Revelations 2000 Predictions For The Millennium:

Revelation Craig S. Keener, 2000 The NIV Application Commentary helps readers with the vital task of bringing the ancient message of the Bible into a contemporary context It gives preachers and teachers the tools ideas and insights they need to communicate God s Word with the same powerful impact it had when it was first written **Challenging the**

Professionalization of Adult Education André P. Grace, Tonette S. Rocco, 2009-06-02 This is groundbreaking book examines the influence of the radical educator and social critic John Ohliger and provides a challenge to orthodox approaches to adult education Ohliger s call to focus on the necessity of learning to democracy and his critique of those that fail to keep freedom and responsibility at the center of the learning enterprise provide rich material for the authors reflections on the many ways in which Ohliger s work has influenced contemporary practice in the field The book also includes his most influential works also allows the reader to engage with his ideas directly **The Isaiah Effect** Gregg Braden, 2009-02-04

Seventeen hundred years ago key elements of our ancient heritage were lost relegated to the esoteric traditions of mystery schools and sacred orders Among the most empowering of the forgotten elements are references to a science with the power to bring everlasting healing to our bodies and initiate an unprecedented era of peace and cooperation between governments and nations In his groundbreaking new book The Isaiah Effect Gregg Braden turns to the Isaiah Scroll perhaps the most important of the Dead Sea Scrolls discovered in 1946 to offer insight into a powerful form of ancient prayer In The Isaiah Effect Braden author of Awakening to Zero Point and Walking Between the Worlds combines research in quantum physics with the works of the prophet Isaiah and the ancient Essenes He demonstrates how prophecies of global catastrophe and suffering may only represent future possibilities rather than forecast impending doom and that we have the power to influence those possibilities In addition to describing multiple futures the Isaiah texts take us one step further clearly describing the science of how we choose our futures Tracing key words of Isaiah s text back to their original language we discover how he taught a mode of prayer that was lost to the West during Biblical editing in the fourth century Braden offers detailed accounts of how elements of this mode of prayer have been applied in a variety of situations ranging from healing life threatening conditions to entire villages using collective prayer to prevail during the 1998 fires in southern Peru In each instance the correlation between the offering of the prayer and a shift of the events in question was beyond coincidence the prayers had measurable effects As modern science continues to validate a relationship between our outer and inner worlds it becomes more likely that a forgotten bridge links the world of our prayers with that of our experience Each time we engage ourselves our loved ones and our communities with Isaiah s life affirming message of hope we secure nothing less than our future and the future of the only home we know **Handmaiden of Death: Apocalypse and Revelation** Alexandra

Simon-López, Mankhrawbor Dunai, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 The future holds many secrets that it will not reveal to us easily Pry as we may the curtain of mystery is too difficult to completely unveil

It is no surprise therefore that there have been many attempts to imagine what these future possibilities may be More often than not the future projections inevitably paint a picture of desolation and destruction The varying social as well as environmental forces that assault our world always seem to indicate an impending doom around the corner if we don't buck the trend of passive disregard for the ills of the present world The apocalypse seems like an inevitable event This volume therefore does brilliantly in capturing this quest for answers in a world that seems to be hurling towards different imaginings of the end Whether imagined through the voices of doomsayer prophets the wonderfully expressive lens of the digital media or the pages of literature the volume will take the reader through the different discourses regarding the apocalypse and what we can learn from it To safeguard our future this volume seeks to offer answers to prevent our world from going up in flames

Commentaries website at <http://www.bbibcomm.net> *Revelation from Now to Forever* John Barnett, 2004 **2012** Anna Maria Belcastro, 2011-10-20 This book is about humanity's evolutionary journey to higher consciousness It reveals what was intended for us from the very beginning All is laid bare in Universal Time Cycles and their mandates Our resistance to these mandates has contributed to our present state of wars violence and an earth struggling to sustain us We have reached a level of evolution which can no longer deny the true purpose of our being the expression of our spiritual nature on the earth Now in the 21st Century this is stamped non negotiable If we truly want peace then we must be willing to work together with the Universal mandates for our time only in this way can we realistically give peace a chance Anna Belcastro is a Numerology Profiler and Life Purpose Counsellor Her study research and incisive application of number in our lives and in our world is made evident within the pages of this book www.annabelcastro.com **Revelation 12-22 (ITC)** Peter J.

Leithart, 2018-02-22 The Book of Revelation is the last book in the canon of the New Testament and its only apocalyptic document though there are short apocalyptic passages in various places in the gospels and the epistles This second of two volumes on Revelation offers a systematic and thorough interpretation of the latter chapters of the book Revelation brings together the worlds of heaven earth and hell in a final confrontation between the forces of good and evil Its characters and images are both real and symbolic spiritual and material and it is frequently difficult to know the difference between them

Revelation's cryptic nature has ensured that it would always be a source of controversy. This commentary focuses on the theological content, gleaned from both the classical and modern commentary traditions, and showing the doctrinal development of Scriptural truths. Scholarship on the book of Revelation has nonetheless not only endured but even captured the imagination of generations of Bible students, both professionals and laypeople alike. Through its focus on the message of the book through scholarly analysis, this ITC reconnects to the ecclesial tradition of biblical commentary as an effort in ressourcement, though not slavish repetition.

Lectures Upon the Principal Prophecies of the Revelation Alexander M'Leod, 1814

Millennialism, Millerites, and Prophecy in Bahá'í Discourse William P. Collins, 2025-09-22

This book explores the role of millennialism, the Millerites, and prophecy in the historical development of the Bahá'í faith, especially in North America. The author demonstrates the importance of the Bahá'í religion to millennialism studies and its connection to certain Protestant American and Shia Islamic modes of thought. Bahá'ís see two millennial visions on far-separated continents within different religious milieus and from contrasting social climates, as spiritually and prophetically linked: the Millerites, who expected the return of Christ in 1844 CE, and Shia Muslims, who expected the Mahd Q'im Twelfth Imam in 1260 AH (1844 CE). The chapters in this volume reflect on theories about millennialist movements, the continuum from catastrophic to progressive millennialism, Bahá'í interpretations of biblical prophecy, and Bahá'í efforts to build the Kingdom of God on earth under a systematic divine plan. The book highlights the maturation of the Bahá'í community toward a focus on process and a capacity to deal with both catastrophe and progress. It provides scholars of religion with a detailed study of the trajectory in Bahá'í millennial ideas.
