*Ugly Differences* Yetta Howard, 2018-07-02 What would it mean to turn to ugliness rather than turn away from it Indeed the idea of ugly often becomes synonymous with non white non male and non heterosexual physicality and experience That same pejorative migrates to become a label for practices within underground culture In *Ugly Differences* Yetta Howard uses underground contexts to theorize queer difference by locating ugliness at the intersection of the physical experiential and textual From that nexus Howard contends that ugliness as a mode of pejorative identification is fundamental to the cultural formations of queer female sexuality Slava

Tsukerman's postpunk film *Liquid Sky* Sapphire's poetry Roberta Gregory's Bitchy Butch comic New Queer Cinema such as *High Art* these and other non canonical works contribute to an audacious critique Howard reveals how the things we see read as or experience as ugly productively account for non dominant sexual identities and creative practices *Ugly Differences* offers eye opening ways to approach queerness and its myriad underground representations [The Image in the Mirror](#)

Eles T. Mann, 2005-05-27 You are inevitably the sum of the past of those distant voices and events that still resonate in your behavior and beliefs today If you do not understand how this came about you cannot fully understand yourself or the traditions to which you were born Journey back to the time of the Ancient Matriarchial Order and discover how its rituals inspired patriarchy authoritarianism and the era of the supernatural hero Learn how sexuality and the grisly rite of human sacrifice are at the core of Western religions and how barbarians were responsible for the major advances of Western civilization Find out what qualities females must have to succeed as women and why our feminist ethos is based on popular misconceptions how gender stereotyping creates greater injustices to males why selfishness is vital to the development of conscience why morality must be subjective and more [Sex, God, and the Brain](#) Andrew Newberg, 2024-08-06 For the modern world it seems as if sexuality and spirituality have always been at odds But what if the two are actually deeply connected And what if science could prove this connection From neuroscientist Andrew Newberg *Sex God and the Brain* argues that our religious and spiritual experiences derive directly from our sexual being While others have speculated on a connection between religion and sex Newberg is the first to demonstrate with groundbreaking brain scan research gained through Orgasmic Meditation studies that the underlying biological mechanism of religious spiritual and sexual experiences are identical With research technical enough for academics but explained simply enough for the everyday reader *Sex God and the Brain* will reframe our understanding of the link between spirituality and sexuality **Sexuality and Addiction**
