**Sexual Mccarthyism** Alan M. Dershowitz, 1998-11-12 Harvard legal scholar Dershowitz presents a timely analysis and chronology of events leading up to what he terms the Clinton Starr constitutional crisis tracing it back to its Whitewater roots The partisan author probes beyond the current headlines to raise questions about whether the President s private life is the public s business the independent counsel s equating of sex and politics and the likely precedent setting legacies of this case No index Annotation copyrighted by Book News Inc Portland OR

**Partisan Sex** Fedwa Malti-Douglas, 2009 Sex politics and the law characterized the Clinton era which began with the emergence of Bill Clinton as a presidential candidate with a train of sex scandals and ended with the attacks of September 11 2001 The Monica Lewinsky affair was the climax of the phenomenon and the resulting scandal had far reaching effects Politics became the language and the means for battles over sex Sex and politics became metaphors for each other as American society struggled to come to terms with its sexual and political anxieties Partisan Sex Bodies Politics and the Law in the Clinton Era explores the high cultural anxieties of the left and the masculinity hang ups of the right the exploitation of romance imagery and hot sauce bottles the obsessions with Hillary Clinton s breakfasts and the rise of a society of voyeurs Amazon com

The Puritan Origins of American Sex Tracy Fessenden, Nicholas F. Radel, Magdalena J. Zaborowska, 2014-03-05 From witch trials to pickaxe murderers from brothels to convents and from slavery to Toni Morrison s Paradise these essays provide fascinating and provocative insights into our sexual and religious conventions and beliefs

The War on Sex David M. Halperin, Trevor Hoppe, 2017-03-09 The past fifty years are conventionally understood to have witnessed an uninterrupted expansion of sexual rights and liberties in the United States This state of the art collection tells a different story while progress has been made in marriage equality reproductive rights access to birth control and other areas government and civil society are waging a war on stigmatized sex by means of law surveillance and social control The contributors document the history and operation of sex offender registries and the criminalization of HIV as well as highly punitive measures against sex work that do more to harm women than to combat human trafficking They reveal that sex crimes are punished more harshly than other crimes while new legal and administrative regulations drastically restrict who is permitted to have sex By examining how the ever intensifying war on sex affects both privileged and marginalized communities the essays collected here show why sexual liberation is indispensable to social justice and human rights Contributors Alexis Agathocleous Elizabeth Bernstein J Wallace Borchert Mary Anne Case Owen Daniel McCarter Scott De Orio David M Halperin Amber Hollibaugh Trevor Hoppe Hans Tao Ming Huang Regina Kunzel Roger N Lancaster Judith Levine Laura Mansnerus Erica R Meiners R Noll Melissa Petro Carol Queen Penelope Saunders Sean Strub Maurice Tomlinson Gregory Tomso

Historical Dictionary of the Lesbian and Gay Liberation Movements JoAnne Myers, 2013-09-19 Not so

long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality

**The A to Z of the Lesbian Liberation Movement** JoAnne Myers, 2009-08-20 The Lesbian Liberation Movement is both a movement that encompasses liberating a sexual practice from stigmatization and a political movement challenging the dual oppression of women by the patriarchy's assumption of male supremacy and heterosexuality Over the years much has been written on homosexuality and the Gay Liberation Movement yet much of the focus has been on male homosexuals especially male homosexual activity and the politics that activity raises The A to Z of the Lesbian Liberation Movement Still the Rage is a comprehensive overview and resource guide for one of the most invisible social political movements the Lesbian Liberation Movement This book helps to make the still active movement visible the history successes setbacks controversies and issues This book is a good resource for those studying this social political movement containing a chronology contextual overview dictionary entries that cover persons laws terminology issues and countries and an extensive bibliography of primary resources and current work

