INTERPRETATIVE VIEWS OF THE REVELATION

See the [Schematic depiction](#) of the major interpretative views. There is considerable disagreement on how the book of the Revelation should be interpreted. Therefore it is **strongly** recommended that you consider performing **your own** inductive study prior to consulting a commentary. The greatest challenge in studying the Revelation is to allow God to say what He says and not try to **spiritualize** or **allegorize** the text. The single best inductive study in my opinion is the Precept Ministries International 4 part study on the Revelation (see below). I would also recommend the Precept inductive study on Daniel (Click [Daniel 1-6 - Living Out a Biblical Worldview](#) or [Daniel 7-12 -Gaining Understanding of the Time of the End](#)) (Click here for links to commentaries on Daniel) because the truths in the book of the Revelation have their foundation in the prophesy in Daniel. To state it another way, a full understanding of the book of the Revelation is virtually impossible without an accurate understanding of the book of Daniel, especially Daniel 2, Daniel 7, Daniel 8 and Daniel 10-12 (Clue: These last three chapters deal with the same subject).

Before you consult any commentary, it is important to recognize that there are **four schools of interpretation** of the Revelation and it is critical to know which view the commentary you are consulting espouses. More importantly you should strive to have a good foundation from your own inductive study before you consult even the most respected commentary or otherwise you will almost certainly be confused by the wide diversity of interpretations of the same passage! The **four views of interpretation** are summarized in the following chart (see also [Bibliography](#)).

Cyril Barber in [The Minister's Library - Volume 3](#) has some cautions on a popular book edited by Steve Gregg, Steve, ed. *Revelation: Four Views. A Parallel Commentary* writing the following -

"Combines four major ways to interpret John's vision taking a careful look at the postmillennial, amillennial, and premillennial views before discussing the preterist, [historicist](#), futurist, and idealist interpretations. Though lauded by some modern neo-orthodox theologians, this work suffers from some unfortunate limitations (e.g., where futuristic approaches are criticized for assigning everything after chapter 4 to a very limited period of history, and the critique of a literal millennium, etc.). Often the

Argument is War: Relevance-Theoretic Comprehension of the Conceptual Metaphor of War in the Apocalypse

Clifford Winters,2020-09-25 In Argument is War Relevance Theoretic Comprehension of the Conceptual Metaphor of War in the Apocalypse Clifford T Winters demonstrates that the apparent war in the Apocalypse is rather telling the story of the gospel how Christ will restore Israel and through them the rest of the world When Revelation is viewed through the corrective lens of cognitive linguistics its violence becomes victory its violent characters become Christ and its bloody end becomes the blessed beginning of the New Jerusalem Revelation is simply telling the story of the early church the Gospels and Acts to the early church and it is using a conceptual metaphor ARGUMENT IS WAR to do it

The Apostolic Fathers and Paul Todd D. Still,David E. Wilhite,2016-12-01 Building on the work of Tertullian and Paul this volume continues a series of specially commissioned studies by leading voices in New Testament Early Christianity and Patristics studies to consider how Paul was read interpreted and received by the Church Fathers In this volume the use of Paul s writings is examined within the work of the Apostolic Fathers Issue of influence reception theology and history are examined to show how Paul s work influenced the developing theology of the early Church The literary style of Paul s output is also examined The contributors to the volume represent leading lights in the study of the Apostolic Fathers as well as respected names from the field of New Testament studies

Messiah and Exaltation Andrew Chester,2007 Andrew Chester focuses on Jewish messianic hope intermediary figures and visionary traditions of human transformation particularly in the Second Temple period and analyzes their significance for the origin and development of New Testament Christology He brings together five previously published essays on these themes these include two long chapters one on Jewish messianic and mediatorial traditions in relation to Pauline Christology the other on messianism and eschatology in early Judaism and Christianity plus one on messiah and Temple in Sibylline Oracles 3 5 Two further essays on the significance of Torah in the messianic age and on resurrection transformation and early Christology have been extensively revised There are also three

substantial new chapters all of which engage closely with recent scholarly debate The first on the origin of Christology argues for the significance of Jewish visionary traditions of human transformation for understanding how high Christology came about at such an early stage within the New Testament The second discusses the complex questions of the definition scope and nature of Jewish messianism especially in relation to the Hebrew Bible and the more recently available Qumran evidence and their significance for the New Testament The third is concerned with what Paul means by the law of Christ and the wider issues raised by this

