

Sexual Lynching

John D'Emilio, Estelle B. Freedman

Sexual Lynching:

Lynching in the New South W. Fitzhugh Brundage, 2002-08-15 Lynching was a national crime But it obsessed the South W Fitzhugh Brundage s multidisciplinary approach to the complex nature of lynching delves into the such extrajudicial murders in two states Virginia the southern state with the fewest lynchings and Georgia where 460 lynchings made the state a measure of race relations in the Deep South Brundage s analysis addresses three central questions How can we explain variations in lynching over regions and time periods To what extent was lynching a social ritual that affirmed traditional white values and white supremacy And what were the causes of the decline of lynching at the end of the 1920s A groundbreaking study Lynching in the New South is a classic portrait of the tradition of violence that poisoned American life

Imagery of Lynching Dora Apel, 2004 Outside of the classroom and scholarly publications lynching has long been a taboo subject Nice people it is felt do not talk about it and they certainly do not look at images representing the atrocity In Imagery of Lynching Dora Apel contests this adopted stance of ignorance Through a careful and compelling analysis of over one hundred representations of lynching she shows how the visual documentation of such crimes can be a central vehicle for both constructing and challenging racial hierarchies She examines how lynching was often orchestrated explicitly for the camera and how these images circulated on postcards but also how they eventually were appropriated by antilynching forces and artists from the 1930s to the present She further investigates how photographs were used to construct ideologies of whiteness and blackness the role that gender played in these visual representations and how interracial desire became part of the imagery Offering the fullest and most systematic discussion of the depiction of lynching in diverse visual forms this book addresses questions about race class gender and dissent in the shaping of American society Although we may want to avert our gaze Apel holds it with her sophisticated interpretations of traumatic images and the uses to which they have been put

Legacies of Lynching Jonathan Markovitz, 2004 Between 1880 and 1930 thousands of African Americans were lynched in the United States Beyond the horrific violence inflicted on these individuals lynching terrorized whole communities and became a defining characteristic of Southern race relations in the Jim Crow era As spectacle lynching was intended to serve as a symbol of white supremacy Yet Jonathan Markovitz notes the act s symbolic power has endured long after the practice of lynching has largely faded away Legacies of Lynching examines the evolution of lynching as a symbol of racial hatred and a metaphor for race relations in popular culture art literature and political speech Markovitz credits the efforts of the antilynching movement with helping to ensure that lynching would be understood not as a method of punishment for black rapists but as a terrorist practice that provided stark evidence of the brutality of Southern racism and as America s most vivid symbol of racial oppression Cinematic representations of lynching from Birth of a Nation to Do the Right Thing he contends further transform the ways that American audiences remember and understand lynching as have disturbing recent cases in which alleged or actual acts of racial violence reconfigured stereotypes of black criminality

Markovitz further reveals how lynching imagery has been politicized in contemporary society with the example of Clarence Thomas who condemned the Senate's investigation into allegations of sexual harassment during his Supreme Court confirmation hearings as a high tech lynching. Even today as revealed by the 1998 dragging death of James Byrd in Jasper, Texas, and the national soul searching it precipitated, lynching continues to pervade America's collective memory. Markovitz concludes with an analysis of debates about a recent exhibition of photographs of lynchings suggesting again how lynching as metaphor remains always in the background of our national discussions of race and racial relations. Jonathan Markovitz is a lecturer in sociology at the University of California San Diego.

Gender and Lynching Evelyn M. Simien, 2016-04-30

The authors probe the reasons and circumstances surrounding the death and torture of African American female victims relying on such methodological approaches as comparative historical work, content and media analysis, as well as literary criticism.

Building Sexual Misconduct Cases against Powerful Men Nicole Allaire, Shing-Ling S. Chen, Zhuojun Joyce

Chen, 2019-07-01 Building Sexual Misconduct Cases Against Powerful Men presents a fine grained analysis of how the rhetorical and social aspects of rape culture and patriarchy lead to a pattern of sexual misconduct. Contributors discuss the causes of the pattern, the obstacles to overcoming it, and potential solutions through a radical feminist lens. Scholars of media, legal gender, and women's studies will find this volume particularly useful.

