

The background of the cover is a dark, out-of-focus photograph of city lights at night. Numerous bright, circular light spots in shades of red, orange, yellow, green, and blue are scattered across the frame, creating a bokeh effect. The lights appear to be coming from various distances and directions, giving a sense of depth and urban atmosphere.

## **Sexual Organization Of The City:**

**The Sexual Organization of the City** Edward O. Laumann, Stephen Ellingson, Jenna Mahay, Anthony Paik, Yoosik Youm, 2005-08-01 We think of the city as a place where anything goes Take the sensational fantasies and lurid antics of single women on *Sex in the City* or young men on *Queer as Folk* and you might imagine the city as some kind of sexual playground a place where you can have any kind of sex you want with whomever you like anytime or anywhere you choose But in *The Sexual Organization of the City* Edward Laumann and company argue that this idea is a myth Drawing on extensive surveys and interviews with Chicago adults they show that the city is to the contrary a place where sexual choices and options are constrained From Wicker Park and Boys Town to the South Side and Pilsen they observe that sexual behavior and partnering are significantly limited by such factors as which neighborhood you live in your ethnicity what your sexual preference might be or the circle of friends to which you belong In other words the social and institutional networks that city dwellers occupy potentially limit their sexual options by making different types of sexual activities relationships or meeting places less accessible To explain this idea of sex in the city the editors of this work develop a theory of sexual marketplaces the places where people look for sexual partners They then use this theory to consider a variety of questions about sexuality Why do sexual partnerships rarely cross racial and ethnic lines even in neighborhoods where relatively few same ethnicity partners are available Why do gay men and lesbians have few public meeting spots in some neighborhoods but a wide variety in others Why are African Americans less likely to marry than whites Does having a lot of friends make you less likely to get a sexually transmitted disease And why do public health campaigns promoting safe sex seem to change the behaviors of some but not others Considering vital questions such as these and shedding new light on the city of Chicago this work will profoundly recast our ideas about human sexual behavior

**The Sexual Organization of the City** Edward O. Laumann, Stephen Ellingson, Jenna Mahay, Anthony Paik, 2005-11-21 We think of the city as a place where anything goes Take the sensational fantasies and lurid antics of single women on *Sex in the City* or young men on *Queer as Folk* and you might imagine the city as some kind of sexual playground a place where you can have any kind of sex you want with whomever you like anytime or anywhere you choose But in *The Sexual Organization of the City* Edward Laumann and company argue that this idea is a myth Drawing on extensive surveys and interviews with Chicago adults they show that the city is to the contrary a place where sexual choices and options are constrained From Wicker Park and Boys Town to the South Side and Pilsen they observe that sexual behavior and partnering are significantly limited by such factors as which neighborhood you live in your ethnicity what your sexual preference might be or the circle of friends to which you belong In other words the social and institutional networks that city dwellers occupy potentially limit their sexual options by making different types of sexual activities relationships or meeting places less accessible To explain this idea of sex in the city the editors of this work develop a theory of sexual marketplaces the places where people look for sexual partners They then use this theory to consider a

variety of questions about sexuality Why do sexual partnerships rarely cross racial and ethnic lines even in neighborhoods where relatively few same ethnicity partners are available Why do gay men and lesbians have few public meeting spots in some neighborhoods but a wide variety in others Why are African Americans less likely to marry than whites Does having a lot of friends make you less likely to get a sexually transmitted disease And why do public health campaigns promoting safe sex seem to change the behaviors of some but not others Considering vital questions such as these and shedding new light on the city of Chicago this work will profoundly recast our ideas about human sexual behavior

Sustainable Intercultural Urbanism at the Service of the African City of Tomorrow Esoh Elamé, 2022-06-03 Most African cities are human settlements that lack the systems needed for effective land use planning In fact the disorganization that prevails has become so complex that the concept of urbanism itself has been called into question This book highlights the need to restore urban planning in African cities through sustainable development and interculturality Furthermore it addresses the balance of power between urban planning and sustainable development and explores the historical and postcolonial aspects of urban planning in African cities A case study focusing on the development of sustainable cities and neighborhoods in the M Zab Valley is also included as well as topics such as urban greening climatic threats and the problem of state agro industrial land transactions which compete with sustainable urban planning Sustainable Intercultural Urbanism at the Service of the African City of Tomorrow is a valuable reference for researchers and practitioners interested in urban issues in African cities These cities in particular sub Saharan cities have long been excluded from any discourse on sustainable cities and urban planning this book places the focus on these cities and acknowledges their varied urban realities The intention is to spark a new debate on sustainable urban planning in African cities based on intercultural sustainable urbanism which is key to thinking about and building ecological intercultural compact intelligent and postcolonial cities

