Sexual Subjects Lesbians Gender And Psychoanalysis:

Sexual Subjects Adria E. Schwartz, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company

Sexual Subjects Adria E. Schwartz, 2013-08-21 *Sexual Subjects* a psychoanalytic book informed by gender theory queer theory and feminism addresses the tensions inherent in writing about lesbians and sexuality in the postmodern age Adria Schwartz masterfully intertwines clinical anecdotes with engaging theoretical questions that examine the construction of important categories of identity woman feminist mother lesbian and homo hetero bisexual Schwartz also addresses specific issues which are problematic but nonetheless meaningful to self identified lesbians such as roles in gender play lesbian bed death and raising non traditional families Written from a psychoanalytic and postmodern perspective this book is a significant contribution to the work done on the conceptualization of lesbian sexuality and identity [Lesbians, Feminism, and Psychoanalysis](#)

Judith Glassgold, Suzanne Iasenza, 2014-01-09 Get a feminist perspective on important changes in psychoanalysis *Lesbians Feminism and Psychoanalysis The Second Wave* examines recent changes in psychoanalysis that have opened the door for new perspectives on same sex desire Authors from a variety of disciplines and theoretical orientations combine feminism with psychoanalytic and postmodern theories to celebrate diversity in gender and sexual experience This collection of lesbian affirmative writings addresses transference and countertransference gender subjectivities privilege and racism therapist homophobia and violence in lesbian relationships In the past decade psychoanalysis has undergone changes in clinical theory that have led to views on human sexuality that are less focused on what is normal and therapy practices that resist attempts to fit individuals into prescribed developmental models *Lesbians Feminism and Psychoanalysis* presents a variety of backgrounds psychiatry psychology and social work analytic training formal institute training study groups supervision and theoretical perspectives self psychology object relations relational psychoanalysis feminist theory queer theory postmodernism Lacanian theory unified by the healing power of psychoanalytically informed theory and practice The book is divided into three sections Community Personal and Political Ongoing Clinical Issues and New Thinking on Sexuality and Gender addressing lesbian tomboy development the queering of relational psychoanalysis how attachment theory and intersubjectivity can contribute to newer gender theory and including interviews with lesbian psychoanalytic foremothers Joanne Spina Lee Crespi and Judy Levitz Dr Darla Bjork s account of her journey to becoming an openly lesbian therapist contrasting views on transference and countertransference from gay and lesbian therapists and much more *Lesbians Feminism and Psychoanalysis The Second Wave* is an essential practical resource for clinicians and a vital classroom tool for academics working in psychology social work psychoanalysis gender and women s studies queer studies and lesbian and gay studies

Sexuality and Gender Now Leezah Hertzmann, Juliet Newbigin, 2019-08-08 *Sexuality and Gender Now* uses a psychoanalytic approach to arrive at a more informed view of the experience and relationships of those whose sexuality and gender may not align with the heterosexual norm This book

confronts the heteronormative bias dominant in psychoanalysis using a combination of theoretical and clinical material offering an important training tool as well as being relevant for practicing clinicians The contributors address the shift clinicians must make not only to support their patients in a more informed and non prejudicial way but also to recognise their own need for support in developing their clinical thinking They challenge assumptions deconstruct theoretical ideas extend psychoanalytic concepts and importantly show how clinicians can attend to their pre conscious assumptions They also explore the issue of erotic transference and countertransference which if unaddressed can limit the possibilities for supporting patients more fully to explore their sexuality and gender Theories of psychosexuality have tended to become split off from the main field of psychoanalytic thought and practice or read from an assumed moral high ground of heteronormativity The book specifically addresses this bias and introduces new ways of using psychoanalytic ideas The contributors advocate a wider and more flexible attitude to sexuality in general which can illuminate an understanding of all sexualities including heterosexuality Sexuality and Gender Now will be essential reading for professionals and students of psychoanalysis who want to broaden their understanding of sexuality and gender in their clinical practice beyond heteronormative assumptions

