Thomas J. Courchene

Retooling The Welfare State Whats Right Whats Wrong Whats To Be Done:

Retooling the Welfare State John Richards, C.D. Howe Institute, 1997 **Beyond the Welfare State** Sirvan Karimi, 2017-01-01 In *Beyond the Welfare State* Sirvan Karimi utilizes a synthesis of Marxian class analysis and the power resources model to provide an analytical foundation for the divergent pattern of public pension systems in Canada and Australia

Workfare Maeve Quaid, 2002-01-01 Quaid delves into the definition and history of workfare and then continues with a critical and comparative analysis of workfare programs in six jurisdictions California Wisconsin New York Alberta Ontario and New Brunswick

Recasting the Social in Citizenship Engin F. Isin, 2008-11-07 Previous notions of what constitutes citizenship within a country have been steadily challenged by the movement towards a globalized world Examining the everyday habits of citizens and non citizens the contributors to *Recasting the Social in Citizenship* show how citizenship has increasingly been determined by social behaviours rather than by civil or political affiliations Broadening the debate by interpreting the social not only as rights and privileges but also as everyday struggles this volume offers studies that range from environmental and security issues to transnational migration and military transformations It further discusses debates over multiculturalism and integration and takes a fresh look at how social activities such as eating commuting smoking as well as sexual habits of citizens and non citizens have become increasingly governed by the state Tracing developments in politics and social actions that have bound together citizens and non citizens Engin F Isin and the volume s contributors explore the social sites that have become objects of government and considers how these subjects are sites of contestation resistance differentiation and identification In doing so they provide significant insights into the changing states of citizenship and social governance making *Recasting the Social in Citizenship* an engaging collection that will be of interest to sociologists political scientists and anyone with a concern about immigration and citizenship

Critical Policy Studies Michael Orsini, Miriam Smith, 2011-11-01 Traditional definitions of public policy in Canada have been challenged in recent years by globalization the transition to a knowledge based economy and the rise of new technologies *Critical Policy Studies* describes how new policy problems such as border screening and global warming have been catapulted onto the agenda in the neo liberal era The book also surveys the recent evolution of critical approaches to policy studies which have transformed decades old issues Contributors conceptualize the ways in which public policy questions cut across the traditional fields of policy They cover both topical approaches such as Foucauldian and post empiricist analysis and new applications of established perspectives such as political economy Conventional methodologies reveal new connotations when used to explore such topics as security issues Canadian sovereignty welfare reform environmental protocol Aboriginal policy and reproductive technologies *Critical Policy Studies* provides an alternative to existing approaches to policy studies and will be welcomed by scholars students and practitioners of political science and public policy

A State of Minds Thomas J. Courchene, 2001 What happens when the world changes in ways that make

Canada's physical capital, natural resources and geography once the ultimate competitive advantages, less important than knowledge, information, technological know-how and human capital. What happens to Canadians in a state of minds? Thomas Courchene examines the political structures that link local, provincial and federal governments and challenges many longstanding beliefs about how society should be organised and financed. While focusing on Canadian competitiveness in a global economy, Courchene shows us how an open federal state like Canada can achieve both economic prosperity and social justice. Always provocative, Courchene blends compelling analysis and reasoned insight with a prescription for change: To stay ahead of the competitive curve and protect the Canadian way of life, Canada must become a state of minds. **Designing**

