Caleb's Eye: a Spy's Journey Through Genesis Carroll W. Boswell,2011-07-19 This book is a commentary in the form of a journal It is meant to be something like a diary kept by a tourist or a spy of his travels in a strange land recording questions and observations and opinions on everything he sees for other travelers on the same road It could be also called a dialogue because the author records the conversation that he has with Genesis as he moves along and the conversation he has with himself in the privacy of his motel room In both ways it is the account of a journey with the idea that it may be of some use to others traveling the same road The author is writing as an amateur to other amateurs He is not a professional theologian nor a biblical scholar and while his intent is to think as deeply and truly as he can he is not doing so as a professional There are several advantages that an amateur may have over a professional in a case like this First the amateur can be much bolder in what he questions and in the answers he considers The professional always has something on the line always something at risk namely his reputation He cannot venture far off the beaten path without being in some danger of losing his respectability The amateur on the other hand has little respectability to lose and little reputation to risk What Dr Boswell would not be able to risk in mathematical writing he can be quite at liberty to risk in this project It can be

exhilarating Secondly the amateur has a much friendlier connection with the average reader The amateur is something of an equal with the average reader though presumably with something to say worth the hearing Since they are introduced as equals the reader can feel safer less threatened more entitled to join in the conversation that the author is trying to create With a professional author there is always the sense of obligation that one should not argue back with the scholar only another scholar has the credentials to join in their conversation and the rest of us must sort it all out as best we can But with this book there is no need of restraint anyone can be drawn in to the discussion anyone can feel entitled to disagree with impunity It can be exhilarating This book is not meant to be a Bible made simple book It is written by someone who loves to think and is written for others who love to think It is written by someone who is not timid about difficult questions and is written for others who have no fear of such things But most of all it is a book written for the pure joy of the thing and for those who might share that joy

Death in Milton's Poetry Clay Daniel, 1994 From his earliest verses the Latin verses written at Cambridge to his first original English poem the Infant ode to his masterpiece Lycidas and its sad echo Epitaphium Damonis through his mature trilogy Paradise Lost Paradise Regained and Samson Agonistes Milton repeatedly seeks to explain why people die Though Milton frequently changed his mind on important subjects his fundamental view of death did not change Milton throughout his life insists that death both physical and spiritual is caused by sin In attempting to understand the significance of this belief Death in Milton's Poetry will suggest some major re evaluations of old assumptions This book is divided into two parts The first part contains examples of death that support Milton's belief that death is caused by sin The second part contains poems that focus on deaths that appear to violate this belief Since Milton illustrates his belief in his mature works Part 1 includes Paradise Lost Paradise Regained and Samson Agonistes As the pattern of death emerges in these poems the reader is able to see that Paradise Regained is as much about the death of Satan as it is about the life of Jesus and that Milton's drama focuses on an unregenerate Samson whose tragedy is his inability ever to reconcile with God The poems examined in Part 2 explain deaths that appear to violate Milton's belief In vindicating Milton's view of death the Latin funeral elegies and On the Death of a Fair Infant Dying of a Cough form a pattern that culminates in Lycidas Recognizing this pattern in Lycidas is indispensable to understanding the radical statement of Epitaphium Damonis a poem that records Milton's temporary disillusionment with Christianity In addition to new insights into the individual poems two patterns are highlighted In Milton's earlier poems readers usually have seen classicism as complementing Christianity When Milton turns to death however he opposes classicism to Christianity contrasting except in the case of Epitaphium Damonis the limited pagan gods of classicism with the providence of an omnipotent God This antagonism is reinforced by another pattern that emerges in the poems Though all sins tend to death some sins are more fatal than others In much of Milton's poetry perhaps the most consistently fatal of sins was lust and Milton frequently represents this lust as a characteristic of classicism
