Revolution The Theory And Practice Of A European Idea Readings In Politics And Society:

Revolution: the Theory and Practice of a European Idea Krishan Kumar, 1971-01-01 POLITICAL THEORY

RAMASWAMY, SUSHILA, 2010-10-01 Political theory and political philosophy are generally used interchangeably though sometimes a distinction is made between the two This book on political theory deals with the study of political institutions along with the theories of State Law Liberty and Equality In its second edition the book continues to analyse the key concepts like Authority Power Sovereignty Political obligation Civil disobedience Citizenship Rights Democracy and Justice The non western ideas including Indian and Chinese are incorporated to underline cultural plurality and shared values in an enterprise that tries to set universal standards The book is designed for the undergraduate and postgraduate students of Political Science The book will be equally beneficial for the students appearing for the civil services examinations

Industrial Society (Routledge Revivals) Richard Scase, 2015-06-03 Any study of contemporary industrial societies must take into account the role of power ideology and class and the degree to which these determine the development of social structures This book first published in 1977 and based on a selection of eleven papers given at a conference of the British Sociological Association focuses upon aspects of continuity and change in modern society comparing and contrasting dimensions of class cleavage and control in capitalist and socialist societies This book is key reading for students of both sociology and business studies

Homi Bhabha: An Introduction and Critique, Volume 3: Political Theory and Practice Andrew McLaverty-Robinson, 2020-01-31 Homi Bhabha An Introduction and Critique is a pathbreaking three volume study of the celebrated postcolonial scholar's work McLaverty Robinson's careful reading renders Bhabha's theories in plain English without losing their meaning In addition McLaverty Robinson's incisive critique cuts through the theoretical aura of Bhabha's work and explores whether his theories work in practice either empirically or politically This third and final volume explores the political content and implications of Bhabha's work It explores Bhabha's political proposals such as the ideas of a community of suffering and a right to narrate It also explores Bhabha's relationship to neoliberalism and to the Eurocommunist current in the 1980s and his critical engagements with liberalism communitarianism Marxism critical race theory Deleuze and Guattari and Frantz Fanon This volume also includes an entire chapter providing a background on neoliberalism and a comprehensive index covering all three volumes

The primary purpose of this textbook is to introduce students to important writings in political thought Each chapter contains a five or six page introductory essay explaining the basic issue of each topic followed by 12 or so pages of extracts drawn from writings from classical times to the 20th century Each extract has a brief contextual introduction and each chapter ends with a topic bibliography and some questions for reflection and discussion The authors are experienced teachers of

introductory courses in political thought and the book reflects their knowledge both of the subject and the difficulties encountered by students coming to it for the first time Hobbes and Rawls on European Integration Jan Niklas Rolf, 2025-08-29 This book offers a contractarian reading of the European integration process that corroborates complements and on occasion contests European integration theory It argues that the social contract theories of Thomas Hobbes and John Rawls provide us with insufficiently exploited clues to the formation and justification of European supranational institutions and redistributive instruments An advanced understanding of the normative foundations of European integration seems to be all the more important in times of multiple crises differentiated integration and even disintegration all accompanied and accelerated by the growth of Euroscepticism and anti European parties **Library Catalogue: Author catalogue** University of London.
