## **Sexism Is A Sin:**

**Sexism is a Sin** J. R. Hyland, 1995-01-01      *Sexism and Sin-Talk* Rachel Sophia Baard, 2020-01-01 Early feminist theologians criticized the Christian doctrine of sin for its focus on female sexual purity and its enabling of the marginalization and oppression of women Others have questioned whether the entire theological category of sin should be abandoned in favor of other ways of talking about the human predicament In this new book Rachel Baard argues for a feminist critique of traditional sin talk alongside a constructive reinterpretation of the doctrine of sin one that can be life affirming for all persons She claims that the Christian idea of sin that tragic flaw at the core of human experience provides one of the best tools for understanding the evils of sexism patriarchy and traditional sin talk itself She likewise provides a new rhetoric of sin talk one that accounts for the diverse experiences of the human family not simply those of powerful men      **Sexism and God Talk** Rosemary R. Ruether, 1993-04-01 How did a religion whose founding proponents advocated a shocking disregard of earthly ties come to extol the virtues of the traditional family In this richly textured history of the relationship between Christianity and the family Rosemary Radford Ruether traces the development of these centerpieces of modern life to reveal the misconceptions at the heart of the family values debate      [ReEngaging ELCA Social Teaching on Faith, Sexism, and Justice](#) Mary J. Streufert, Mary Lowe, 2025-05-15 Mary Elise Lowe and Mary J Streufert call us to think together about the ELCA's 2019 statement on faith sexism and justice What does it mean to embody Lutheran convictions to resist patriarchy and sexism embrace multidimensional sex and gender and envision a world that is life giving for all humans *ReEngaging ELCA Social Teaching on Faith Sexism and Justice* delivers a clarion call to action Social and religious systems of patriarchy are sinful God intends for God's diverse creation to flourish We are called therefore to resist all barriers to lives of flourishing and abundance for everyone With helpful definitions sprinkled throughout Lowe and Streufert explain how this social statement is grounded in the Scriptures and rooted in Lutheran teachings regarding Christian freedom neighbor justice and the body of Christ Informed by insights from the sciences this social statement brings evolving understandings of sex gender and sexuality into conversation with the Scriptures and Lutheran teachings Readers will be equipped to understand and witness to the biblical vision of abundance that God intends for all humanity In addition to discussion questions and links to recommended resources this book includes heartfelt letters from Lutherans from various walks of life written to girls and women the church Lutheran educators LGBTQIA siblings men and boys and rostered leaders of the ELCA      **The Oxford Handbook of Systematic Theology** John Webster, Kathryn Tanner, Iain Torrance, 2009-09-10 The Oxford Handbook of Systematic Theology brings together a set of original and authoritative accounts of all the major areas of current research in Christian systematic theology offering a thorough survey of the state of the discipline and of its prospects for those undertaking research and teaching in the field The Handbook engages in a comprehensive examination of themes and approaches guiding the reader through current debates and literatures in the context of the historical development of

systematic theological reflection Organized thematically it treats in detail the full array of topics in systematic theology as well as questions of its sources and norms its relation to other theological and non theological fields of enquiry and some major trends in current work Each chapter provides an analysis of research and debate on its topic The focus is on doctrinal rather than historical questions and on major rather than ephemeral debates The aim is to stimulate readers to reach theological judgements on the basis of consideration of the range of opinion Drawn from Europe the UK and North America the authors are all leading practitioners of the discipline Readers will find expert guidance as well as creative suggestions about the future direction of the study of Christian doctrine

**The Prophethood of Black Believers** James Deotis Roberts,1994-01-01 This valuable resource from one of the founding fathers of the black theology movement discusses how to minister to the black community Using an interdisciplinary approach J Deotis Roberts shows how theological concepts can be applied to education pastoral care and political and economic issues

**Beyond Heterosexism in the Pulpit** Emily Askew,O. Wesley Allen,2015-01-02 This book is not another volume attempting to persuade the reader of the rights of gays and lesbians in society and in the church Instead it assumes the reader is a minister or student of ministry who already has a passion for this issue and is looking for better strategies to speak out of this passion in the pulpit Too often progressive preachers avoid speaking about issues related to sexual orientation out of fear of rejection from the congregation or address them in ways that unintentionally alienates either gay or straight hearers Askew and Allen offer preachers tools for recognizing and prophetically countering heterosexism in the pulpit while being pastoral toward those in the pews who may not hold the same view as the preacher The range of issues found at the intersection of homosexuality and the proclamation of the Christian gospel in light of the church's division and the changing landscape of society's attitudes is diverse and complex Allen and Askew represent the combination of critical theology and contemporary homiletics needed to offer preachers new strategies for advocating against social and ecclesial discrimination directed at homosexuals and for the full inclusion of all in the church

In Defense of the Bible Steven B. Cowan,Terry L. Wilder,2018-11-26 In Defense of the Bible gathers exceptional articles by accomplished scholars Paul Copan William A Dembski Mary Jo Sharp Darrell L Bock etc addressing and responding to all of the major contemporary challenges to the divine inspiration and authority of Scripture

