Klein, Condoleezza Rice, Julia Levy, 2014-05-14 The United States failure to educate its students leaves them unprepared to compete and threatens the country's ability to thrive in a global economy and maintain its leadership role This report notes that while the United States invests more in K 12 public education than many other developed countries its students are ill prepared to compete with their global peers According to the results of the 2009 Program for International Student Assessment PISA an international assessment that measures the performance of 15 year olds in reading mathematics and science every three years U S students rank fourteenth in reading twenty fifth in math and seventeenth in science compared to students in other industrialized countries The lack of preparedness poses threats on five national security fronts economic growth and competitiveness physical safety intellectual property U S global awareness and U S unity and cohesion says the report Too many young people are not employable in an increasingly high skilled and global economy and too many are not qualified to join the military because they are physically unfit have criminal records or have an inadequate level of education The report proposes three overarching policy recommendations implement educational expectations and assessments in subjects vital to protecting national security make structural changes to provide students with good choices and launch a national security readiness audit to hold schools and policymakers accountable for results and to raise public awareness **U.S. Strategy for Pakistan and Afghanistan** Richard Lee Armitage, Samuel R. Laney, 1998 This report sponsored by the Council on Foreign Relations was done by an Independent Task Force on Managing Change on the Korean Peninsula Noting that the new Republic of Korea government has taken steps to open North Korea to broader contacts with the outside world while asserting that it will brook no military aggression from the North the Task Force recommends a parallel and supportive approach for U S policy **Strengthening Palestinian Public Institutions** Yazīd Şāyigh, Michel Rocard, Khalīl Shiqāqī, Henry Siegman, 1999 A report of the Council on Foreign Relations sponsored independent task force Strengthening Palestinian Public Institutions chaired by Michel Rocard and directed by Henry Siegman Released June 28 1999 **The Drug Dilemma** Jason Stone, Andrea Stone, 2003 The anthology is designed as a starting point for academic debate about illegal drugs The 25 reprinted articles cover reducing harm and reduction law enforcement supply reduction the European Union's drug policies and terrorism and drugs Each appends suggested topics for debate They are not i
