Revolution Betrayed Janet G. Tucker, 1996 **Toxic Voices** Eric Laursen, 2013-01-30 Introduction Scrounging in the Soviet garbage pit Writing a precarious balance He does not love us when we are dirty Things that should not be found Lost in translation Conclusion Writers forward **Optical Play** Julia Bekman Chadaga, 2014-10-31 Longlist finalist 2015 Historia Nova Prize for Best Book on Russian Intellectual and Cultural History Julia Bekman Chadaga's ambitious study posits that glass in its uses as a material and as captured in culture is a key to understanding the evolution of Russian identity from the eighteenth century onward From the contemporary perspective it is easy to overlook how glass has profoundly transformed vision Chadaga shows the far reaching effects of this phenomenon Her book examines the similarities between glass and language the ideological uses of glass and the material's associations with modernity while illuminating the work of Lomonosov Dostoevsky Zamyatin and Eisenstein among others In particular Chadaga explores the prominent role of glass in the discourse around Russia's contentious relationship with the West by turns admiring and antagonistic as the nation crafted a vision for its own future Chadaga returns throughout to the spectacular aspect of glass and shows how both the tendentious capacity and the playfulness of this material have shaped Russian culture **Historical Dictionary of Russian Literature** Jonathan Stone, 2013 The Historical Dictionary of Russian Literature contains a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 100 cross referenced entries on significant people themes critical issues and the most significant genres *Metamorphosis in Russian Modernism* Peter I. Barta, 2000-01-10 Modern Russia has been shaped by Peter the Great's sudden attempt to transform it into a European country Since shapeshifting and identity are so closely linked in Russian history it is hardly surprising that metamorphosis is a prevalent albeit hitherto neglected theme in Russian literature *Metamorphoses in Russian Modernism* provides the first detailed account of metamorphosis as a Russian theme structuring principle and source of artistic identity Barta examines how the magical transformations depicted in the ancient classics and in the oral epic heritage resonate in Russian literature and film at the fin de siècle and the early decades of the twentieth century a period of dynamic change in Russian culture Two hundred years after Peter's forceful westernization and facing its second crucial transformation in 1917 Russia witnessed the decay of classic realism and positivism and the rise of irrational philosophies psychoanalysis artistic experimentation Marxism as well as the birth of the new genre of film This in depth volume examines metamorphosis in the works of prominent representatives of the divided Russian intelligentsia the Symbolists the most famous migr writer Nabokov Olesha the fellow traveller attempting to find his place in the Soviet state the enthusiastic poet of the Bolshevik movement Maiakovskii and finally Russia's greatest film director Sergei Eisenstein The volume directs attention to the fact that Russia itself is a metamorph The shapeshifter always retains features of previous identities and is sometimes capable of returning into previous forms whether today's Russia will want to or be able to do so remains to be seen It is futile to attempt to try to

understand this civilisation let alone predict its future without considering the intellectual social and emotional reasons why it is not at rest with itself It is to this end that this volume hopes to make a contribution
