Richard Parker, Peter Aggleton

Sexualities Society:

Sex and Society Marshall Cavendish Corporation, 2010-09 Moving beyond a partial view of only biology and psychology this work also examines the wide sociological dimensions of sex *Culture, Society and Sexuality* Richard Guy Parker, Peter Aggleton, 1999 This work offers an introduction to the central debates in sexuality research Among the issues examined are the social and cultural dimensions of sex human sexuality and sex research *Culture, Society and Sexuality* Richard Parker, Peter Aggleton, 2007-01-24 Clearly structured and presented this new and revised edition brings together a broad and international selection of readings to provide insights into the social cultural political and economic dimensions of sexuality and relationships [The Origins and Role of Same-Sex Relations in Human Societies](#) James Neill, 2011-10-17 This groundbreaking work draws on a vast range of research into human sexuality to demonstrate that homosexuality is not a phenomenon limited to a small minority of society but is an aspect of a complex sexual harmony that the human race inherited from its animal ancestors Through a survey of the patterns of sexual expression found among animals and among societies around the world and an examination of the functional role homosexual behavior has played among animal species and human societies alike the author arrives at some provocative conclusions that a homosexual or bisexual phase is a normal part of sexual development that same sex relations play an important balancing role in regulating human reproduction that many societies have institutionalized homosexual traditions in the past and that the harsh condemnation of homosexuality in Western society is a relatively recent phenomenon unique among world societies throughout history This well researched and meticulously documented book is the first that integrates into a coherent picture the startling revelations about human sexuality coming from the recent work of sexual researchers psychologists anthropologists and historians The view that emerges of an ambisexual human species whose complex sexual harmony is being thwarted by the imposition of an artificial understanding of nature represents a new way of thinking about sex **Sex in Relation to Society** Havelock Ellis, 1910 *Gender and Sexuality in Ghanaian Societies* Martha Donkor, Amoaba Gooden, 2022-09-01 Gender and Sexuality in Ghanaian Societies explores cultural dynamics embedded in the interstices of agency vulnerability and power within patriarchal structures that seek to regulate the sexual lives of women in Ghana Emphasizing the centrality of gender as a motive force for sexual expression the book stresses that contemporary Ghanaian women s sexual expressions are caught at the intersection of traditional gender expectations of heteronormativity and women s perceptions of how heteronormativity should operate in their lives The book s emphasis on women s agency is significant because it highlights a flaw in earlier Western accounts of African women s lives under Africa s special brand of patriarchy that held women in total subjection to men Gender and Sexuality debunks that trope and presents Ghanaian women s dynamism resilience and vulnerabilities embedded in the diverse cultures in which they live *Society* Ian Robertson, 1989 This concise elegantly written paperback volume on the essential elements of sociology is perfect as the sole textbook for a brief introductory

course or as a core text to be supplemented with other readings **Women and Islam: Social conditions, obstacles and prospects** Haideh Moghissi, 2005 Offering writings in Middle East studies by renowned scholars and by the new generation of scholars of Islam and gender this collection includes a wide variety of cases from Middle Eastern and Islamic societies By including case based articles the collection highlights the clear links between concepts and theories and actual practices