Government Pearl Eliadis, Margaret M Hill, Michael Howlett, 2005-02-14 How do governments govern today and how well do they do it? How do governments choose the tools or instruments they will use to get things done? In today's world, how could these decisions be improved from the standpoint of efficiency, effectiveness, legitimacy and accountability? **Designing Government** brings together leading experts to examine the instrument choice perspective on government and public policy over the past two decades. The authors examine such issues as accountability, effectiveness, sustainability, legitimacy and the impact of globalization. The debate is enriched by contributors from several countries who provide a comparative context and most importantly help chart a course for the future. Moving beyond the traditional regulatory sphere and its preoccupations with deregulation and efficiency, the authors trace the complex relationships between instrument choices and governance. **Designing Government** encourages the reader to consider factors in the design of complex mixes such as issues of redundancy, context, the rule of law and accountability. These latter factors are especially central in today's world to the design and implementation of effective instrument choices by governments and ultimately to good governance. The authors conclude in fact that seeing instrument choice itself as part and parcel of designing government and achieving good governance is both the promise and the challenge for instrument-based perspectives in the years ahead. Contributors include Hans Bressers, University of Twente; Neil Gunningham, Australian National University; John Hoornbeck, University of Pittsburgh; Margaret Hill, Infrastructure Canada; Michael Howlett, Simon Fraser University; Bridget Hutter, London School of Economics and Political Science; Pierre Issalys, Université Laval; R. Jean Landry, Université Laval; Roderick A. Macdonald, McGill University; Larry O. Toole, University of Georgia; B. Guy Peters, University of Pittsburgh; Michael J. Prince, University of Victoria; Sean Rehaag, University of Toronto; Arthur B. Ringeling, Erasmus University; Stephen J. Toope, McGill University; Michael J. Trebilcock, University of Toronto; Frédéric Varone, Université Catholique de Louvain, Belgium; and Kernaghan Webb, Carleton University. **People, Politics, and Child Welfare in British Columbia** Leslie T. Foster, Brian Wharf, 2011-11-01 **People, Politics, and Child Welfare in British Columbia** traces the evolution of policies and programs intended to protect children in BC from neglect and abuse. Analyzing this evolution reveals that child protection policy and practice has reflected the priorities of politicians and public servants in power. With few exceptions, efforts to establish effective programs have focused

on structural arrangements staffing responsibilities and rules to regulate the practice of child welfare workers Contributors to this book conclude that these attempts have been unsuccessful thus far because they have failed to address the impact of poverty on clients The need to respect the cultural traditions and values of First Nations clients has also been ignored Effective services require recognizing and remedying poverty s impact establishing community control over services and developing a radically different approach to the day to day practice of child welfare workers People Politics and Child Welfare in British Columbia provides a crucial assessment of the state of child welfare in the province Practitioners scholars and students in social work child and youth care education and other human service professions will find this book particularly important Federalism, Democracy and Labour Market Policy in Canada Queen's University (Kingston, Ont.).

Institute of Intergovernmental Relations, Queen's University (Kingston, Ont.). School of Policy Studies, 2000 In Federalism Democracy and Labour Market Policy in Canada the authors provide comprehensive assessments of the current state of governance within the areas of income support for the unemployed active labour market measures and youth policy The analysis focuses on how the current state of governance reflects a combined commitment to specific social policy goals principles of federalism and democratic oversight of the policy making process This volume sheds new light on the complex nature of the intergovernmental regimes governing labour market policy It makes recommendations concerning how different governance structures might better serve both Canadians and the federation **Social Fabric Or Patchwork**

Quilt Jeff Keshen, Raymond Benjamin Blake, 2006-01-01 Both historical and contemporary features of Canadian social welfare are explored in this wide ranging and in depth collection Social Fabric or Patchwork Quilt explores the evolution of the Canadian social welfare state from a system based upon voluntarism and philanthropy to one in which the State s involvement has increased considerably It also shows how the roles of governments at all levels have changed in recent times Chapters describe the developing Canadian welfare state from Confederation to the present Beginning with an integrative framework in the general introduction the selected essays represent many perspectives chronological regional multidisciplinary and ideological An important feature of this collection is the consideration of providers and recipients Such wide ranging outlooks are possible given the diverse backgrounds of contributors which include historians sociologists social workers public policy experts and political scientists As well as historical and sociological studies topics include key programs discussed in detail the quality of services received by principal target groups new directions in research some contributions even revisit foundational older works and key government documents
