Sex and love in the 1619 play "The Maid's Tragedy" by Francis Beaumont and John Fletcher Nicole Eismann, 2016-03-30 Seminar paper from the year 2015 in the subject English Language and Literature Studies Literature grade 2 3 University of Bonn Institut f r Anglistik Amerikanistik und Keltologie course The Renaissance in England language English abstract If love is not the main issue in The Maid s Tragedy is the play a sex tragedy rather than a love tragedy How important is sex for the story and is it connected with love in any way This paper is supposed to answer exactly these questions with a strong focus on the meaning of sex and sexual relationships for the plot and for single characters who have an important role Furthermore it will

be analysed how sex is depicted in the play and what this tells about its role The Maid s Tragedy written by Francis Beaumont and John Fletcher and published for the first time in 1619 is one of the plays that is often called a love tragedy due to the fate of the lady Aspatia who is about to marry young Amintor before the king forces Amintor to marry his own mistress Evadne to cover their sexual affair Having such a plot The Maid s Tragedy is a typical one for Jacobean theatre which is explained by Marie Axton quoted by Kristin Bezio stating the playhouses of late Elizabethan and Jacobean London were a freer place for political discussion than court or Parliament and this drama actively participates in the ongoing Jacobean debates about the viability of tyrannicide This idea puts the king s acting into the play s focus rather than the love between Aspatia and Amintor and their tragedy Given this idea one might ask if the play can really be called a love tragedy or if the love story is just a subplot or a frame around the actually important issue the sexual relationship between the king and his mistress and all its consequences that by chance are also consequences for the two lovers **Incomplete Love Story**

There were reasons why such a group on that road at that time was an unusual sight reasons familiar to any one who is well informed in the history of the Revolution Unfortunately most good Americans are better acquainted with the French Revolution than with our own know more about the state of affairs in Rome during the reign of Nero than about the condition of things in New York City during the British occupation and compensate for their knowledge of Scotch English border warfare in remote times by their ignorance of the border warfare that ravaged the vicinity of the island of Manhattan for six years little more than a century ago Our Revolutionary War had reached the respectable age of three and a half years Lexington Bunker Hill Brooklyn Harlem Heights White Plains Trenton Princeton the Brandywine German town Bennington Saratoga and Monmouth not to mention events in the South and in Canada and on the water had taken their place in history The army of the King of England had successively occupied Boston New York and Philadelphia had been driven out of Boston by siege and had left Philadelphia to return to the town more pivotal and nearer the sea New York One British commander in chief had been recalled by the British ministry to explain why he had not crushed the rebellion and one British major general had surrendered an army and was now back in England defending his course and pleading in Parliament the cause of the Americans to whom he was still a prisoner on parole Our Continental army called Continental because like the general Congress it served the whole union of British settled Colonies or States on this continent and was thus distinguished from the militia which served in each case its particular Colony or State only had experienced both defeats and victories in encounters with the King s troops and his allies German Hessian and American Tory It had endured the winter at Valley Forge while the British had fed drunk gambled danced flirted and wenched in Philadelphia The French alliance had been sanctioned Steuben Lafayette DeKalb Pulaski Kosciuszko Armand and other Europeans had taken service with us One plot had been made in Congress and the army to supplant Washington in the chief command and had failed The treason of General Charles Lee had come to naught but was to wait for disclosure till many years after every person concerned should be graveyard dust We had celebrated two anniversaries of the Fourth of July The new free and independent States had organized local governments The King s appointees still made a pretence of maintaining the royal provincial governments but mostly abode under the protection of the King s troops in New York There also many of those Americans in the North took refuge who distinctly professed loyalty to the King New York was thus the chief lodging place of all that embodied British sovereignty in America

Naturally the material tokens of British rule radiated from the town covering all of the island of Manhattan most of Long Island and all of Staten Island and retaining a clutch here and there on the mainland of New Jersey