Gay and Lesbian Parenting Jack Drescher, Deborah Glazer, 2001-08-29 Find sources of support for raising a nontraditional family in a straight world The experience of parenting is commonly overlooked in psychological theory and lesbians and gay men are not typically considered as parents or parents to be Gay and Lesbian Parenting examines the psychological issues related to developing family and becoming parents for gay men and lesbians Instead of pathologizing gay and lesbian families it explores the emotional growth and development issues inherent in child rearing Traditionally coming out as gay or lesbian meant abandoning any hope of becoming a parent or keeping your children if you already had them But with the gayby boom in full swing more and more gay and lesbian couples are having new babies adopting children and continuing to raise the offspring of previous heterosexual relationships Although gay and lesbian parents still face unique challenges in building and rearing a family as well as the usual problems heterosexual couples encounter Gay and Lesbian Parenting unflinchingly examines these concerns and offers positive suggestions and ideas for dealing with the difficulties This life affirming book takes a look at the practical and emotional realities of raising children in nontraditional family structures including issues of kinship shared motherhood and possessiveness in lesbian couples legal issues entailed by the lack of marriage and legal kinship parenthood as a powerful force for personal growth and development fatherhood as a process of creating connectedness in the family community and place of worship original empirical research on the mental health of lesbians children the history of the gay and lesbian movement as it relates to child rearing Gay and Lesbian Parenting affirms the power of gay and lesbian couples to raise healthy happy children and to change and grow through their experience of parenting This book is also essential for mental health professionals from psychiatric nurses to psychiatrists who are working with the gay and lesbian community

A Desire for Women Suzanne

Juhasz,2003 Annotation An exploration of women s desire for women

Lesbian Identity and Contemporary

Psychotherapy Eda Goldstein,Lois Horowitz,2013-05-13 Recent contributions to the psychoanalytic and psychotherapeutic literature have moved beyond traditional views of lesbianism but they have tended to address lesbian identity from one theoretical vantage point or another Rarely have new ideas been linked to the process issues that arise in actual clinical situations Lesbian Identity and Contemporary Psychotherapy undertakes this very task and in so doing documents the therapeutic gains that result from validating lesbian sexual identity and life experience Drawing on contemporary relational thinking and new perspectives on gender and sexuality Goldstein and Horowitz describe and illustrate an affirmative approach to clinical work with lesbians at various stages of the life cycle Adolescent young adult and family issues are all brought within their compass Making ample use of case vignettes they demonstrate the ways in which therapists can elicit their patients personal narratives of self acceptance as lesbians and coming out experiences work with the transference and countertransference dynamics subsequent to such disclosures and finally explore the collaborative process through which therapist and patient seek to understand their therapeutic interaction A range of life circumstances are brought within the authors refreshingly hands on clinical approach Special consideration is given to issues arising when lesbians date and initiate romantic relationships and to the relationship problems that develop in ongoing partnerships during the middle and later years The book concludes by discussing the issues faced by lesbian therapists in treating lesbian patients and in interacting with heterosexual colleagues An exemplary overview of newer views of lesbian identity and of the challenges of lesbian life Lesbian Identity and Contemporary Psychotherapy is equally valuable as an up to date relationally informed guide to clinical work with lesbian patients

Fixing Gender Natasha Distiller,2011-04-01 Fixing Gender uses psychoanalysis to explore the theoretical implications for the gendering of the human subject that arise from the situation of lesbians raising children from birth In the face of the powerful evidence of the ways gender operates and in the deep structural ways the logic of gender perpetuates both made visible by psychoanalysis this book asks Is gender always fixed Can the system which is produced by and which produces gender be altered Can gender be fixed The work begins by sketching the implications of gender as elucidated by feminist thinkers in general and feminist psychoanalytic thinkers in particular Moving to Freud s theory of the subject the work examines the logic of the Oedipus complex and from there it looks at what feminist object relations theorists have done with and to the logic of the Oedipus complex The book then moves to the literature on lesbian family functioning and finally the work ends with a radical interrogation into the possibilities enabled by paying attention to form and highlighting its constitutive possibilities

LGBT Psychology and Mental Health Richard Ruth Ph.D.,Erik Santacruz Ed.D.,2017-10-27 This cutting edge guide spotlights some of the most exciting emerging discoveries trends and research areas in LGBT psychology both in science and therapy LGBT Psychology and Mental Health Emerging Research and Advances brings together concise substantive reviews of what is new or on the horizon in science and in key areas of clinical

