Revelation The Prophecies Apocalypse And Beyond:

Revelation Peter Lorie,1994 From the author of the enormously successful Nostradamus The End of the Millennium and Nostradamus The Millennium and Beyond comes a groundbreaking visually stunning book that offers a soaring message of transformation and rebirth 115 full color photos 30 biblical and astrological drawings 15 original maps index **Revelation** Peter Lorie,1995 The last book of the New Testament Revelation has been an enigma to mankind ever since the Bible first appeared It is a series of predictions which relate to all the time between its writing and the end of the world and many have interpreted its forecasts to be relevant to the last years of this millennium when it is believed that the apocalypse will occur

Three Views on the Millennium and Beyond Zondervan,2010-08-10 Is there biblical evidence for a thousand year earthly kingdom the Millennium ruled by Christ before the fulfillment of the new heaven and new earth Revelation chapter 20 seems to suggest so but few books of the Bible are so difficult to interpret And a discussion of the Millennium branches out into many other theological questions about the end times eschatology Are these the last days What must happen before Jesus returns What part does the church play This Counterpoints volume compares three views of the Millennium Premillennial Christ will come again before this kingdom is established Postmillennial our present age represents that kingdom and that the church is and must move toward the fulfillment of this kingdom Amillennial a future Millennium is not a literal kingdom and when Christ returns he will usher in an immediate new heaven and new earth Robert B Strimple Kenneth L Gentry Jr and Craig A Blaising offer their perspectives giving their exegetical reasoning Each of them then responds to the views held by their peers in a respectful and informative setting making it easy for you to compare their beliefs and gain a better understanding of how this aspect of Christianity's great hope the return of Jesus is understood by the church The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion *Beyond the End of the World - 2012 and apocalypse* Will Black,2010-10 This book cuts through rampant misinformation circulating about 2012 to present a coherent understanding of the Mayan calendar and the significance of the date As an anthropologist and journalist Will Black has conducted research into 2012 millenarianism for several years He consequently offers a much broader and clearer picture than other books on the subject In their haste to jump onto the 2012 bandwagon most authors seem to have forgotten that the Maya are a real people often living in as violently precarious circumstances as their ancestors Will Black demolishes fantasies about crumbling calendar stones before examining the brutal cocaine wars blighting Central America The hedonistic world of many westerners who have become interested in 2012 is contrasted sharply with the lives of ancient and modern Maya The extraordinary world of shamans is contrasted with that of New Age seekers Information about key visionary substances is offered *Beyond Vengeance and Protest* Oliver Nwachukwu,2005 Publisher's description Beyond

Vengeance and Protest takes a fresh look at the Book of Revelation from the point of view of blessing. If John wrote Revelation to tell the Christian communities that he had seen the Lord and to encourage them to persevere, the macarisms underscore his conviction of God's vindication of the righteous who suffer now. With the sevenfold macarisms expressing hope in God's grace, John lays grounds for action by positing the good for which the contrary must be rejected. *Beyond the Impasse* Ronald L. Farmer, 1997. Contemporary biblical scholarship has reached an impasse. The various programs for bridging the gap between the ancient texts and their contemporary theological and ethical appropriation are often unsatisfactory at best and at worst even suspect in their results. We need an effective way to cross the bridge or a new bridge. Ronald Farmer suggests that a process hermeneutic holds promise of moving biblical interpretation beyond the current impasse. This is the first comprehensive introduction to a process hermeneutic. It is not however merely theoretical discussion but moves from the side of biblical scholarship to develop a solid methodology for bridging the gap between text and life. Farmer applies his process hermeneutic to a difficult text, Revelation 4-5, and demonstrates this promising method in a piece of solid, responsible, and instructive interpretation. Death, the End of History, and Beyond Greg Carey, 2023-01-31. What happens at the end of our lives and of the course of history? Will God bring about a just and peaceful world? What lies beyond this realm and what can we know of the beings who dwell there? In *Death, the End of History, and Beyond*, Greg Carey offers resources for understanding multiple, even conflicting ways that the Bible imagines these ultimate realities. Carey opens the Scriptures with a breadth of insight that acknowledges its diversity of viewpoints about what lies beyond the veil, centering hope in God's action to bring good out of evil in our lived realities, in our personal journeys through death and in visions of resurrection and justice restored. An appendix on preaching also invites clergy to help their communities imagine when and how eschatology can inform our lives today. Beyond Da Vinci John Ingram, 2006-07-27. The History of mankind is very cyclical. How often has it been said history repeats itself? Since time immemorial a repetitive theme in the human drama is Gnosticism, a teaching that special hidden knowledge leads to spiritual enlightenment. Gnostic myths have also focused on the sexual union of gods or goddesses with humans. The recent furor over the fictional novel and movie *The Da Vinci Code* has once again challenged the authenticity of the Christian Gospel and brought new focus on Gnostic myths. Readers and moviegoers are encouraged to accept the dubious writings of lost gospels and reject the canonical teachings of the Bible. In those 2nd and 3rd century sources, the real Jesus who interacted with leaders, cared for the weak and sick, even loving the dregs of society, is exchanged for a strange creature that only appears to be human and bears no likeness to the Jewish man who died on a cruel Roman Cross. *Beyond Da Vinci* presents the real Jesus through the rich nuptial imagery of the Old and New Testaments. The reader meets the true Bride of Christ and learns of the incredible consummation of Bride and Bridegroom that is yet to come. Are there false Brides? Was Jesus of Nazareth married? Was he just a man or was he divine? Come partake of this incredible journey through the greatest romance of history, a journey to the truth. Revelation's Hymns Steven Grabner, 2015-02-26.

Revelation s Hymns examines the hymnic pericopes in Revelation in light of the cosmic conflict theme It considers this theme as integral to the development of Revelation s plot Recognizing that critical studies give interpretative primacy to the political realities that existed at the time of Revelation s composition Grabiner responds to the need for an examination of the storyline from the perspective of issues that are of narrative importance Grabiner argues that the cosmic conflict is at the centre of the book s concerns and attempts to determine the function of the hymns with respect to this Previous examinations of the hymns have considered them as a response and or parody to Roman liturgy examples of God s unquestioned sovereignty or expressions of thematic overtones found throughout the book While these approaches make a contribution to a greater understanding of the hymns the relation to the ever present conflict theme has not been explored This study allows the hymnic sections to engage with the larger narrative issue as to who is truly the rightful sovereign of the universe

Prophetic Clocks: Keys to Past, Present, and Beyond Alex T, 2018-05-15 In a thought provoking and spiritually enlightening presentation Alex T combines numerics solar prophetic calendars and historical dates with biblical prophecies that challenge our current understanding of the Bible and introduces new concepts and a numerical methodology that help uncover hidden truths demonstrate numerical connections to important events and address controversial topics Alex T who founded a small Christian congregation offers valuable insight gathered through his own meditation from lively discussions with church brethren s that re examines the timeline from Adam to Christ shows repeat of Daniel s prophecies and previously unknown fulfillments of Hebrew feasts and illustrates how special numerics like 666 and 70 are but prophetic clocks that God uses to connect important events Prophetic Clocks provides numerical historical and biblical evidence that proves that the Bible is an important text that should be taken seriously
