Red Moon A Novel:

Red Moon Kim Stanley Robinson, 2018-10-23 *Red Moon* is a magnificent novel of space exploration and political revolution from New York Times bestselling author Kim Stanley Robinson. It is thirty years from now and we have colonized the moon. American Fred Fredericks is making his first trip; his purpose is to install a communications system for China's Lunar Science Foundation. But hours after his arrival, he witnesses a murder and is forced into hiding. It is also the first visit for celebrity travel reporter Ta Shu. He has contacts and influence, but he too will find that the moon can be a perilous place for any traveler. Finally, there is Chan Qi. She is the daughter of the Minister of Finance and without doubt a person of interest to those in power. She is on the moon for reasons of her own, but when she attempts to return to China in secret, the events that unfold will change everything on the moon and on Earth.

Red Moon Benjamin Percy, 2013-05-07 Award-winning author Benjamin Percy presents an explosive and deeply layered literary thriller set in the American West. They live among us. They are our neighbors, our mothers, our lovers. They change. When government agents kick down Claire Forrester's front door and murder her parents, Claire realizes just how different she is. Patrick Gamble was nothing special until the day he got on a plane and hours later stepped off it the only passenger left alive. A hero, Chase Williams, has sworn to protect the people of the United States from the menace in their midst, but he is becoming the very thing he has promised to destroy. So far, the threat has been controlled by laws and violence and drugs. But the night of the red moon is coming when an unrecognizable world will emerge and the battle for humanity will begin.

Red Moon David Michaels, Brenton Daniel, 2007-09 July 13, 1969 Three days before Apollo 11 lifts off from Cape Canaveral, the Soviet Union launches Luna 15, a rocket carrying the lunar lander Firebird. They later claim it was a failed robotic probe concealing a final attempt at beating America in the moon race and sealing the fate of its lone occupant, Grigor Belinsky, a cosmonaut blackmailed into flying the one-way mission. July 2019 A multinational mission lands on the moon's Sea of Crises. American astronaut Janet Luckman leads a team in search of the Mother Lode, lunar ice laced with Helium-3, a desperately needed energy source. The future of humanity rides on Luckman's success. Luckman discovers the Firebird and recovers its flight log, but the body of its mystery cosmonaut, Belinsky, is missing. Facing a 51-hour deadline, the dangerous lunar environment, and a traitorous crew member bent on murder, she struggles to find the Mother Lode and uncover Belinsky's fate. A firestorm erupts on Earth as both American and Russian authorities attempt to hide the truth about Firebird. As renowned scientist Milo Jefferson investigates the Firebird mystery in Moscow, he finds himself in a hall of mirrors created by the sinister genius leading Russia's new Tsarist government, Mikhail Rabikoff. Rabikoff knows that the revelation of Belinsky's fate could topple his regime and will risk the fate of humanity in his attempt to elude Jefferson's inquiries and destroy the truth.

Low Red Moon Caitlin R. Kiernan,2007-08-07 Several years after the events in Threshold Chance and Deacon have married They re looking ahead to the future trying to put the past behind them But new nightmares await them as a woman with a need for violence enters their lives And something even worse has followed her

The Red Moon Kuwana Haulsey,2002-01-29 The moon was red on the night my mother died Fat fairly bursting as I remember it rode so low in the sky that it grazed the backs of the leopards who hissed and spat and cursed it for interrupting the hunt It caressed the thorny tips of the acacia trees bending them seeming to crush them with light In The Red Moon newcomer Kuwana Haulsey has crafted a strikingly beautiful coming of age story set amid the turbulent history of modern Kenya The novel centers on Nasarian the daughter of a successful Samburu herdsman and his Somali fourth wife On the verge of adulthood Nasarian finds herself trapped between the demands of her traditional tribal life and her desire to live abroad as a writer When her parents die suddenly Nasarian s plan to escape her sheltered world is undermined by her scornful brother Lolorok Disgusted by Nasarian s refusal to be circumcised and thus initiated into the traditional role of wife and mother Lolorok allows his sister to be inherited by a distant cousin Nasarian is convinced that no matter how hard she fights she will never be allowed to call her life her own She is dogged by the memory of her father who was caught in the midst of a brutal war branded with the name Mau Mau imprisoned as a terrorist She is haunted by the spirit of her mother captured in a bloody raid and destined like Nasarian to be an outcast Nasarian runs away sparking a sweeping journey of discovery that evokes fifty years and three generations of her family history Weaving ancient myth and folklore into the tapestry of Nasarian s personal quest The Red Moon chronicles the yearning of a brave young woman while simultaneously depicting a nation s equally fierce search for a truthful and lasting spiritual independence Stunning in its revelations The Red Moon portrays incisively a way of life rarely glimpsed by those who have not experienced its richness and survived its terror With an intensity rare in modern fiction The Red Moon takes readers into the heart of an incredibly courageous young woman