Intimate Matters John D'Emilio, Estelle B. Freedman, 1997 The first full length study of the history of sexuality in America, Intimate Matters offers trenchant insights into the sexual behavior of Americans from colonial times to today. D'Emilio and Freedman give us a deeper understanding of how sexuality has dramatically influenced politics and culture throughout our history. The book John D'Emilio co-wrote with Estelle B. Freedman, Intimate Matters, was cited by Supreme Court Justice Anthony Kennedy when writing for a majority of the court on July 26. He and his colleagues struck down a Texas law criminalizing sodomy. The decision was widely hailed as a victory for gay rights and it derived in part according to Kennedy's written comments from the information he gleaned from D'Emilio's book which traces the history of American perspectives on sexual relationships from the nation's founding through the present day. The justice mentioned Intimate Matters specifically in the court's decision. Julia Keller, Chicago Tribune, Fascinating D'Emilio and Freedman marshal their material to chart a gradual but decisive shift in the way Americans have understood sex and its meaning in their lives. Barbara Ehrenreich, New York Times Book Review, With comprehensiveness and care D'Emilio and Freedman have surveyed the sexual patterns for an entire nation across four centuries. Martin Baum, Duberman, Nation, Intimate Matters is comprehensive, meticulous, and intelligent. Jonathan Yardley, Washington Post Book World, This book is remarkable. Intimate Matters is bound to become the definitive survey of American sexual history for years to come. Roy Porter, Journal of the History of the Behavioral Sciences.

Sexual Violence and American Slavery Shannon

Eaves, 2024-04-09 It is impossible to separate histories of sexual violence and the enslavement of Black women in the antebellum South. Rape permeated the lives of all who existed in that system. Black and white male and female adult and child

enslaved and free Shannon C Eaves unflinchingly investigates how both enslaved people and their enslavers experienced the systematic rape and sexual exploitation of bondswomen and came to understand what this culture of sexualized violence meant for themselves and others Eaves mines a wealth of primary sources including autobiographies diaries court records and more to show that rape and other forms of sexual exploitation entangled slaves and slave owners in battles over power to protect oneself and one's community power to avenge hurt and humiliation and power to punish and eliminate future threats By placing sexual violence at the center of the systems of power and culture Eaves shows how the South's rape culture was revealed in enslaved people's and their enslavers interactions with one another and with members of their respective communities

On Lynchings Ida B. Wells-Barnett, 2022-09-30 Though the end of the Civil War brought legal emancipation to African American people it is a fact of history that their social oppression continued long after The most virulent form of this ongoing persecution was the practice of lynching carried out by mob rule often as local law enforcement officials looked the other way During the 1880s and 1890s more than 100 African Americans per year were lynched and in 1892 alone the toll of murdered men and women reached a peak of 161 In that awful year the twenty three year old Ida B Wells the editor of a small newspaper for blacks in Memphis Tennessee raised one lone voice of protest In her paper she charged that white businessmen had instigated three local lynchings against their black competitors In retaliation for her outspoken courage a goon squad of angry whites destroyed her editorial office and print shop and she was forced to flee the South and move to New York City So began a crusade against lynching which became the focus of her long active and very courageous life In New York she began lecturing against the abhorrent vigilante practice and published her first pamphlet on the subject called Southern Horrors After moving to Chicago and marrying lawyer Ferdinand Barnett she continued her campaign publishing A Red Record in 1895 and Mob Rule in New Orleans about the race riots in that city in 1900 All three of these documents are here collected in this work a shocking testament to cruelty and the dark American legacy of racial prejudice Anticipating possible accusations of distortion Wells Barnett was careful to present factually accurate evidence and she deliberately relied on southern white sources as well as statistics gathered by the Chicago Tribune Using the words of white journalists she created a damning indictment of unpunished crimes that was difficult to dispute since southern white men who had witnessed the appalling incidents had written the descriptions Along with her husband she played an active role in the founding of the National Association for the Advancement of Colored People NAACP Due to her efforts the NAACP launched an intensive campaign against lynching after World War I Her work remains important to this day not only as a cry of protest against injustice but also as valuable historical documentation of terrible crimes that must never be forgotten This edition is enhanced by an introduction by Patricia Hill Collins is an American academic specialising in race class and gender She is a Distinguished University Professor of Sociology at the University of Maryland College Park She is also the former head of the Department of African American Studies at the University of Cincinnati and a past President of the American Sociological

