Sexism And God Talk:

Sexism and God-talk Rosemary Radford Ruether, 2002 Using feminist theology as a tool to expose the male centred bias of classical theology Ruether articulates a faith which incorporates both genders in their totality and which embraces a full humanity Whereas the traditional paradigm begets domination and subordination Ruether's feminism seeks a mutuality which allows for variety and particularly in women and men Examining ways in which the female has been uncomfortably accommodated within the Christian tradition in ecclesiology and Mariology the author looks at ways of rehabilitating these images and engages creatively in the areas of the doctrine of creation Christology ministry and eschatology At the heart of this work is the argument that the dominant Christian tradition if it is challenged and corrected by feminism offers viable and credible categories for interpreting human existence and building redemptive communities **Sexism and God Talk**

Brian Wren, 2009-07-01 Wren's work is fresh daring and suggestive and at the same time informed critical and disciplined Wren has combined an exceedingly thoughtful theoretical presentation of the linguistic problem and a step by step practical walk through of the issues It takes a poet not a clerk to voice what has been disclosed by God Wren is such a poet he invites us to fresh evangelical cadences that will themselves liberate Theology Today Wren makes an inventive effort to help cure the disease that is devastating the worship scene He himself writes extraordinary hymn texts that are beyond patriarchy and he hangs them in galleries in his book He gives us a readable convincing book centered on the language question but profoundly theological in its implications National Catholic Reporter A book of tremendous value to liturgists theologians members of the newly forming men's liberation movement clergy and policymakers and anyone interested in the issue of inclusive God language including those who are curious about why it matters in the first place Part of the value of What Language Shall I Borrow is Wren's graceful imaginative presentation of his facts Although there is ample cognitive input it is interspersed with moving hymn texts practical workshop ideas and fascinating narratives The Presbyterian Outlook

Patience and our Work Ben Fulford, 2024-02-28 In *God's Patience and our Work* Ben Fulford argues that Hans Frei's theology and ethics offers unheralded but valuable resources for thinking about the social and political engagement of Christian communities in pluralistic societies in light of hope in Jesus Christ. He shows how Frei's project of recovering the conditions for and shape of a generous orthodoxy runs through his work offering broad flexible vision of Christian identity, ethical responsibility and humanistic witness focused in the person and presence of Jesus Christ. In dialogue with liberation theologies Fulford draws from Frei an account of divine patience and providence to frame hopeful pragmatic Christian participation in work for dignity, justice and penultimate reconciliation rooted in new and deeper contextual reading of his work.

Scripture and Ethics Jeffrey S. Siker, 1997 Siker brings together the history of biblical interpretation and the study of uses of the Bible in Christian ethics to examine how the Bible has actually been used in Christian theological ethics and in the process profiling eight influential twentieth century theologians.

Christianity: A Brief Survey Michael D. Robinson, 2022-05-13 Christianity is a way of life centered on the person, life, teaching, death and resurrection of Jesus the Christ. As a religious way of life, Christianity is multifaceted involving numerous beliefs and practices. This book explores many of the varied facets of the Christian faith including its foundations in the story of Israel, the person of Jesus, the early Christian community and the sacred text called the Bible. In turn, Robinson's book examines Christianity's core doctrines, ethical norms and worship practices rounding out the study by considering four key contemporary challenges faced by Christian believers: namely, the problem of evil, the relationship of Christianity to other religions and to science, and the role of women in church and society. Among the strengths of this book is that it addresses these multiple features of Christianity in a single volume; it is aptly titled *Christianity: A Brief Survey*.

The Bonds of Freedom Rebekah L. Miles, 2001-08-23 In this constructive study Miles proposes a new feminist theological ethic drawing together the contributions of Reinhold Niebuhr, Sharon Welch and Rosemary Ruether. Seeking to critically reappropriate the Christian realism articulated by Niebuhr, she reinterprets solutions to problems emergent from his theology. Miles presents feminist Christian realism as an alternative that can reclaim a positive interpretation of divine transcendence and human self-transcendence while maintaining newer emphases on human boundedness and divine immanence. Theologians and ethicists will find her critical reassessment of the three authors distinctive and her challenging proposal for a positive creative transformation a significant contribution to the development of feminist ethics.

