Goldenberg, 2009-04-11 How old is prejudice against black people Were the racist attitudes that fueled the Atlantic slave trade firmly in place 700 years before the European discovery of sub Saharan Africa In this groundbreaking book David Goldenberg seeks to discover how dark skinned peoples especially black Africans were portrayed in the Bible and by those who interpreted the Bible Jews Christians and Muslims Unprecedented in rigor and breadth his investigation covers a 1 500 year period from ancient Israel around 800 B C E to the eighth century C E after the birth of Islam By tracing the development of anti Black sentiment during this time Goldenberg uncovers views about race color and slavery that took shape over the centuries most centrally the belief that the biblical Ham and his descendants the black Africans had been cursed by God with eternal slavery Goldenberg begins by examining a host of references to black Africans in biblical and postbiblical Jewish literature From there he moves the inquiry from Black as an ethnic group to black as color and early Jewish attitudes toward dark skin color He goes on to ask when the black African first became identified as slave in the Near East and in a powerful culmination discusses the resounding influence of this identification on Jewish Christian and Islamic thinking noting each tradition s exegetical treatment of pertinent biblical passages Authoritative fluidly written and situated at a richly illuminating nexus of images attitudes and history The Curse of Ham is sure to have a profound and lasting impact on the perennial debate over the roots of racism and slavery and on the study of early Judaism Christianity and Islam