practice It will equip professionals at institutions with mental health programs that deal with lesbian gay bisexual and transgender issues with information and insight to help psychologists mental health clinicians and counselors better serve the LGBT populations that increasingly are seeking their services The book begins with introductory chapters that present an overview of the field chronicle the relationship between the LGBT community and the field of psychology in past decades and identify emerging issues covered in the volume It then addresses subjects such as social psychology and LGBT populations health disparities and LGBT populations the evolution of developmental theory related to the LBGT populations emerging policy issues in LGBT health and psychology and recent efforts to make the field of psychology more trans inclusive and affirmative Chapters are also dedicated to examining contemporary LGBT affirmative psychoanalysis and treating addictions and substance abuse in the LGBT community The book concludes with chapters that address how the concept of intersectionality can serve as a way to better understand LGBT members who possess multiple cultural identities and the unique stressors they experience in daily life The final chapter summarizes issues that bridge the contributions provided by the authors and it highlights current issues of focal concern in order to project future directions for the field of LGBT psychology in the next two decades

Relationship Therapy with Same-Sex Couples Jerry Bigner, Joseph L. Wetchler, 2014-01-14 Use new knowledge of the LGBT culture to ably counsel same sex couples Relationship Therapy with Same Sex Couples provides psychologists therapists social workers and counselors with an overview of the array of treatment issues they may face when working with couples from the LGBT community This book highlights the experiences of therapists who have encountered concerns particular to LGBT clients especially those in intimate relationships This intriguing resource covers clinical issues sex therapy special situations and training issues for helping therapists successfully counsel same sex couples Relationship Therapy with Same Sex Couples explores the therapist s role in working through universal issues in couples therapy such as communication problems infidelity and decision making with a focus on how therapy should differ for same sex couples This important guide also identifies which problems are unique to couples as an aspect of their sexual orientation including gender role socialization and societal oppression With this book you will be able provide appropriate therapy without over or under attributing a couple s problems to their LGBT status This book shows how experienced therapists have developed methods for working with gay and lesbian parents heterosexual spouses and ex spouses couples in HIV serodiscordant relationships lesbian bed death couple and family dynamics supporting transgender and sexual reassignment issues and more Relationship Therapy with Same Sex Couples contains several features for you to utilize in your own practice including the Sexual Orientation Matrix for Supervision SOMS to assist supervisors and trainers in preparing supervisees to work with lesbian gay and bisexual clients The book also offers guidelines for heterosexual therapists who plan to work with same sex couples and how to overcome any residual homophobia or heterosexual guilt Lastly this essential sourcebook reviews several articles book chapters books and Web sites that are relevant to same sex

couples and the therapists who work with them

The End of Gender Shari L. Thurer, 2013-01-11 Gender isn't what it used to be. Categories are collapsing. What was deviant for baby boomers has become mainstream for their offspring like the coed who realizes she's bisexual but after a period of adjustment shrugs her shoulders and gets on with her otherwise mundane life. Gender as we once understood it is over and gender bending is the new beat. Men sport ponytails and earrings and teach nursery school. Women flaunt tattoos and biceps and smoke cigars. In *The End of Gender* Shari L. Thurer argues that we are in the midst of a new sexual revolution. It is one where gender categories are blurring not just at the fringes of society but in mainstream lifestyle, media, fashion, and art. So why is this cultural phenomenon happening now? And what does it mean? In lively, non-technical language and with sometimes surprising case studies from her 25 years as a psychologist, Thurer answers these questions, bridging complex postmodern theory with cutting-edge psychoanalysis.

The Course of Gay and Lesbian Lives Bertram J. Cohler, Robert M. Galatzer-Levy, 2000-08 The authors argue that there is little support for assuming that homosexuality has a biological basis. Recognizing the many pathways that lead to same-gender sexual orientation, the authors conclude that the cause is much less important than understanding the meaning of being homosexual.

Bisexuality and Queer Theory Jonathan Alexander, Serena Anderlini-D'Onofrio, 2014-04-10 According to David Halperin, sexuality in our time is typified by a crisis in contemporary sexual definition. What is sexuality? What does it mean to have a sexual identity or orientation? What is the relationship between sexuality as a knowledge construct on one hand and the often messy flows of desire and practices of love on the other? How and why are some sexual, erotic, and intimate practices normalized and others marginalized? Queer Theory has emerged in the West as one of the most provocative analytical tools in the humanities and social sciences. It scrutinizes identity and social structures that take heteronormativity for granted that do not question the social construction of heterosexuality as normative in relation to its oppositional binary, homosexuality. At the same time, bisexuality is a practice, identity, and orientation that challenges the binary logic around which cultural notions of sexuality are organized. It is a portal to the imagination of a world of amorous expression beyond that divide. This provocative collection presents bisexuality and queer theory as two parallel thought collectives that have made significant contributions to cultural discourses about sexual and amorous practices since the onset of the AIDS era and explores the ideas that circulate in these thought collectives today. We learn much about the construction and experience of sexuality and the power it still holds throughout the contemporary Western world to shape identities and practices. This volume challenges our understanding of what it means to be sexual, to have a sexual identity, and to practise the arts of loving. This book was originally published as a special issue of the *Journal of Bisexuality*.