An Ecofeminist Perspective on Ash Wednesday and Lent Sylvia A. Sweeney, 2010 *An Ecofeminist Perspective on Ash Wednesday and Lent* develops a conversation between classical historical Lenten practices and contemporary Christian ecofeminism. Building on David Tracy's definition of a religious classic, it includes a historical examination of the development of Lent and the Ash Wednesday rites beginning from wellsprings in the early church traditions of penance, catechumenal preparation and asceticism through medieval and reformation expressions of the rite to their twentieth century Episcopal iteration in the 1979 Book of Common Prayer. In the discussion of ecofeminism, women's

death experiences and current ecofeminist writings are used to develop an ecofeminist hermeneutic of mortality Nature and Time Dong In Baek,2024-12-30 Unveil the intricate tapestry of faith and reason in Nature and Time Integrative Dialogues in History and Theology This insightful work bridges the gap between traditional Christian thought and contemporary scientific understanding Delving deep into the evolving role of natural theology it explores how human reason and empirical observation intertwine with divine revelation From the hierarchical dance between natural and revealed theology to the pressing political and ecological challenges of our time this book offers a fresh lens through which to view the divine in the modern world Journey through philosophical perspectives on time understand divine action in new dimensions and grapple with the global struggle against oppression all while discovering the enduring relevance of natural theology By weaving together insights from ecology cosmology and neuroscience it fosters a dynamic dialogue that enriches both science and spirituality Whether a theologian seeking depth a scientist exploring beyond the empirical or a curious mind yearning for meaning this book invites the reader to a transformative exploration Engage with a framework that not only addresses the complexities of the world but also fosters a deeper understanding of the divine in every aspect of life **Jesus and the Feminists?** Margaret Elizabeth Köstenberger,2008-10-17 This resource provides a detailed survey and critique of various feminist interpretations of Jesus and offers a biblical view of men and women in the church and home The feminist movement has affected every aspect of political and social America and Christians are becoming increasingly aware of how this movement has impacted the church The feminist movement has changed the way evangelicals view not only themselves but also the very Word of God Jesus and the Feminists begins by offering a brief survey of the feminist movement revealing the radical misunderstanding of Jesus that has resulted from this movement K stenberger then critiques the relevant works of well known feminist scholars and the ways they interpret certain passages of Scripture related to Jesus and his approach to women This practical resource points the way to a better understanding of the biblical message regarding Jesus stance toward women and offers both men and women a biblical view of their roles in the church and the home *Introducing Feminist Theology* Anne M. Nothwehr,2005-07-25 By selecting as her focus mutuality Nothwehr brings to the fore an issue of perennial importance in Christian social ethics that of power As she shows feminist theology invites religious ethicists to reconceive normative questions of power from the vantage point of its dynamic mutual sharing a sharing that encompasses not only individual relations but society and the natural world She also demonstrates

how attention to relations of mutuality sheds light on the spectrum of classical Christian theological and moral topics revealing dimensions of our traditions that standard assumptions about power as domination tend to obscure Christine Firer Hinze Associate Professor of Theology Marquette University This book allows mutuality to take its rightful place along with love and justice in Christian social ethics Written with great clarity with excellent scholarship and with the thinking of key historical figures in mind this book focuses on the thinking of four contemporary Christian feminists Beverly Wildung Harrison Carter Heyward Elizabeth Johnson and Rosemary Radford Ruether to show that mutuality is at the heart of ethics But it does more It shows that mutuality at the heart of the human at the heart of the divine and at the heart of the meeting between the two John J Shea visiting Associate Professor of Pastoral Care and Counseling Boston College Dawn Nothwehr employs a corrective category mutuality At first blush the term would seem too tender and nebulous to address the splits in our consciousness but this theologian brings well informed care to its definition It becomes in her hands a critical tool which can do healing surgery on many foundational categories of Catholic theology and indeed on much of modern thinking beyond the pale of Catholicism Mutuality calls attention to the essential interdependency of all that is in our cosmos Daniel C Maguire Professor of Theological Ethics Marquette University
