Revelation Rationality Knowledge And Truth:

Revelation, Rationality, Knowledge & Truth Hazrat Mirza Tahir Ahmad, 1998-06-30 Any divide between revelation and rationality religion and logic has to be irrational If religion and rationality cannot proceed hand in hand there has to be something deeply wrong with either of the two Does revelation play any vital role in human affairs Is not rationality sufficient to guide man in all the problems which confront him Numerous questions such as these are examined with minute attention All major issues which intrigue the modern mind are attempted to be incorporated in this fascinatingly comprehensive statute Whatever the intellectual or educational background of the reader this book is bound to offer him something of his interest It examines a very diverse and wide range of subjects including the concept of revelation in different religions history of philosophy cosmology extraterrestrial life the future of life on earth natural selection and its role in evolution It also elaborately discusses the advent of the Messiah or other universal reformers awaited by different religions Likewise many other topical issues which have been agitating the human mind since time immemorial are also incorporated The main emphasis is on the ability of the Quran to correctly discuss all important events of the past present and future from the beginning of the universe to its ultimate end Aided by strong incontrovertible logic and scientific evidence the Quran does not shy away from presenting itself to the merciless scrutiny of rationality It will be hard to find a reader whose queries are not satisfactorily answered We hope that most readers will testify that this will always stand out as a book among books perhaps the greatest literary achievement of this century *Islam's Response to Contemporary Issues* Hazrat Mirza Tahir Ahmad, 2007 Presents the teachings of Islam regarding peace in the world today An Elementary Study of Islam Hazrat Mirza Tahir Ahmad, 1997 This book is a brief introduction to the five fundamental articles of the Islamic faith P 4 of cover

A. Evans,2020-05-15 How do you prove that you re Muslim This is not a question that most believers ever have to ask themselves and yet for members of India s Ahmadiyya Muslim Community it poses an existential challenge The Ahmadis are the minority of a minority people for whom simply being Muslim is a challenge They must constantly ask the question What evidence could ever be sufficient to prove that I belong to the faith In Far from the Caliph s Gaze Nicholas H A Evans explores how a need to respond to this question shapes the lives of Ahmadis in Qadian in northern India Qadian was the birthplace of the Ahmadiyya community s founder and it remains a location of huge spiritual importance for members of the community around the world Nonetheless it has been physically separated from the Ahmadis spiritual leader the caliph since partition and the believers who live there now and act as its guardians must confront daily the reality of this separation even while attempting to make their Muslimness verifiable By exploring the centrality of this separation to the ethics of everyday life in Qadian Far from the Caliph s Gaze presents a new model for the academic study of religious doubt one that is not premised on a concept of belief but instead captures the richness with which people might experience problematic relationships to truth The Oneness Of GOD Adimu Ali,2018-01-10 Religion and history collide with critical commentary Intersections of Religion and Astronomy Chris Corbally,Darryl Dinell,Aaron Ricker,2020-11-01 This volume examines the way in which cultural ideas about the heavens shape religious ideas and are shaped by them in return Our approaches to cosmology have a profound effect on the way in which we each deal with religious questions and participate in the imaginative work of public and private world building Employing an interdisciplinary team of international scholars each chapter shows how religion and cosmology interrelate and matter for real people Historical and contemporary