Psychoanalytic Therapy and the Gay Man Jack Drescher, 2014-05-22 Do the conventional insights of depth psychology have anything to offer the gay patient? Can contemporary psychoanalytic theory be used to make sense of gay identities in ways that are helpful rather than hurtful, respectful rather than retraumatizing? In *Psychoanalytic Therapy and the Gay Man*, Jack Drescher addresses these very questions as he outlines a therapeutic

approach to issues of sexual identity that is informed by traditional therapeutic goals such as psychological integration and more authentic living while still respecting even honoring variations in sexual orientation Drescher's exploration of the subjectivities of gay men in psychoanalytic psychotherapy is more than a long overdue corrective to the inadequate and often pathologizing tomes of traditional psychoanalytic writers It is a vitally human testament to the richly varied inner experiences of gay men Drescher does not assume that sexual orientation is the entire or even major focus of intensive psychotherapy But he does argue passionately and convincingly that issues of sexual identity which encompass a spectrum of possibilities for any gay man must be addressed in an atmosphere of honest encounter that allows not only for exploration of conflict and dissociation but also for restitutive confirmation of the patient's right to be himself Through its abundance of first person testimony from both clinical and literary sources Psychoanalytic Therapy and the Gay Man provides the reader with an unforgettable grasp of what it is like to discover that one is gay in our society and then to find the courage and humanity to live with that knowledge Any mental health professional regardless of his or her sexual orientation who wishes to deal therapeutically with gay men will find Drescher's work indispensable But it will also be compelling reading for anyone seeking psychological insight into gay men's lives and concerns Lesbian Love and Relationships Suzanna

Rose, 2013-09-13 Explore the broad range of healthy lesbian attitudes and behaviors in love friendship self image and society This pioneering book makes a revolutionary assumption that lesbian and bisexual women are normal if not average Instead of focusing on which family or genetic quirks might produce lesbians these studies turn attention to describing the healthy ways lesbians interact with each other with heterosexual women and with society The result is a significant exploration of uncharted territory Lesbian Love and Relationships examines the lives of lesbian and bisexual women from adolescence to old age addressing issues of class and race as well as sexual orientation It encompasses theory empirical research and memoir on such diverse topics as physical appearance cross generational friendships butch femme issues and lesbian sexuality It also looks at such difficult and painful issues as lesbian domestic violence and the impact of homophobia on lesbian couples Lesbian Love and Relationships asks personal political and psychological questions including how do young lesbians find each other what makes successful lesbian relationships last how does social class affect African American lesbian relationships what was it like growing up lesbian in the South during World War II does lesbian bed death exist This compendium offers exciting original research in a neglected field Lesbian Love and Relationships is an essential resource for anyone interested in women's lives and sexuality as well as scholars in the field **Handbook of Affirmative**

Psychotherapy with Lesbians and Gay Men Kathleen Ritter, Anthony I. Terndrup, 2002-01-16 Grounded in current research this comprehensive volume lays the foundations for effective affirmative therapeutic practice with lesbian gay and bisexual clients Addressed are family of origin issues couple problems including sex therapy with same sex partners vocational and workplace issues and more The extensive appendix lists a broad array of publications advocacy groups and

Web based resources for both professionals and consumers 12 01

Counseling and Gender Marie L. Miville, Tatiana

Vera, Nic Bensmiller, 2024-09-26 This book introduces mental health professionals and students to gender issues involved in professional practice research and teaching The book emphasizes an intersectional and inclusive framework as an effective way to better understand gender addressing the available evidence for defining and measuring gender and gender related psychological processes as well as discussing the social political implications of gender for individuals families and the larger society The authors describe racial cultural and ethnic underpinnings that are key to understanding the definition and impact of gender in the daily lives of individuals families and communities as well as the larger society Among the topics discussed Cultural and historical bases of gender especially gender roles and the gender binary Experiences of privilege and oppression Prejudice and discrimination based on gender Intersections of gender and social group experiences based on race ethnicity socioeconomic status SES and sexual orientation Common clinical concerns including relationships families education and career Affirmative and liberatory therapies

