Birzer,2023-06-20 Aristocrat Catholic Patriot Founder Before his death in 1832 Charles Carroll of Carrollton the last living signer of the Declaration of Independence was widely regarded as one of the most important Founders Today Carroll s signal contributions to the American Founding are overlooked but the fascinating new biography *American Cicero* rescues Carroll from unjust neglect Drawing on his considerable study of Carroll s published and unpublished writings historian Bradley J Birzer masterfully captures a man of supreme intellect imagination integrity and accomplishment Born a bastard Carroll nonetheless became the best educated and wealthiest Founder The Marylander s insight Birzer shows allowed him to recognize the necessity of independence from Great Britain well before most other Founders Indeed Carroll s analysis of the situation in the colonies in the run up to the Revolution was original and brilliant yet almost all historians have ignored it Reflecting his classical and liberal education the man who would be called The Last of the Romans advocated a proper understanding of the American Revolution as deeply rooted in the Western tradition Carroll even left his mark on the U S Constitution despite not assuming his elected position to the Constitutional Convention by inspiring the creation of the U S Senate *American Cicero* ably demonstrates how Carroll s Catholicism was integral to his thought Oppressed because of his faith Maryland was the most anti Catholic of the original thirteen colonies Carroll became the only Roman Catholic to sign the Declaration of Independence and helped legitimize Catholicism in the young American republic What s more Birzer brilliantly reassesses the most controversial aspects of Charles Carroll his aristocratic position and his critiques of democracy As Birzer shows Carroll s fears of extreme democracy had ancient and noble roots and his arguments about the dangers of democracy influenced Alexis de Tocqueville s magisterial work *Democracy in America* *American Cicero* reveals why Founders such as John Adams assumed that Charles Carroll would one day be considered among the greats and also why history has largely forgotten him *The 17th and 18th Centuries* Frank N. Dreisbach,Mark D. Hall,Jeffrey H. Morrison,2004-10-08 In *God We Trust* The separation of church and state is a widely contested topic in the American political arena Whether for or against debaters frequently base their arguments in the Constitution and the

principles of the American founding However Americans perception of the founding has narrowed greatly over the years focusing on a handful of eminent statesmen By exploring the work of nine founding fathers including often overlooked figures like John Carroll and George Mason *The Founders on God and Government* provides a more complete picture of America s origins The contributors all noted scholars examine the lives of individual founders and investigate the relationship between their religious beliefs and political thought Bringing together original documents and analytical essays this book is an excellent addition to the library of literature on the founding and sheds new light on religion s contributions to American civic culture Senators of the United States Diane B.