**One Nation Under Sex** Larry Flynt, David Eisenbach, 2024-03-26 Presidential hanky panky is as old as the nation itself But no one can bring it to life quite like Larry Flynt Steven E Levingston Washington Post Ben Franklin saved the American Revolution by seducing French Women A gay love affair between President James Buchanan and Senator William King aided the secession movement Woodrow Wilson's girlfriend dictated his letters to the German Kaiser And lesbian relationships inspired Eleanor Roosevelt to become a crusader for equal rights The colorful sex lives of America's most powerful leaders have influenced social movements government policies elections and even wars yet they are whitewashed by historians In One Nation Under Sex free speech activist and notorious Hustler magazine publisher Larry Flynt teams up with Columbia University history professor David Eisenbach to peek behind the White House bedroom curtains and document how hidden passions have shaped public life They unpack salacious rumors and outright scandals showing how private affairs have driven pivotal decisions often with horrific consequences Along the way they explore the origins of America's fascination with sex scandals

and explain how we can put aside our political moralism and begin focusing on the real problems that threaten our nation. You don't have to agree with all of Larry Flynt's and David Eisenbach's readings of history to enjoy this sex-filled tour through more than 200 years of scandal. David Greenberg, author of *Republic of Spin: An Inside History of the American Presidency*, well-reasoned, well-written, and well-documented. Booklist: Those looking for salacious details will find them, but Flynt and Eisenbach favor analysis over sensationalism, providing a new perspective of the men and women who have shaped our nation. Publishers Weekly: *The Advocate*, 1999-02-02. The Advocate is a lesbian, gay, bisexual, transgender, LGBT monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States. **The Trouble with Normal** Michael Warner, 2000. Michael Warner, one of our most brilliant social critics, argues that gay marriage and other moves toward normalcy are bad not just for the gays but for everyone. In place of sexual status quo, Warner offers a vision of true sexual autonomy that will forever change the way we think about sex, shame, and identity. The ^AOxford Dictionary of American Political Slang Grant Barrett, 2004-09-10. Here is a wonderful Baedeker to down and dirty politics: more than six hundred slang terms straight from the smoke-filled rooms of American political speech. Hatchet Jobs and Hardball: The Oxford Dictionary of American Political Slang illuminates a rich and colorful segment of our language. Readers will find informative entries on slang terms such as Beltway bandit and boondoggle, angry white male and leg treasurer, juice bill and Joe Citizen, banana superpower and the Big Fix. We find not only the meaning and history of familiar terms such as gerrymander but also of lesser-known terms such as cracking, splitting a bloc, of like-minded voters by redistricting, and fair fight district, which refers to areas redistricted to favor no political party. Each entry includes the definition of the word, its historical background, and illuminating citations, some going back more than 200 years. We learn, for instance, that a term as seemingly current as political football actually dates back to before the Civil War. Selected entries will have extended encyclopedic notes. The book also features sidebar essays on topics such as political words in Blogistan, a short history of big cheese, all about chads and the 2000 election, the suffix gate, and all the related Watergate terms and the naming of legislation. Political junkies, policy wonks, journalists, and word lovers will find this book addictive reading as well as a reliable guide to one of the more colorful corners of American English. **Critical Issues in Child Sexual Abuse** Jon R. Conte, 2002. This book is intended to describe what is known and what is not known but needs to be known in several specific areas of childhood abuse. Chapters include sexual offenders, child's memory, adult memory for trauma, and victims in court. The City and Sex, Mary Beth McConahey, 2015-10-08. The City and Sex examines American political sex scandals at the national level. Studying these events over time with an emphasis on the evolving responses of both statesmen and citizens reveals the republic's deteriorating moral health and illuminates the country's dangerous tendency toward servitude. Using scandals as a window through which to glimpse our deterioration, the book identifies a trajectory of decline beginning in the twentieth century by which Americans became less tutored in virtue, less spirited in citizenship, less agreed on questions of moral

significance and ultimately less dexterous in exercising the skills of self government It seeks to show that the freedom from virtue won through the collapse of moral standards has produced an American citizenry increasingly prone to the kind of dependence and enslavement Alexis de Tocqueville cautioned against in the 1830s *Aftermath* Leonard V.
