sexuate difference Contributors engage urgent topics in a range of fields including trans feminist theory feminist legal theory film studies critical race theory social political theory philosophy of religion environmental ethics philosophical aesthetics and critical pedagogy In so doing they aim to push the scope of Irigaray s work beyond its horizon Horizons of Difference seeks conversations that Irigaray herself has yet to fully consider and explores areas that stretch the limits of the notion of sexuate difference itself Sexuate difference is a unifying mode of thought bringing disparate disciplines and groups together Yet it also resists unification in demanding that we continually rethink the basic coordinates of space place and identity Ultimately Horizons of Difference insists that the fragmented wounded subjectivities within the dominant regime of masculine sameness can inform how we negotiate space find place and transform identity *Engaging the World* Mary C. Rawlinson,2016-05-01 *Engaging the World* explores Luce Irigaray s writings on sexual difference deploying the resources of her work to rethink philosophical concepts and commitments and expose new possibilities of vitality in relationship to nature others and to one s self The contributors present a range of perspectives from multiple disciplines such as philosophy literature education evolutionary theory sound technology science and technology anthropology and psychoanalysis They place Irigaray in conversation with thinkers as diverse as Charles Darwin Claude L vi Strauss Gilles Deleuze Ren Decartes and Avital Ronell While every essay challenges Irigaray s thought in some way each one also reveals the transformative effects of her thought across multiple domains of contemporary life **The Philosophy of Simone de Beauvoir** Debra Bergoffen,1996-11-01 *The Philosophy of Simone de Beauvoir Gendered Phenomenologies Erotic Generosities* sees Beauvoir as engaged in a three way conversation with Sartre and Merleau Ponty Like Sartre and Merleau Ponty Beauvoir took up the legacies of the modern and phenomenological philosophical traditions Unlike them however she attended to the phenomenological implications of the sexed body pursued the idea of ambiguity and developed the philosophical category of the erotic This book reads Beauvoir as speaking in two philosophical voices a familiar existential voice and an unfamiliar voice that speaks of the other generosity the gift and the ethical possibilities of the erotic event