A Sort of Homecoming Marcia Boniferno, Amanda Jagt, Andrew Stephens-Rennie, 2020-08-04 We live in a culture of collective fear over climate change and mass migration and we experience increasing intense personal anxiety and despair How might the Bible's themes of homecoming and homemaking address our physical emotional and spiritual displacement This collection of essays honors the academic and community work of Brian J Walsh upon his retirement as Campus Minister at the University of Toronto Christian Reformed Campus Ministry The collection is a stunning mosaic at once academic and personal representing the many elements of Brian's life as pastor theologian professor farmer mentor and friend In an age when home feels physically and spiritually elusive for so many this volume reawakens our imaginations to the foundational biblical themes of homecoming and homemaking Academic pastoral personal and timely this volume honors Brian's career and equips readers to engage the fear and anxiety of our age with the hope of the gospel

Postmissionary Messianic Judaism Mark S. Kinzer, 2005-11-01 In recent years a new form of Messianic Judaism has emerged that has the potential to serve as a bridge between Jews and Christians Giving voice to this movement Mark Kinzer makes a case for nonsupersessionist Christianity He argues that the election of Israel is irrevocable that Messianic Jews should honor the covenantal obligations of Israel and that rabbinic Judaism should be viewed as a movement employed by God to preserve the distinctive calling of the Jewish people Though this book will be of interest to Jewish readers it is written primarily for Christians who recognize the need for a constructive relationship to the Jewish people that neither denies the role of Jesus the Messiah nor diminishes the importance of God's covenant with the Jews

A Guide to Biblical Commentaries and Reference Works John F. Evans, 2016-05-03 A Guide to Biblical Commentaries and Reference Works by John F Evans summarizes and briefly analyzes all recent and many older commentaries on each book of the Bible giving insightful comments on the approach of each commentary and its interpretive usefulness especially for evangelical interpreters of the Bible A Guide to Biblical Commentaries and Reference Works is essentially an annotated bibliography of hundreds of commentators More scholarly books receive a longer more detailed treatment than do lay commentaries and highly recommended commentaries have their author's names in bold The author keeps up on the publication of commentaries and intends to update this book every three to four years

Bonds of Imperfection Oliver O'Donovan, Joan Lockwood O'Donovan, 2004 Two of today's leading experts on the Christian political tradition plumb significant moments in premodern Christian political thought using them in original and adventurous ways to clarify criticize

and redirect contemporary political perspectives and discussions Drawing on the Bible and the Western history of ideas Oliver and Joan Lockwood O Donovan explore key Christian voices on the political political action political institutions and political society Covered here are Bonaventure Thomas Ockham Wycliff Erasmus Luther Grotius Barth Ramsey and key modern papal encyclicals The authors discussion takes them across a wide range of political concerns from economics and personal freedom to liberal democracy and the nature of statehood Ultimately these insightful essays point to political judgment as the strength of the past theological tradition and its eclipse as the weakness of present political thought

"Those Who Call Themselves Jews" Philip L. Mayo, 2006-08-01 The nature of Jewish Christian relations at the end of the first century has been a subject of serious study and considerable debate The time between 70 and 150 CE is held to be a volatile time in that Jewish Christian relations were quickly although not uniformly deteriorating This is a time referred to as the partings of the ways when the church was emerging as a religion apart from Judaism Although it has often been neglected in this study of particular interest is the Apocalypse of John since it was written in this dark and turbulent time in Jewish Christian relations John who is a Jewish Christian is writing to what are likely predominantly Gentile churches At first he appears to deny the very name Jew to his ethnic kin while accusing them of belonging to Satan 2 9 3 9 Nevertheless he does not abandon his own Jewish background and theology He makes broad use of the Hebrew Scriptures and Jewish cultic imagery while maintaining a Christian understanding that Jesus is the fulfillment of God s redemptive plan What is of particular interest is how he adopts and adapts this imagery and language and applies it to the church It is John s mix of Jewish imagery with a Christian message that may provide some insight into his perspective on the relationship between these two increasingly polarized sects What exactly this perspective is constitutes the subject of the present discussion
