Women in Late

Life Martha Holstein,2015-03-19 Contemporary old age is fraught with contradiction and complexity women portrayed either as incompetent and cuddly grandmothers or as young women trapped in old bodies images that rarely reflect how women actually see themselves Women in Late Life explores the thorny issues related to gender and aging including prevailing but problematic cultural expectations body image ageism the experience of chronic illness threats to Social Security and the very possibility of a secure retirement while challenging a long term care system that disadvantages women Author Martha Holstein writes from a critical feminist perspective drawing on her many years of experience in gerontology as well as interviews and personal experience as a woman now in her seventies The book highlights how women s experience of late life is shaped by the effects of lifelong gender norms by contemporary culture from gender stereotypes to ageism and by the

political context The book blends critique with proposals aimed at resisting damaging inequities resulting from being simultaneously old and a woman She focuses on changes needed on multiple levels societal cultural political and individual This interdisciplinary look at key questions around gender and aging is nuanced and beautifully written *Sexual and Reproductive Health* Joseph Truglio, Rita S. Lee, Barbara E. Warren, Rainier Patrick Soriano, 2022-06-25 This book is a point of care resource for effective sexual and reproductive healthcare for patients of all ages sexual orientations gender identities and medical backgrounds in the primary care setting This useful guide is divided into three parts and other than part three which deals exclusively with transgender and gender diverse patients all content will relate to patients of all gender identities Part one presents sexual and reproductive health SRH using a lifespan approach including chapters on pediatrics adolescents and young adults adults and older adult patients Part two presents an approach to common SRH issues that span multiple age groups including contraception and family planning sexually transmitted infections and cancer screenings as well as sexual and reproductive health in the setting of common medical conditions Part three is dedicated to sexual and reproductive health for transgender and gender non binary patients including psychosocial medical surgical and legal aspects of health This book provides primary care clinicians with a framework for providing effective sexual and reproductive healthcare to patients of all ages sexual orientations and gender identities in a way that is inclusive focuses on health and addresses the needs unique to specific populations Oxford Textbook of Old Age Psychiatry Tom Denning, Alan Thomas, 2013-09-26 Broad in scope and with global appeal The Oxford Textbook of Old Age Psychiatry second edition is the definitive resource on old age psychiatry It comprehensively provides the latest knowledge on the science and practice of treating later life mental disorders focusing on the health and social issues that arise around ageing dementia co morbidity dependency and the end of life in progressively ageing societies across the world Published in previous incarnations as the much loved Psychiatry in the Elderly this core resource for all old age psychiatrists trainees and other clinical professionals treating older people's mental health has been fully revised updated and significantly expanded Twelve months inclusive access to the online version including the full text which can be browsed by the contents list index or searched links from references to external sources via PubMed ISI and CrossRef and the ability to download all figures and illustrations into PowerPoint ensures that it remains the leading text on old age psychiatry in the field Maintaining the classic combination of comprehensive coverage clear writing style and the provision of authoritative and up to date information from earlier editions this highly respected volume covers the underpinning basic science both the neurobiological and social varieties clinical practice and specific disorders as well as providing information on psychiatric services for older people and medico legal and ethical issues that often present hard challenges for those treating older patients Taking a global approach by highlighting both the common burdens and the differences in management from country to country and with a much expanded cast of contributors providing a truly international perspective The Oxford Textbook of Old Age Psychiatry second

edition includes information on all the latest improvements and changes in the field New chapters are included to reflect the development of old age care covering palliative care the ethics of caring and living and dying with dementia Existing chapters have also been revised and updated throughout and additional information is included on brain stimulation therapies memory clinics and services and capacity which now includes all mental capacity and decision making Providing extensive coverage and written by experts the field the second edition of the Oxford Textbook of Old Age Psychiatry is an essential resource no old age psychiatrist trainee or anyone working in the field of mental health care for older people should be without a copy on their bookshelf

Understanding Ageing for Nurses and Therapists Wilfred McSherry, Linda Rykkje, Susan Thornton, 2021-06-08 This volume is a practical resource for all those responsible for caring for older people across health and social care It provides a comprehensive and holistic approach helping nurses therapists and social care professionals to better understand the impact of ageing upon the person and wider society A unique feature of this text is the focus upon positive ageing and the attempt to dispel and challenge some of the myths prejudices and negative attitudes that still prevail towards ageing and older people A key objective of the book is to introduce practitioners to some of the neglected or under addressed aspects of ageing such as spirituality sexuality and LGBT Chapters are written in an engaging and interactive style and where appropriate draw upon case studies and scenarios to maximize engagement developing competence by informing knowledge attitudes and skills The text introduces the practitioner to key dimensions of what it is to be a person physically psychologically socially and spiritually and how these contribute to the ageing process and can enhance the quality of life of older people Irrespective of whether one cares for older people in an acute hospital setting or domiciliary home care this text will be of relevance The material and content transcend health and social care boundaries providing valuable contemporary evidence that can inform and shape practice Above all this text will encourage reflection dialogue and engagement with some fundamental aspects of ageing challenging attitudes values and behaviour so that a more positive and balanced insight towards ageing is fostered This book will ensure that self awareness and professional practice are enriched and informed and the practitioner has a holistic understanding of ageing that will enable them to care for older people with compassion dignity and respect