Is Marriage for White People? Ralph Richard Banks, 2011-09-01 A distinguished Stanford law professor examines the steep decline in marriage rates among the African American middle class and offers a paradoxical nearly incendiary solution Black women are three times as likely as white women to never marry That sobering statistic reflects a broader reality African Americans are the most unmarried people in our nation and contrary to public perception the racial gap in marriage is not confined to women or the poor Black men particularly the most successful and affluent are less likely to marry than their white counterparts College educated black women are twice as likely as their white peers never to marry Is Marriage for White People is the first book to illuminate the many facets of the African American marriage decline and its implications for American society The book explains the social and economic forces that have undermined marriage for African Americans and that shape everyone s lives It distills the best available research to trace the black marriage decline s far reaching consequences including the disproportionate likelihood of abortion sexually transmitted diseases single parenthood same sex relationships polygamous relationships and celibacy among black women This book centers on the experiences not of men or of the poor but of those black women who have

surged ahead even as black men have fallen behind Theirs is a story that has not been told Empirical evidence documents its social significance but its meaning emerges through stories drawn from the lives of women across the nation Is Marriage for White People frames the stark predicament that millions of black women now face marry down or marry out At the core of the inquiry is a paradox substantiated by evidence and experience alike If more black women married white men then more black men and women would marry each other This book not only sits at the intersection of two large and well established markets race and marriage it responds to yearnings that are widespread and deep in American society The African American marriage decline is a secret in plain view about which people want to know more intertwining as it does two of the most vexing issues in contemporary society The fact that the most prominent family in our nation is now an African American couple only intensifies the interest and the market A book that entertains as it informs Is Marriage for White People will be the definitive guide to one of the most monumental social developments of the past half century *Urban Mental Health* Dinesh Bhugra, Antonio Ventriglio, Joao Castaldelli-Maia, Layla McCay, 2019 Edited by pioneers in social psychiatry and cultural psychiatry this resource discusses the challenges of managing mental health and psychiatric disorders in urban areas *Palgrave Advances in the Modern History of Sexuality* M. Houlbrook, H. Cocks, 2005-10-26 Palgrave Advances in the Modern History of Sexuality offers a comprehensive and accessible overview of historical debate in the history of European and American sexuality since c 1750 Each chapter explores in detail one theme such as race pornography marriage science or religion which historians have seen as essential to writing the history of sexuality The book therefore not only offers a broad introduction to the state of the art but also suggests new directions for research and debate **Finding the Movement** Finn Enke, 2007-11-07 An analysis of the role public spaces parks clubs book stores played in shaping the feminist movement in three Midwestern cities during the 1960s and 1970s *Network Epidemiology* Martina Morris, 2004-03-18 While much progress has been made on the biomedical front in treatments for HIV infection prevention still relies on behaviour change This book documents and explains the remarkable breakthroughs in behavioural research design that have emerged to confront this challenge **Forbidden Fruit** Mark D. Regnerus, 2007-03-01 Americans remain deeply ambivalent about teenage sexuality Many presume that such uneasiness is rooted in religion But how exactly does religion contribute to the formation of teenagers sexual values and actions What difference if any does religion make in adolescents sexual attitudes and behaviors Are abstinence pledges effective What does it mean to be emotionally ready for sex Who expresses regrets about their sexual activity and why Tackling these and other questions Forbidden Fruit tells the definitive story of the sexual values and practices of American teenagers paying particular attention to how participating in organized religion shapes sexual decision making Merging analyses of three national surveys with stories drawn from interviews with over 250 teenagers across America Mark Regnerus reviews how young people learn and what they know about sex from their parents schools peers and other sources He examines what experiences teens profess to have had and

how they make sense of these experiences in light of their own identities as religious moral and responsible persons Religion can and does matter Regnerus finds but religious claims are often swamped by other compelling sexual scripts Particularly interesting is the emergence of what Regnerus calls a new middle class sexual morality which has little to do with a desire for virginity but nevertheless shuns intercourse in order to avoid risks associated with pregnancy and STDs And strikingly evangelical teens aren't less sexually active than their non evangelical counterparts they just tend to feel guiltier about it In fact Regnerus finds that few religious teens have internalized or are even able to articulate the sexual ethic taught by their denominations The only and largely ineffective sexual message most religious teens are getting is Don't do it until you're married Ultimately Regnerus concludes religion may influence adolescent sexual behavior but it rarely motivates sexual decision making *Koester v. City of Novi, 458 MICH 1 (1998)*, 1998 105496

**Corners in the City of God** Jonathan Tran, Myles Werntz, 2013-10-24 David Simon's *The Wire* lays out before us a city in which people struggle under the weight of poverty political corruption economic despair educational collapse and the drug trade This volume explores the various theological ethical and philosophical challenges presented by *The Wire* As each season of *The Wire* unfolds the moral complexities of life in the city deepen as the failures of one system have unforeseen effects in other corners of the city Fleshing out the ongoing tension between the earthly city and the City of God *Corners in the City of God* is a theological companion to David Simon's masterpiece inviting the reader to wrestle with the implications of belonging fully to the cities of the world in all of their splendor and tragedy *Congressional Record* United States. Congress, 2012