Association Black Sexual Politics Patricia Hill Collins, 2004-08-02 In Black Sexual Politics one of America's most influential writers on race and gender explores how images of Black sexuality have been used to maintain the color line and how they threaten to spread a new brand of racism around the world today **Wrongful Conviction in Sexual Assault** Matthew Barry Johnson, 2021 Despite the increasing public and academic interest in exonerations Wrongful Conviction in Sexual Assault is the first book to examine the preponderance of sexual assault cases among US wrongful convictions The book presents compelling coverage of high profile wrongful conviction cases and also lesser known cases that reveal disturbing patterns and demand attention **Sex and Disability** Robert McRuer, Anna Mollow, 2012-01-04 This collection brings together scholars and artists in disability studies sexuality queer theory and feminism to show how much sexuality studies and disability studies have to learn from each other Black Women in America Kim Marie Vaz, 1994-11-02 Nominated for the 1995 Distinguished Publication Award of the Association for Women in Psychology A provocative insightful volume Black Women in America offers an interdisciplinary study of black women's historic activism representation in literature and popular media self constructed images and current psychosocial challenges This new work by outstanding scholars in the field of race and gender studies explores the ways in which black women have constantly reconstructed and transformed alien definitions of black womanhood Black women have an image of themselves that differs from those others impose Collectively the contributors to this anthology demonstrate that such socially constructed images hide the complexities and ambiguities the challenges and the joys experienced in the real lives of black women Multifaceted in its approach Black Women in America is certain to stimulate debate stretch minds and spark future research Black Women in America is a welcome resource for scholars and students in African American or Ethnic Studies Women's Studies Sociology and Psychology The volume can be helpful in stimulating questions and discussion for students in African American studies Choice Black Women in America combines social history with contemporary analysis in one of the most thoughtful of scholarly compendia I have ever seen It will be useful to scholars who teach history sociology African American studies and women's studies but also to any American interested in a deeper and broader understanding of America's past present and future Sarah Susannah Willie Colby College Maine At a time when several anthologies of essays by and about black women are hitting the shelves Kim Marie Vaz's volume boasts an unusual and inventive mix of topics It treats a range of historical eras and geographical locations The apt emphasis on resistance rather than victimization is apparent throughout the essays I read it provides an excellent focal point In all Vaz's editorial contribution is admirable She has collected an impressively wide ranging group of essays on the history sociology and culture of black women Interdisciplinary in its approach and sound in its scholarship the volume will be welcomed by scholars and students in African American studies and women's studies in particular but also history sociology and political science Cheryl Ann Wall Rutgers University **Racism and Sexual Oppression in Anglo-America** Ladelle McWhorter, 2009-03-26 Does the black struggle for civil rights make common cause

with the movement to foster queer community protest anti queer violence or discrimination and demand respect for the rights and sensibilities of queer people Confronting this emotionally charged question Ladelle McWhorter reveals how a carefully structured campaign against abnormality in the late 19th and early 20th centuries encouraged white Americans to purge society of so called biological contaminants people who were poor disabled black or queer Building on a legacy of savage hate crimes such as the killings of Matthew Shepard and James Byrd McWhorter shows that racism sexual oppression and discrimination against the disabled the feeble and the poor are all aspects of the same societal distemper and that when the civil rights of one group are challenged so are the rights of all **Lacan and Race** Sheldon George, Derek

Hook, 2021-07-08 This edited volume draws upon Lacanian psychoanalytic theory to examine the conscious and unconscious forces underlying race as a social formation conceptualizing race racial identity and racism in ways that go beyond traditional modes of psychoanalytic thought Featuring contributions by Lacanian scholars from diverse geographical and disciplinary contexts chapters span a wide breadth of topics including white nationalism and contemporary debates over confederate monuments emergent theories of race rooted in Afropessimism and postcolonialism analyses of racism in apartheid and American slavery clinical reflections on Latinx and other racialized patients and applications of Lacan's concepts of the lamella drive and sexuation to processes of racialization The collection both reorients readers' understandings of race through its deployment of Lacanian theory and redefines the Lacanian subject through its theorizing of subjectivity in relation to race racism and racial identification **Lacan and Race** will be a definitive text for psychoanalytic theorists and contemporary scholars of race appealing to readers across the fields of psychology cultural studies humanities politics and sociology *Lynching Reconsidered* William D. Carrigan, 2014-02-04

