Reason and Revelation Seena Fazel, John Danesh, 2002 **Reason and Revelation in Byzantine Antioch** Alexandre M. Roberts, 2020-06-16 What happened to ancient Greek thought after Antiquity What impact did Abrahamic religions have on medieval Byzantine and Islamic scholars who adapted and reinvigorated this ancient philosophical heritage Reason and Revelation in Byzantine Antioch tackles these questions by examining the work of the eleventh century Christian theologian Abdallah ibn al Fadl who undertook an ambitious program of translating Greek texts ancient and contemporary into Arabic Poised between the Byzantine Empire that controlled his home city of Antioch and the Arabic speaking cultural universe of Syria Palestine Egypt Aleppo and Iraq Ibn al Fadl engaged intensely with both Greek and Arabic philosophy science and literary culture Challenging the common narrative that treats Christian and Muslim scholars in almost total isolation from each other in the Middle Ages Alexandre M Roberts reveals a shared culture of robust intellectual curiosity in the service of tradition that has had a lasting role in Eurasian intellectual history Between Reason and Revelation Eric Ormsby, 2012-05-31 I B Tauris in association with the Institute of Ismaili Studies This is the first English translation of the final philosophical work of the great eleventh century Ismaili thinker poet and Fatimid emissary N sir i Khusraw Appointed from Cairo by command of the Fatimid Imam caliph al Mustansir to serve first as a d and then as the hujjat for the entire region of Khur s n he maintained his allegiance both to his mission and his Imam caliph for the rest of his life even when threatened and driven into exile Written during his exile in Badakhsh n in the year 1070 N sir i Khusraw here develops a powerful presentation of both Aristotelian philosophy and Ismaili exegesis or ta w l and strives to show that they are ultimately in harmony The work is presented as a learned commentary on a long philosophical poem written in the previous century and sent to N sir by the am r of Badakhsh n Al b al Asad who copied the poem out in his own hand from memory and asked the poet philosopher to explicate it In doing so N sir ranges over a huge span of topics from logic and language to the nature of the physical world from the spheres of the highest heavens to the plants and animals of the earthly realm and most importantly hidden spiritual realities the esoteric b tin as well as the exoteric z hir realms He thus discusses the nature of God the creation of human beings and the mysteries concealed in the physical world itself a reflection of a higher transcendent realm Between Reason and Revelation Twin Wisdoms Reconciled is an annotated translation of the Persian text prepared by Henry Corbin and Mohammed Mu n based on the single surviving manuscript of the work now in the S leymaniye Mosque Library in Istanbul It is a work of great philosophical and spiritual insight which is also a pioneering attempt to tackle difficult intellectual problems in the Persian language it is at once lucid and lyrical precise and speculative N sir s influence has been immense as both a poet and a thinker and the Kit b i J mi al hikmatayn is his crowning work