Uncoupling Convention Ann D'Ercole, Jack Drescher, 2013-06-17 What does it mean to be member of a gay lesbian couple or family The contributors to *Uncoupling Convention* Psychoanalytic Approaches to Same Sex Couples and Families address this question by drawing on two cultural movements of the twentieth century psychoanalysis and the gay lesbian civil rights movement Taken together these traditions provide a framework for understanding and providing psychotherapeutic assistance to gay and lesbian patients who present with troubled relationships The contributors to this volume espouse a clinical focus that supplants the heterosexual perspectives of traditional psychoanalysis with new narratives about family life Drawing on cultural feminist gay lesbian and queer studies they illustrate how concepts of gender and sexuality are routinely informed by unproven heterosexist assumptions both conscious and unconscious By examining the changing developmental needs and family dynamics of gay and lesbian families the contributors broaden our very understanding of what a family is They illustrate how contrasting cultural constructions of homosexuality and family life play out in same sex couples They delineate the multiple realities of gender subjectivity both in children and in their gay parents They ponder how technology is shaping reproductive experiences as lesbians become part of the biomedical system And they explore recurrent themes of feeling different and ashamed including the shameful secrecy surrounding same sex couples financial matters In *uncoupling conventions* the contributors are effectively coupling post Freudian psychoanalysis with the insights of queer theory and the critical edge of contemporary cultural studies The result is a framework for addressing the relational and family related challenges of gay and lesbian patients that ranges far beyond traditional approaches and will benefit analytic couples and family therapists alike

[From Psychoanalytic Bisexuality to Bisexual Psychoanalysis](#) Esther Rapoport, 2019-05-09 This is the first book to assess bisexuality through a range of psychoanalytic and critical perspectives highlighting both the issues faced by bisexual people in contemporary society and the challenges that can be presented by bisexual clients within a clinical setting Examining bisexuality through the lenses of

Lacanian Winnicottian and Relational psychoanalytic theories the book outlines the ways in which the concept is at once both dated and yet still tremendously important It includes case studies to explore the issue of widespread countertransference responses in the clinical setting in addition to using both bisexual theory and empirical research on biphobia to comment on the social pressures facing bisexual men and women and the resultant psychological effects Bisexual identities and practices have become increasingly visible in recent years and this important book addresses the lack of critical reckoning with the topic within the psychoanalytic community It will be of great interest to practicing psychoanalysts and psychotherapists as well as to researchers across the fields of psychoanalysis and gender and sexuality studies **What Do Mothers Want?**

Sheila F. Brown, 2013-05-13 What do mothers want and need from their parenting partners their extended families their friends colleagues and communities And what can mental health professionals do to help them meet their daunting responsibilities in the contemporary world The talented contributors to What Do Mothers Want address these questions from perspectives that encompass differences in marital status parental status gender and sexual orientation Traversing the biological psychological cultural and economic dimensions of mothering they provide a compelling brief on the perplexing choices confronting mothers in the contemporary world Of course mothers most basically want their children to be safe and healthy But to this end they want and need many things caring partners intergenerational and community support a responsive workplace public services and opportunities to share their experiences with other mothers And they want their feelings and actions as mothers to be understood and accepted by those around them and by society at large The role of psychotherapy in reaching these latter goals is taken up by many of the contributors They reflect on the special psychological challenges of pregnancy birth and the arrival of a newborn into a couple s whether hetero or homosexual life and they address new venues of therapeutic assistance such as brief low cost therapy for at risk mothers and infants and group interventions to help couples grow into the new role of parental couples

writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Sexual Subjects Lesbians Gender And Psychoanalysis eBooks, including some popular titles.

FAQs About Sexual Subjects Lesbians Gender And Psychoanalysis Books

What is a Sexual Subjects Lesbians Gender And Psychoanalysis PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Sexual Subjects Lesbians Gender And Psychoanalysis PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Sexual Subjects Lesbians Gender And Psychoanalysis PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Sexual Subjects Lesbians Gender And Psychoanalysis PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Sexual Subjects Lesbians Gender And Psychoanalysis PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
