more comprehensive account of the key influences that Wallace scholars have already perceived such as Fyodor Dostoevsky Franz Kafka and Manuel Puig By reassessing Wallace's body of work in relation to five broadly construed geographic territories Latin America Russia Eastern Europe France and Africa the book reveals the mechanisms with which Wallace played particular literary traditions off one another showing how he appropriated vastly different global texts within his own fiction By expanding the geographic coordinates of Wallace's work in this way Global Wallace reconceptualizes contemporary American fiction as being embedded within a global exchange of texts and ideas Bitten Pamela Nagami, 2005-09-01 We've all been bitten And we all have stories The bite attacks featured in this dramatic book take place in big cities small towns and remote villages around the world and throughout history Some are as familiar and contemporary as encounters with mosquitoes in New York City and snakes in southern California's Hollywood Hills or as exotic and foreign as the tsetse in equatorial Africa the camel in Riyadh and the Komodo dragon in Indonesia While others such as people biting other people well these are in a category of their own Among the startling stories and fascinating facts in Bitten o A six year old girl descends into weeks of extreme lassitude until a surgeon plucks an engorged tick from her scalp o A diabetic living in the West Indies awakes one morning to a rat eating his left great and second toes o A twenty eight year old man loses a third of his nose to a bite by his wife o In San Francisco after a penile bite a man develops flesh eating strep which spreads to his lower abdomen o Severe bites by rabid animals to the face and digits because of their rich nerve supply are the most likely to lead to rabies and have the shortest incubation periods o Following the bite of a seal or contact with its tissues sealers develop such agonizing pain and swelling in their bites that far from medical care they sometimes amputate their own fingers o Perhaps the most devastating human bite wound injuries are those involving the nose doctors in Boroko near Papua New Guinea reported a series of ninety five human bites treated in the Division of Surgery from 1986 to 1992

twelve were to the nose nine in women and three in men and in most of the cases the biter was an angry spouse With reports from medical journals case histories colleagues and from her own twenty eight year career as a practicing physician and infectious diseases specialist Pamela Nagami's *Bitten* offers readers intrigued by human infection and disease and mesmerized by creatures in the wild a compulsively readable narrative that is entertaining sometimes disgusting and always enjoyable