Lutheran Identity and Political Theology Carl-Henric Grenholm,Goran Gunner,2015-03-26 Lutheran tradition has in various ways influenced attitudes to work the economy the state education and health care One reason that Lutheran theology has been interpreted in various ways is that it is always influenced by surrounding social and cultural contexts In a society where the church has lost a great deal of its cultural impact and authority and where there is a plurality of religious convictions the question of Lutheran identity has never been more urgent However this question is also raised in the Global South where Lutheran churches need to find their identity in a relationship with several other religions Here this relationship is developed from a minority perspective Is it possible to develop a Lutheran political theology that gives adequate

contributions to issues concerning social and economic justice What is the role of women in church and society around the world Is it possible to interpret Lutheran theology in such a way that it includes liberating perspectives These are some of the questions and issues discussed in this book

**Reflections on My Call to Preach** Fred B. Craddock, 2009 Travel with revered preacher and author Fred Craddock through his early years as he considers what made him take to the pulpit For some reason I felt I had to say Yes or No to the ministry so I could feel free again My siblings and friends talked almost casually about options and preferences as to careers but with no evident sense of urgency Not so with me I did not then nor do I now know whether the burden of choice was a trait of personality a kind of super conscientiousness whether the calling to ministry itself carried a weight a burden peculiar to the task itself Rightly or wrongly when I thought of possibly becoming a journalist that would be a choice 100 percent mine When I considered becoming a minister that was not totally my decision I was responding to God's will for me Of course I had been told that journalists lawyers teachers merchants farmers all could understand their lives as a vocation a calling but what I am telling you is that I perceived I felt I experienced the idea of being a preacher as different and that difference was sobering even burdensome That's why advice about not being in a hurry taking my time was not helpful even if wise If it was my decision why could I not make it now if it was God's decision why did not God tell me or at least tell my father or my mother I prayed for the ache to leave me Excerpt from *Reflections on My Call to Preach*

*Feminism and Christian Ethics* Susan Frank Parsons, 1996-02-29 Feminists are aware of the diversity of thinking within their own tradition and of the different approaches to moral questions in which that is manifest This book describes and analyses that diversity by distinguishing three distinct paradigms of moral reasoning to be found within feminism Using the writings of feminists the major strengths and weaknesses of each theory are considered so that creative dialogue between them can be encouraged Three common themes are drawn out which are also on the agenda of new developments in philosophical and Christian ethics the search for an appropriate universalism the possibility of a redemptive community and the development of a new humanism Feminists may be encouraged through this account of their considerable scholarship in ethical thinking to contribute to these changes with their special concern for the lives and the fulfilment of women

**The Role of Women's Experience in Feminist Theologies of Atonement** Linda D. Peacore, 2010-03-11 A strong critique of traditional atonement theology is found in the work of many contemporary feminist theologians This approach in large part is related to the notion of women's experience a category that is used widely within feminist theology But what is women's experience and how does it affect feminist theology particularly views on the atonement The category of women's experience is pivotal to feminist theology yet its use may lead to models of atonement that place excessive stress upon the subjective element of Christ's saving work thereby neglecting to address adequately the objective aspects of the cross This book focuses on the methodological issues regarding the category of women's experience generally its definition and use in feminist theology with a more detailed analysis of its use in the context of feminist theologies of atonement

Utilizing the work of a wide variety of feminist theologians in conversation with theologies of experience this work attempts to understand the role of women's experience as it shapes feminist views on the atonement noting the strengths and limitations of feminist approaches to soteriology The Catholic Tradition, Second Edition Timothy G. McCarthy, 2012-04-16 This expanded edition of a Loyola Press best seller traces profound changes in Catholicism's institutional intellectual and devotional life in this century Organized by theme authority mission social justice sexual morality and others the book explains Church thinking prior to Vatican II Church thinking now and the how and why of Council changes It shows the Church struggling to find the best way to maintain and hand on the Catholic tradition even as it engages in intrafaith and interreligious dialogue A new chapter on women in the Church their contributions and issues completes the update

