Riggs,2017-12-06 The Psychic Life of Racism in Gay Men s Communities engages in the necessarily complex task of mapping out the operations of racialized desire as it circulates among gay men In exploring such desire the contributors to this collection consider the intersections of privilege and marginalization in the context of gay men s lives and in so doing argue that as much as experiences of discrimination on the basis of sexuality are shared among many gay men experiences of discrimination within gay communities are equally as common Focusing specifically on racialization the contributors offer insight as to how hierarchies inequalities and practices of exclusion serve to bolster the central position accorded to certain groups of gay men at the expense of other groups Considering how racial desire operates within gay communities allows the contributors to connect contemporary struggles for inclusion and recognition with ongoing histories of marginalization and exclusion The Psychic Life of Racism in Gay Men s Communities is an important intervention that disputes the claim that gay communities are primarily organized around acceptance and homogeneity and instead demonstrates the considerable diversity and ongoing tensions that mark gay men s relationships with one another The Palgrave Handbook of Sexual Ethics David Boonin,2022-02-08 The Palgrave Handbook of Sexual Ethics is a comprehensive collection of recent research on the ethics of sexual behavior representing a wide range of perspectives It addresses a number of traditional subjects in the area including questions about pre marital extra marital non heterosexual and non procreative sex and about the nature and significance of sexual consent sexual desire and sexual activity as well as a variety of more recent topics including sexual racism sexual ableism sex robots and the metoo response to sexual harassment Each chapter defends a substantive thesis about the topic it addresses and the handbook as a whole thereby provides a strong foundation for future research in this important and growing field of inquiry Compassionate

contemporary multiracialism from the splintered political initiatives of the multiracial movement to the academic field of multiracial studies to the melodramatic media declarations about the browning of America He contests the rationales of colorblindness and multiracial exceptionalism and the promotion of a repackaged family values platform in order to demonstrate that the true target of multiracialism is the singularity of blackness as a social identity a political organizing principle and an object of desire From this vantage Sexton interrogates the trivialization of sexual violence under chattel slavery and the convoluted relationship between racial and sexual politics in the new multiracial consciousness BOOK
