James R. Payton Jr.

Revolution By Candlelight The Real Story Behind The Changes In Eastern Europe:

The Unknown Europe James R. Payton Jr.,2021-11-03 The fascinating history of Eastern Europe includes highs of soaring cultural achievement and lows of almost unimaginable repression But we in the West don t know much about Eastern Europe or its history this book helps us see why We got interested when the region became a threat during the Cold War but what we learned focused on the Communist period after World War II not Eastern Europe itself or its deep history a history that continues to live in the hearts of its peoples James Payton offers an accessible treatment of the history of the region an opportunity to learn about Eastern Europeans as they are He overviews that story from pre history to the present examining eleven turning points that profoundly shaped Eastern European history His treatment considers the backgrounds to the turning points the events and the long lasting impacts they had for the various Eastern European nations This helps us understand how Eastern Europeans themselves see their history the long haul over the centuries with the influence and impact of events of the sometimes distant past shaping how they see themselves their neighbors and their place in the world

The Legacy of the Cold War Ann Byers,2017-07-15 The aftereffects of the Cold War continue to impact the world today Following the close of the Cold War era Communism was no longer a pervasive force Because Communist countries invested a significant amount of resources into military power their economies became weak and neglected Today the nuclear arsenals created during the Cold War still exist causing concern that these nuclear weapons will be used in the future After the United States defeated the Soviet Union it emerged as the preeminent world leader and became a strong influence on international politics This book explores the political economic and technological impact of the Cold War on life today

Revolution by Candlelight Bud Bultman,1991 **Nonviolent Action** Ronald J. Sider,2015-02-10 There are numerous examples throughout history of effective nonviolent action Nonviolent protesters defied the Soviet Empire s communist rulers Gandhi s nonviolent revolution defeated the British Empire and Martin Luther King Jr s peaceful civil rights crusade changed American history Recent scholarship shows that nonviolent revolutions against injustice and dictatorship are actually more successful than violent campaigns In this book noted theologian and bestselling author Ron Sider argues that the search for peaceful alternatives to violence is not only a practical necessity in the wake of the twentieth century the most bloody in human history but also a moral demand of the Christian faith He presents compelling examples of how nonviolent action has been practiced in history and in current social political situations to promote peace and oppose injustice showing that this path is a successful and viable alternative to violence Biblical Counsel ,1993 **The Breakup of Communism** Matthew A. Kraljic,1993 Contains reprints and excerpts on the current issues and trends in the Soviet Union and Eastern Europe since the passing of communism Forthcoming Books Rose Arny,1998-06 *International Mission Bibliography* Norman E. Thomas,2003-10-16 This massive reference is the key to finding the most important works on missiology published from 1960 2000 Representing the research of more than 30 sub editors in mission related disciplines including history theology social

aspects education evangelism spirituality and political life and includes sections on Africa the Americas Asia Europe and Oceania Complete publication details and ISBNs are given for each entry Missiology ,1992 An international review
Constitutional Law in Malaysia and Singapore Kevin Tan,1997