**Feminist Trauma Theologies** Karen O'Donnell, Katie Cross, 2025-01-30 Throughout the study of trauma theology runs a lineage that is deeply feminist As traumatic experience is being more frequently acknowledged in public this book seeks to articulate an explicit understanding of feminist trauma theology for the first time Bringing together scholars from a range of disciplines this book explores the relationship between trauma and feminist theologies highlighting methodological theological and practical similarities between the two The MeToo and ChurchToo movements sexual abuse scandals gender based violence pregnancy loss and the oppression of women in church spaces are all featured as important topics With contributions from a diverse team of scholars this book is an essential resource for all thinkers and practitioners who are trying to navigate the current conversations around theology suffering and feminism Troubling in my Soul Emilie Townes, 2015-03-31 *Reclaiming Sacrifice* Chelsea Jordan King, 2024-10-14 Many Christians profess that Jesus died as a sacrifice for sins The Catholic Mass is even understood as a sacrifice Some take issue with this language for it seems to put forward an idea of God that is implicated in vengeance and violence Why would God accept the murder of an innocent man as a sacrifice for sin As important as this question is there is a more fundamental question What does it mean to say that Jesus dies as a sacrifice for sin Within feminist theology the very idea of sacrifice is laced with tension Women and other marginalized groups have historically been oppressed by the use of the language of sacrifice They have been told to live lives of self sacrifice at the expense of their well being Thus many reject the language of sacrifice outright Starting with an exploration of Ren Girard's understanding of sacrifice Chelsea Jordan King places Girard into direct dialogue with feminist theologians who raised similar critiques of violence She then shows how we can reclaim the language of sacrifice in such a way that is liberative for all women and other marginalized groups **Feminist Reconstructions of Christian Doctrine** Kathryn Greene-McCreight, 2000 What is the relationship between feminist theology and classical Christian theology Is feminist theology Christian and if so in what respect and to what extent This study seeks to analyze and evaluate the relation of feminist reconstructions to traditional Christian teaching Greene McCreight uses the extent to which the biblical depiction of God is allowed to guide theological hermeneutics as a test of orthodoxy She looks at the writings of a wide range of

contemporary feminist theologians discusses their doctrinal patterns and demonstrates how the Bible is used in undergirding their theological reconstructions **Feminist Theology and Contemporary Dieting Culture** Hannah Bacon,2019-08-08

Hannah Bacon draws on qualitative research conducted inside one UK secular commercial weight loss group to show how Christian religious forms and theological discourses inform contemporary weight loss narratives Bacon argues that notions of sin and salvation resurface in secular guise in ways that repeat well established theological meanings The slimming organization recycles the Christian terminology of sin spelt Syn and encourages members to frame weight loss in salvific terms These theological tropes lurk in the background helping to align food once more with guilt and moral weakness but they also mirror to an extent the way body policing techniques in Christianity have historically helped to cultivate self care The self breaking and self making aspects of women s Syn watching practices in the group continue certain features of historical Christianity serving in similar ways to conform women s bodies to patriarchal norms while providing opportunities for women s self development Taking into account these tensions Bacon asks what a specifically feminist theological response to weight loss might look like If ideas about sin and salvation service hegemonic discourses about fat while also empowering women to shape their own lives how might they be rethought to challenge fat phobia and the frenetic pursuit of thinness As well as naming as sin principles and practices which diminish women s appetites and bodies this book forwards a number of proposals about how salvation might be performed in our everyday eating habits and through the cultivation of fat pride It takes seriously the conviction of many women in the group that food and the body can be important sites of power wisdom and transformation but channels this insight into the construction of theologies that resist rather than reproduce thin privilege and size ist norms Reimagining Theologies of Marriage in Contexts of Domestic Violence Rachel

Starr,2018-04-17 Domestic violence is a significant threat to women s survival But Christian understandings of marriage often prevent women from resisting abusive relationships Can the Church s teaching on marriage be reshaped so that it helps women to survive rather than encourage them to submit to their husband bear their cross or sacrifice themselves for the sake of their marriage Focusing on everyday practices of marriage in two very different contexts Argentina and England Reimagining Theologies of Marriage in Contexts of Domestic Violence considers how Christian understandings of marriage as a covenant or sacrament relate to the lived experience of marriage Drawing on Augustine s notion of the goods of marriage and on belief in the saving power of marriage this book suggests that only when the wellbeing of bodies is central to a marriage can it have the power to save **American Theology, Superhero Comics, and Cinema** Anthony

Mills,2013-10-01 Stan Lee who was the head writer of Marvel Comics in the early 1960s co created such popular heroes as Spider Man Hulk the X Men the Fantastic Four Iron Man Thor and Daredevil This book traces the ways in which American theologians and comic books of the era were not only both saying things about what it means to be human but starting with Lee they were largely saying the same things Author Anthony R Mills argues that the shift away from individualistic ideas of

human personhood and toward relational conceptions occurring within both American theology and American superhero comics and films does not occur simply on the ontological level but is also inherent to epistemology and ethics reflecting the comprehensive nature of human life in terms of being knowing and acting This book explores the idea of the American monomyth that pervades American hero stories and examines its philosophical and theological origins and specific manifestations in early American superhero comics Surveying the anthropologies of six American theologians who argue against many of the monomyth's assumptions principally the staunch individualism taken to be the model of humanity and who offer relationality as a more realistic and ethical alternative this book offers a detailed argument for the intimate historical relationship between the now disparate fields of comic book superhero film creation on the one hand and Christian theology on the other in the United States An understanding of the early connections between theology and American conceptions of heroism helps to further make sense of their contemporary parallels wherein superhero stories and theology are not strictly separate phenomena but have shared origins and concerns