The history of lynching and mob violence has become a subject of considerable scholarly and public interest in recent years Popular works by James Allen Philip Dray and Leon Litwack have stimulated new interest in the subject A generation of new scholars sparked by these works and earlier monographs are in the process of both enriching and challenging the traditional narrative of lynching in the United States This volume contains essays by ten scholars at the forefront of the movement to broaden and deepen our understanding of mob violence in the United States These essays range from the Reconstruction to World War Two analyze lynching in multiple regions of the United States and employ a wide range of methodological approaches The authors explore neglected topics such as lynching in the Mid Atlantic lynching in Wisconsin lynching photography mob violence against southern white women black lynch mobs grassroots resistance to racial violence by African Americans nineteenth century white southerners who opposed lynching and the creation of lynching narratives by southern white newspapers This book was first published as a special issue of *American Nineteenth Century History* Consent Pamela Susan Haag, 2018-09-05 Whom over the past two centuries has society construed as sexual victims Where and when did the notion of consent so crucial for law and politics today emerge In this brilliantly insightful work Pamela Susan Haag traces the evolution of public wisdom on some of society's

most private and controversial matters At once an investigation of social history popular culture legal doctrine and political theory her book shows how in contemporary America the history of sexual rights is inextricably intertwined with that of liberalism Haag examines the nineteenth century obsession with the perils of seduction and twentieth century disputes over white slavery arranged marriages interracial relationships and rape The history of heterosexual modernity and identity must she argues be viewed as a crucial component of a much larger historical narrative that of the ways in which individual freedom and citizenship have been continually redefined in American liberal culture She illuminates the development of liberalism from its classic stage that ended after the post Reconstruction era to a modern version that came to fruition with the judicial acceptance of the right to privacy Finally she shows how debates over the meaning of heterosexual consent and violence contributed to this transformation

Lynching in American Literature and Journalism Yoshinobu

Hakutani,2024-04-08 Lynching in American Literature and Journalism consists of twelve essays investigating the history and development of writing about lynching as an American tragedy and the ugliest element of national character According to the Tuskegee Institute 4 743 people were lynched between 1882 and 1968 in the United States including 3 446 African Americans and 1 297 European Americans More than 73 percent of the lynchings in the Civil War period occurred in the Southern states The Lynchings increased dramatically in the aftermath of the Reconstruction after slavery had been abolished and free men gained the right to vote The peak of lynching occurred in 1882 after Southern white Democrats had regained control of the state legislators This book is a collection of historical and critical discussions of lynching in America that reflects the shameful unmoral policies and explores the topic of lynching within American history literature and journalism

The Bloomsbury Reader in Religion, Sexuality, and Gender Donald L. Boisvert,Carly

Daniel-Hughes,2016-11-03 How do religion gender and sexuality interact How have they impacted and continue to impact human culture The Bloomsbury Reader in Religion Sexuality and Gender brings together for the first time the key texts in the field Designed as a textbook for use in a classroom setting it offers thought provoking selections of some of the most compelling and timely readings available today The Reader is divided into three parts bodies desires performances Each considers from a thematic perspective the ways in which people have made sense of their religious and sexual experiences the ways they imagine and talk about gender sex and the sacred and the multiple meanings they ascribe to them Traditions represented include indigenous spiritualities Christianity Judaism Islam Asian traditions and new religious movements Some readings are more theoretical or historical in nature thereby providing wide ranging contexts for reflection and discussion The reader includes extensive introductions to the book as a whole and to each of the three parts as well as short paragraphs contextualizing each of the readings Each section includes discussion questions for classroom use additional readings and resources as well as a glossary of key terms are also provided The Bloomsbury Reader in Religion Sexuality and Gender is an ideal resource for courses on religion and sexuality religion and gender or religion and contemporary culture more generally

The Racist Fantasy Todd McGowan, 2022-10-06 What stands out about racism is its ability to withstand efforts to legislate or educate it away In *The Racist Fantasy* Todd McGowan argues that its persistence is due to a massive unconscious investment in a fundamental racist fantasy As long as this fantasy continues to underlie contemporary society McGowan claims racism will remain with us no matter how strenuously we struggle to eliminate it The racist fantasy a fantasy in which the racial other is a figure who blocks the enjoyment of the racist is a shared social structure No one individual invented it and no one individual is responsible for its perpetuation While no one is guilty for the emergence of the racist fantasy people are nonetheless responsible for keeping it alive and thus responsible for fighting against it *The Racist Fantasy* examines how this fantasy provides the psychic basis for the racism that appears so conspicuously throughout modern history The racist fantasy informs everything from lynching and police shootings to Hollywood blockbusters and musical tastes This fantasy takes root under capitalism as a way of explaining the failures and disappointments that result from the relationship to the commodity The struggle against racism involves dislodging the fantasy structure and to change the capitalist relations that require it This is the project of this book