**A Century of Violence in a Red City** Lesley Gill, 2016-02-04 Lesley Gill traces the rise and fall of the strong labor unions and working class of Barrancabermeja Colombia showing how the incursion of neoliberalism the drug trade and counterinsurgency military campaigns into civil society that began in the 1980s has destabilized everyday life and decimated the city's powerful social institutions *The City and the Grassroots* Manuel Castells, 1983

**Clout City** Dominic A. Pacyga, 2025-09-09 Unearths the religious and cultural roots of a powerful political machine that empowered some everyday Chicagoans but ruled all of the city for decades In politics clout is essential Too often it determines whether insider access is granted or denied favors are given or withheld and payoffs are made or received But Chicago clout as we know it today is even more potent than that it's the absolute currency of a social cultural and political order that is self reinforcing and self dealing Or at least it was In *Clout City* award winning historian Dominic A Pacyga reveals how cultural ethnic and religious forces created this distinctive system and ultimately led to its collapse Tracing clout's origins in the Irish Catholic dominated working class neighborhood of Bridgeport shaped by De La Salle Institute and home to the legendary Daley family Pacyga shows how communal ties can be a force for good and also the deepest wellspring of corruption He maps Chicago's unique politics to its remarkable history from the Great Fire of 1871 through its rise and decline as an industrial center to its emergence as a global city in the early twenty first century With deep research and firsthand experience from a lifetime in the city Pacyga

argues that Chicago's politics is understood best as a mixture of cultural and religious influences and more worldly pursuits exploring how both Jewish and Catholic communalism played central roles in the creation and sustenance of the Chicago machine Chicago's politics today aren't as defined by its distinctive brand of clout But they are shaped by clout's decline and the ghost of the machine Pacyga's tour of the city's multilayered past is an indispensable guide to its present and future

**Space, the City and Social Theory** Fran Tonkiss, 2005 Taking a thematic approach this book covers the main aspects of modern urban life taught on undergraduate courses The key approaches to the city within contemporary social theory are assessed Tonkiss adopts an international perspective with examples drawn from places such as New York Paris and Sydney

**Bulletin of the Public Library of the City of Boston** Boston Public Library, 1894      **California. Court of Appeal (2nd Appellate District). Records and Briefs** California (State)., Received document entitled APPENDIX OF LOCAL ORDINANCES TO AMICUS BRIEF IN SUPPORT OF APPELLANT      Conceiving Sexuality Richard G. Parker, John H. Gagnon, 2013-11-15 First Published in 1995 After widespread neglect over many years the study of human sexuality has recently come to the forefront of many of the most important debates in contemporary society and culture The continued development of feminist theory the emergence of gay and lesbian studies and the impact of the international AIDS pandemic have combined to focus new attention on the ways in which gender and sexuality are shaped in different social and cultural settings and on the complex interactions between sexuality and health in the late twentieth century Edited by two of the leading figures in contemporary sex research Conceiving Sexuality brings together the contributions of writers from a wide range of social science disciplines and cultural traditions who are working at the cutting edge of contemporary sex research Focusing on key areas of concern such as gender power relations the formation of sexual identities the dynamics of sexual desire and the social construction of sexual risk the essays in Conceiving Sexuality provide an important overview of the most pressing topical and theoretical issues currently shaping debate in international and cross cultural research on sexuality

Planning and LGBTQ Communities Petra L. Doan, 2015-03-24 Although the last decade has seen steady progress towards wider acceptance of lesbian gay bisexual transgendered and queer LGBTQ individuals LGBTQ residential and commercial areas have come under increasing pressure from gentrification and redevelopment initiatives As a result many of these neighborhoods are losing their special character as safe havens for sexual and gender minorities Urban planners and municipal officials have sometimes ignored the transformation of these neighborhoods and at other times been complicit in these changes Planning and LGBTQ Communities brings together experienced planners administrators and researchers in the fields of planning and geography to reflect on the evolution of urban neighborhoods in which LGBTQ populations live work and play The authors examine a variety of LGBTQ residential and commercial areas to highlight policy and planning links to the development of these neighborhoods Each chapter explores a particular urban context and asks how the field of planning has enabled facilitated and or neglected the specialized and diverse needs of the LGBTQ population A central theme

of this book is that urban planners need to think beyond queer space because LGBTQ populations are more diverse and dispersed than the white gay male populations that created many of the most visible gayborhoods. The authors provide practical guidance for cities and citizens seeking to strengthen neighborhoods that have an explicit LGBTQ focus as well as other areas that are LGBTQ friendly. They also encourage broader awareness of the needs of this marginalized population and the need to establish more formal linkages between municipal government and a range of LGBTQ groups. *Planning and LGBTQ Communities* also adds useful material for graduate level courses in planning theory, urban and regional theory, planning for multicultural cities, urban geography, and geographies of gender and sexuality.
