The Analemma Waltz Paul Vincent, 2020-11-18 When author Paul Vincent moved into his new home in Bristol Rhode Island he was struck by how generously its interior gathered sunlight and decided to keep a record of the annual solar itinerary across its walls floors and furniture The result is The Analemma Waltz a celebration of the sun s slow motion dance through his house facilitated in part by its surfeit of windows but much more so by the analemma the narrow figure eight pattern the sun describes in the sky in the course of a year in the Earth s orbital journey Vincent s habit of noting and minuting the changing positions of sunlight day by day and week by week was the catalyst for meditations on matters of universal concern as suggested by the times and

the seasons of the year and approached not from the perspective of a scholar or academic but from that of an interested layperson Such matters addressed in the monthly chapters include the study of history the virtue of tolerance the conflict between science and religion and the morality of war Despite the varied nature of the essay topics in *The Analemma* Waltz certain themes appear and reappear throughout the book namely the author's convictions that existential particularity is the occasion of both joy and sadness that the world's people though the beneficiaries of seemingly endless breakthroughs in technology are and will remain metaphysically vulnerable and that appreciation prompting gratitude is the highest vocation of the human person

Erotikon Shadi Bartsch, Thomas Bartscherer, 2006-11-15 *Erotikon* brings together leading contemporary intellectuals from a variety of fields for an expansive debate on the full meaning of eros Restricted neither by historical period nor by genre these contributions explore manifestations of eros throughout Western culture

The Things That Really Matter Michael Hauskeller, 2022-05-10 While being rooted in the academic discourse *The Things That Really Matter* comprehensively explores the most fundamental aspects of human life in an accessible non technical language adding fresh perspectives and new arguments and considerations that are designed to stimulate further debate and in some cases a deliberate redirection of research interests in the respective areas It features a series of conversations about the things in our life that we all in one way or another wrestle with if we are at all concerned about what kind of world we live in and what our role in it is things like birth age and death good and evil the meaning of life the nature of the self and the role the body plays for our identity our gendered existence love and faith free will beauty and our experience of the sacred Situating abstract ideas in concrete experience *The Things That Really Matter* encourages the reader to participate in an open ended dialogue involving a variety of thinkers with different backgrounds and orientations Lively and accessible it shows thinking as an open ended process and a collaborative endeavour that benefits from talking to each other rather than against each other featuring real conversations where ideas are explored tested changed and occasionally dropped It is thinking in motion personal yet universal

Pornography, Sex, and Feminism Alan Soble, 2011-02 In this unabashed defense of pornography from a utilitarian hedonist perspective philosopher Alan Soble strongly rebuts both feminist and conservative critics Soble demonstrates that neither conservative nor feminist critics of pornography show much acquaintance with the genre they criticize This suggests that purely political motives underlie their critiques instead of reasoned objective arguments based on thorough empirical research Soble also faults critics of pornography for their failure of empathy they refuse to see pornographic images from the various perspectives of their viewers In approaching these images literally detractors promulgate the worst possible interpretation of pornography Further they do not do justice to the social and psychological research about pornography and its purported harms Conservatives and feminists manufacture their case against pornography and its consumers based on oversimplified interpretations of the images and a poor understanding of scientific studies This sardonic and well reasoned critique of feminist and conservative moral outrage over pornography is sure to be

controversial The Oxford Handbook of the Philosophy of Love Christopher Grau, Aaron Smuts, 2024 The Oxford Handbook of the Philosophy of Love offers a wide array of original essays from leading philosophers on the nature and value of love

The Philosophy of Sex Alan Soble, 2002 Leading philosophers discuss a range of issues relating to sex in this revised and expanded version of Alan Soble's popular anthology of essays New material includes date rape and sexual harassment

A Social Theory of Freedom Mariam Thalos, 2016-03-17 In *A Social Theory of Freedom* Mariam Thalos argues that the theory of human freedom should be a broadly social and political theory rather than a theory that places itself in opposition to the issue of determinism Thalos rejects the premise that a theory of freedom is fundamentally a theory of the metaphysics of constraint and instead lays out a political conception of freedom that is closely aligned with questions of social identity self development in contexts of intimate relationships and social solidarity Thalos argues that whether a person is free in any context depends upon a certain relationship of fit between that agent's conception of themselves both present and future on the one hand and the facts of their circumstances on the other Since relationships of fit are broadly logical freedom is a logic it is the logic of fit between one's aspirations and one's circumstances what Thalos calls the logic of agency The logic of agency once fleshed out becomes a broadly social and political theory that encompasses one's self conceptions as well as how these self conceptions are generated together with how they fit with the circumstances of one's life The theory of freedom proposed in this volume is fundamentally a political one Love, Friendship, and the Self Bennett W. Helm, 2010-01-07

Bennett Helm presents a reexamination of our common understanding of ourselves as persons in light of the phenomena of love and friendship He argues that the individualism that is implicit in that understanding cannot be sustained if we are to understand the kind of distinctively personal intimacy that love and friendship essentially involve *Paid Sexual Encounters among Men* Timothy F. Murphy, 2025-08-14 This book analyzes the ethics of men buying and selling sex to one another It gathers in one place key ethical and legal issues that bear on the justification for the criminalization of male prostitution At present prostitution the solicitation or offer of paid sexual encounters is criminalized in virtually the entire United States Male prostitution is poorly studied across academic disciplines and this book represents the first sustained ethical analysis of the topic First it shows that paid sexual encounters among men belong on a spectrum of transactional sexual relationships and that many of their features are not distinctive in a way that justifies condemnation It shows as well that the sexuality involved men having sex with men does not involve relationships that are immoral in a way that might justify criminalization The book also demonstrates that men buying and selling sexual encounters can consent in morally meaningful ways without reinforcing status inequality Finally the book reviews key constitutional law cases to show that a certain interpretation of the relationship between the law and morality justifies decriminalization of male prostitution *Paid Sexual Encounters among Men* will appeal to scholars and graduate students working in applied ethics the philosophy of sex and gender sociology and law

Sex, Love, and Friendship Adrienne Leigh McEvoy, 2011-08 The joke is that all the prostitutes go on vacation when the

philosophers come to town The reason that the other conventioners do it philosophers just talk about it And talk about sex and love and friendship is what the contributors to this volume do They talk and argue split hairs and clarify all trying to advance our understanding of this most interesting practice of the human species Some of the best minds on three continents from four nations and eighteen of the United States discuss such topics as adultery commitment cross dressing gender politics date rape family friendship friends as lovers gayness love marital pluralism marriage prostitution religiously motivated anti queer sentiments same sex marriage seduction and self respect Rather than preach participants probe our attitudes and practices involving these issues with the aim of better understanding the broad range of sexual practices of our species The result is a collection of stimulating essays that can enliven class discussions as well as provide guidance for the sexually perplexed The work is accessible to readers from high school through college and beyond
