Revolt Of African Slaves In Iraq:

The Revolt of African Slaves in Iraq in the 3rd/9th Century Alexandre Popović,1999 The Revolt of African Slaves in Iraq in the III IX Century is the only full length study on the revolt o f the Zanj Scholars of slavery the African diaspora and th e Middle East have lauded Popovic s work **The Revolt of African Slaves in Iraq in the IIIrd/IXth Century** Alexandre Popović,1999 The revolt of African slaves in Iraq from 869 to 883 C E known as the revolt of the Zanj was one of the great rebellions of world history and the first major uprising in the history of the African diaspora The Zanj were black slaves shipped overseas from East Africa to work in salt mines and plantations under the harshest conditions Their fate resembled that of slaves sent across the Atlantic and their revolt triggered racism against blacks among Arabs Like the Spartacus revolt it threatened a world power in this case the Abbasid empire The revolt also signified a unique instance of solidarity among Africans in the diaspora when black soldiers of the Caliph deserted and joined the revolt Back cover The Revolt of African Slaves in Iraq in the 3rd/9th Century Alexandre Popović,1999 The Revolt of African Slaves in Iraq in the III IX Century is the only full length study on the revolt o f the Zanj Scholars of slavery the African diaspora and th e Middle East have lauded Popovic s work **The Revolt of African Slaves in Iraq in the IIIrd/IXth Century** Alexandre Popovic?,1999 The Afrikan Revolution in Ayiti Kimoni Yaw Ajani,2023-12-18 Throughout the history of Western academia there have been scholars who have interpreted and examined various aspects of human history and made it a point to universalize their own interpretations of different people s histories and cultures This type of scholarship tends to ignore the contributions and historical realities of other people This case is especially true of the scholars who have interpreted the historiography around the Afrikan revolution in Ayiti otherwise known as The Haitian Revolution Kimoni Yaw Ajani s The Afrikan Revolution in Ayiti Lib te ou Lanm Freedom or Death is an Afrocentric re examination and interpretation around the historiography of the Revolution in Ayiti and provides an in depth study that highlights several significant Afrikan epistemological and cosmological aspects that led to freedom These aspects include but are not limited to the persistence of Afrikan complementary forces in Ayiti Vodou Vodun and Afrikan cosmology Afrikan combat traditions such as Tire Mach t and the numerous Afrikan languages personalities and roles that emerged from the growing numbers of Afrikans brought to Ayiti as a result of the European slave trade Ajani calls for building communities on the best of Afrikan epistemological foundations and reclaiming Afrikan history Slavery and Resistance in Africa and Asia Edward A. Alpers,Gwyn Campbell,Michael Salman,2013-09-13 First published in 2004 This book previously published as a special issue of the journal Slavery and Abolition provides pioneering studies on the nature and structure of resistance to forms of bondage in Africa Asia and the Indian Ocean world **Domestic Slavery in Syria and Egypt, 1200-1500** Jan Hinrich Hagedorn,2019-12-09 Slavery touched many aspects of Mamluk society This volume focuses on the role of slaves within the family from birth to purchase liberation and death It investigates domestic slavery in Syrian and Egyptian society from the thirteenth to the fifteenth

century Jan Hagedorn focuses on the agency of slaves in the context of master slave relationships within households and in wider society He argues that the ability of slaves to shape the world around them was underpinned by a constant process of negotiation within the master slave relationship and that intermediaries such as the court system channelled the agency of slaves The principal sources for this study are purchase contracts listening certificates marriage contracts and estate inventories in combination with scribal market inspection and slave purchase manuals as well as chronicles *The Cambridge World History of Slavery: Volume 2, AD 500–AD 1420* Craig Perry, David Eltis, Stanley L. Engerman, David Richardson, 2021-08-12 Medieval slavery has received little attention relative to slavery in ancient Greece and Rome and in the early modern Atlantic world This imbalance in the scholarship has led many to assume that slavery was of minor importance in the Middle Ages In fact the practice of slavery continued unabated across the globe throughout the medieval millennium This volume the final volume in *The Cambridge World History of Slavery* covers the period between the fall of Rome and the rise of the transatlantic plantation complexes by assembling twenty three original essays written by scholars acknowledged as leaders in their respective fields The volume demonstrates the continual and central presence of slavery in societies worldwide between 500 CE and 1420 CE The essays analyze key concepts in the history of slavery including gender trade empire state formation and diplomacy labor childhood social status and mobility cultural attitudes spectrums of dependency and coercion and life histories of enslaved people **Captives and Companions** Justin Marozzi, 2025-10-21 The definitive history of the slave trade in the Islamic world a story that has been overshadowed by its notorious but shorter lived Atlantic counterpart Slavery in the Islamic world has a long complex and controversial history In the earliest days of Islam Arab Muslims enslaved men women and children as the spoils of war In the following centuries young boys were imported to imperial Islamic courts in enormous numbers Some were castrated to serve as eunuch guardians of sacred spaces from the imperial harem of Istanbul to the Prophet's Mosque in Medina Others were harvested by the Ottomans to serve as Janissaries the sultan's elite infantry unit Some even rose to the highest levels of political and military command making a mockery of their slave status For women leading concubines became powerful figures in their own right In the ninth century Golden Age of Baghdad the most beautiful and accomplished courtesans were among the richest most celebrated figures of their day In the twentieth century more than a thousand years later their cosmopolitan counterparts were still entertaining Ottoman sultans Yet it was Africa which bore the brunt of the Islamic world's insatiable demand for slave labour Slavers plied its Mediterranean Atlantic and Indian Ocean coasts traders raided inland for human cargo and millions of enslaved Africans trudged across the Sahara into captivity Meanwhile North African corsairs turned the Mediterranean into a slaving free for all between Muslims Christians and Jews The sheer longevity of slavery was no less surprising Arab Muslims adapted and regulated this practice within an Islamic context Sanctioned by the Prophet Mohammed legitimated by the Quran and holy law slavery endured for fifteen centuries Abolition had few champions and came late in the day hereditary

slavery continues even today in Mali and Mauritania Captives and Companions takes the reader on an extraordinary historical journey across deserts continents and oceans from Baghdad to Bamako Tripoli to Timbuktu Istanbul to the Black Sea and reveals a hidden but vital chapter in our understanding of world civilization *Understanding the African Diaspora*

Henry M. Codjoe,2025-12-05 *Understanding the African Diaspora* offers a clear and engaging introduction to the global movements histories and cultural experiences of African and African descended peoples from ancient times to the present The book traces the wide reaching impact of the African diaspora shaped by both forced and voluntary migrations including the transatlantic slave trade colonialism and more recent waves of movement It explores how African descended communities have contributed to and reshaped societies across the Americas Europe the Middle East and Asia while maintaining enduring ties to the African continent Each chapter presents key historical developments cultural expressions and political struggles supported by maps timelines and infographics that help bring complex topics into focus Students are introduced to major debates in the field and regional case studies that highlight the diversity and resilience of African diasporic life Designed especially for courses in African Diaspora Studies this textbook is also well suited for African and African American history and related programmes Its accessible structure and interdisciplinary approach make it ideal for undergraduate students educators and general readers seeking a strong foundation in one of the most significant and far reaching movements in global history
