Reunion of Revenge Ronald F. Smith, 2000-08 Whether you know it or not, you are constantly sending out a message to everyone with whom you come in contact. What message are you sending? Some people are a joy to be around; they brighten up the room when they enter. There are unfortunately others who brighten up the room when they leave. You have total control over which person you will be. The tiptoe attitude of enthusiasm will be presented to you in this book in a way perhaps you've never considered. Ralph Waldo Emerson said, "No great act has ever been accomplished without enthusiasm." F. W. Woolworth said, "A man can do anything if for that thing he has enthusiasm." What is enthusiasm? Is it the back slapper or the guy with a bone-crushing handshake or the sunshine grin? If you have any of those characteristics, you will send a message that will be interpreted positively by some and negatively by others. Whether you wish you had it or believe you want it, you will discover the real meaning of enthusiasm and never be the same. In fact, what you learn about enthusiasm will be the most valuable lesson you will learn in this life, guaranteed.

Reunion of Revenge Kathie DeNosky, 2006 Thirteen years ago Nick Daniels had been minutes away from marrying Cheyenne Holbrook when the wedding came to a startling halt. Forced out of town by Cheyenne's powerful menacing father, Nick vowed to return and seek revenge on the woman he believed had turned on him. Now an unexpected inheritance made Nick the owner of a Wyoming ranch and Cheyenne's boss. All Nick's fantasies for revenge were about to come true. But first he'd have to fight off some other desires.

New Techniques of Grief Therapy Robert A. Neimeyer, 2021-09-30 New Techniques of Grief Therapy: Bereavement and Beyond expands on the mission of the previous two Techniques books, featuring innovative approaches to address the needs of those whose lives have been shadowed by loss, whether through bereavement, serious illness, the rupture of a relationship, or other complex or intangible losses, such as of an identity-defining career. The book starts with several framing chapters by prominent theorists that provide a big picture orientation to grief work and follows with a generous toolkit of creative therapeutic techniques described in concrete detail and anchored in illustrative case studies to convey their use in actual practice. New Techniques of Grief Therapy is an indispensable resource for professionals working in hospice, hospital, palliative care, and elder care settings; clinicians in broader health care and mental health care practices; executive coaches; and students in the field of grief therapy.