Transgressing Later Life Sexualities in British Sitcoms Franziska Röber, 2025-07-24 Based on close readings of three major sitcoms this book unpacks how sitcoms understand later life sexualities and focusses on how they represent sexually active older adults Focusing on three representative sitcoms Waiting for God The Old Guys and Vicious it demonstrates the ways in which sitcoms specifically enable and restrict representations of later life sexualities Tracing how transgressive portrayals of sexually active older adults are couched in comedic terms it opens up new critical perspectives on later life sexualities that will critically inform public debates and academic research in Britain and beyond

Sexuality & Ageing Walter Bouman, Peggy Kleinplatz, 2017-10-02 Across the globe both in developed and developing countries the population is rapidly ageing In the fields of sexual and relationship therapy and sexual health

ageing has not been an issue of priority Too often ageing is thought of as a process that relates to problems deficits and taboos and less to pleasure change growth and diversity It is treated as a separate life stage and not a process throughout the lifecycle Sexuality and sexual health are important parts of the lives of older people as they have a significant impact on quality of life psychological well being and physical health as well as social and family life This book brings together contributions from those currently writing on and researching ageing as it relates in a therapeutic context to gender identity to sex and sexuality and to intimate relationships This book was originally published as a special issue of Sexual and Relationship Therapy

Healthy Aging Patrick P. Coll,2019-03-29 This book weaves all of these factors together to engage in and promote medical biomedical and psychosocial interventions including lifestyle changes for healthier aging outcomes The text begins with an introduction to age related changes that increase in disease and disability commonly associated with old age Written by experts in healthy aging the text approaches the principles of disease and disability prevention via specific health issues Each chapter highlights the challenge of not just increasing life expectancy but also decreasing disease burden and disability in old age The text then shifts into the whole person implications for clinicians working with older patients including the social and cultural considerations that are necessary for improved outcomes as Baby Boomers age and healthcare systems worldwide adjust Healthy Aging is an important resource for those working with older patients including geriatricians family medicine physicians nurses gerontologists students public health administrators and all other medical professionals

A Man's Guide to Healthy Aging Edward H. Thompson,Edward H. Thompson Jr.,Lenard W. Kaye,2025-10-07 This book offers practical strategies for men to maintain physical mental and social well being throughout aging It covers self care relationships career transitions cognitive health and financial planning Provided by publisher

Ageing and Sexualities Rosie Harding,Elizabeth Peel,2017-05-15 This book showcases developments in theory research and practice regarding sexuality and ageing considering the differences as well as similarities between and among ageing heterosexual and LGBT older people Identifying the questions central to future social scientific research on ageing and sexuality it focuses on the important emerging dimensions of sexuality and ageing embodiment the diversification of the ageing context and the intersections of care and sexuality With attention to the different forms of sexualities particularly at their intersection with gender this volume explores the importance of spatial and relational contexts whether individual residential or virtual with authors offering studies of online dating sexuality in the context of residential care and the relationship between sexuality legal frameworks and social policy Interdisciplinary in scope and offering the latest research from scholars in the UK Australasia and Africa Ageing and Sexualities constitutes an integrated approach to the conceptual and practical challenges of understanding the interplay of ageing and sexuality in contemporary society As such it will appeal to scholars from a variety of disciplinary backgrounds including sociology cultural studies socio legal studies social gerontology psychology medicine and health care

Contemporary Issues in Gerontology Victor Minichiello,Irene Coulson,2012-09-10 Written

by leading international experts this book helps students and practitioners to better understand and cater for the needs of our ageing population. It examines how services can be provided to meet the expectations and needs of a growing population of ageing citizens within a cost effective, social justice and positive ageing framework. It shows how resources allocated to aged care can be distributed equitably to better meet the demands associated with housing, retirement service provision and care. It shows how health promotion principles can contribute to a healthy older population. Investigating current critical debates in health and social science, the book explores innovative new approaches to aged care and ageing. By using international examples and a multidisciplinary approach, this comprehensive textbook provides a broad understanding of ageing from a social perspective and analyzes concepts of ageism, healthy ageing and positive ageing.
